LOTTERIES.

THE well-known Maryland Consolidated Lotteries, of which R. FRANCE, & Co. are the managers, are chartered by the state of Maryland, and a commissioner elected by the people, who is sworn to superintend and certify that everything connected with them is done in a strictly honorable manner, and that the interists of parties who reside at a distance are as well protected as if they themselves were pissent at the drawing.—Another fact which the managers call attention to, is, that all persons have a legal right to send orders for tackets to Maryland, as lotteries are legalized by special law in that state. A lottery is drawn every day of the mouth. If no particular class is named, orders are filled in the first drawing to take place after the communication comes to ders are filled in the first drawing to take place after the communication comes to hand. The prices of tickets vary from \$1 to \$20. No tickets are, however, sent unless the money for the same is received with the order. The drawings are upon the principle of one number on each ticket (after the Havana plan,) and Ternary combination. Prizes vary in amount from \$20 to \$100,000. All orders for tickets or packages will receive prompt attention, and the drawing mailed to all purchasers immediately steps. The Address,
