halaton anoros extantary there to the suffering attending this rearful scourge, which annually destroys ninety five thousand persons in the United States alone; and a correct calculation shows that out of the present population of the earth, eighty millions are destined to fill the consumptive's grave.

Truly the quiver of death has no arrow so fatal as Consumption. In all ages it has been the great enemy of life, for it spares neither age nor sex, but sweeps off alike the brave, the beautiful, the graceful, and the gifted.—
By the help of that Supreme Being, from whom cometh every good and perfect gift, I am enabled to offer to the affleted a permanent act speedy cure in Consumption. The first cause of tubercles is from impure blood, and the immediate effect, produced by their disposition in the lungs, is to prevent first cause of tobercles is from impure blood, and the immediate effect, produced by their disposition in the lungs, is to prevent the free admission of air into the air cells, which causes a weakened vitality through the entire system. Then surely it is more rational to expect greater good from redictines entering the cavines of the lungs than from those administered through the stomach; the patient will always find the lungs free and the breathing easy after inhaling remedies. True, inhalation is a local remedy, nevertheless it acts constitutionally, and with more power and certainty than remedies administered by the stomach. To prove the powerful and direct influence of this mode of administration, chloroform inhaled will entirely destroy sensibility in a few minuses, paralyzing the entire nervous system, so that a limb may be amputated without the sughest pain; inhaling the ordinary burning gas will destroy life in a few hours.

The inhalation of ammonia will rouse the system then fainting or apparently dead.—The odor of many of the medicines is perfectly the store of the production of the proparently dead.—The odor of many of the medicines is perfectly and the production of th

system when fainting or apparently dead.—The odor of many of the medicines is perceptible in the skin a few minutes after being inhaled, and may be immediately detected in the blood. A convincing proof of the constitutional effects of inhalation, is the fact that sickness is always produced by breathing foul air. Is not this positive evidence that proper remedies, carefully prepared and judiciously administered through the longs, should produce the most kappy results? During eighteen years practice, many thousjudiciously administeries through the longs, should produce the most kappy results? Duting eighteen years' practice, many thousands, suffering from diseases of the lungs and throat, have been under my care, and I have affected many remarkable cures, even ofter the sufferers had been pronounced in the last stages, which fully satisfies me that consumption is no longer a tatal disease. My treatment of consumption is original, and founded on long experience and a thorough investigation. My perfect acquaintance with the nature of tubercles, &c., enables me to distinguish readily the various forms of disease that simulate consumption, and apply the proper remedies rarely being mistaken even in a single case. This familiarity in connection with certain pathological and microscopic discoveries, enables me to relieve the lungs from the effects of contracted chest; to enlarge the chest, purity the blood, impart to a tonewed visiality, giving energy and tone o enlarge the chest, purity th o it renewed vitality, giving energy and tone

Messrs. Evans & Watson, No. 26 south Fourth Street, Philadelphia.—Gentlemen:—We take pleasure in recommending your Salamander Safes to merchants and others in want of a secure means of preserving their books, papers, &c., from fire, as the one we purchased from you about seven months since has preserved our books, papers, and cash in as good condition as they were when put into it, before the great fire of this morning, which destroyed the entire of this morning, which destroyed the entire block of buildings corner of Chestnut and Fifth Streets. The above Safe was in use in our office, on the second floor of our building, from which place it fell into the cellar, and remained there until the fire was out. and romained there until the fire was out.—
The safe was then removed, and oppened in
the presence of at least 1000 persons, who
witnessed the good condition of the contents.
Will you please have the Safe and locks repaired, as we intend to put it in use again,
having perfect confidence in its fire proof
qualities. Yours, respectfully,
LACEY & PHILLIPS.

rest comparison between it and your CURE. The following is the result:

Three persons took your "Cure," all of which were cases of "Quotidian Intermitten Fever." of many weeks standing. They had tried Quinine, and other remedies, occasionally missing a chill, but it was, (as in all such cases, slowly wearing them out, and laying the foundation of other and severer maladies. I did succeed in effecting a radical cure of all three of these cases with your remedy, and they have not had a chill since.

BUILDJNGS, April 10th, and in the great
fire in Market Street, May 1st, 1856, the gen-

ties known. In these fires, the HERRING'S SAFE standing side by side with those advertised as "warranted to stand 10 per cent more fire than Herring's," came forth the acknowledge ed victor, not only preserving their contents in excellent order, but being themselves in condition to go through another ordeal, while the beasted "Salemanders" of other makers

the beasted "Salemanders" of other makers were badly used up in every instance, and in somecasestheir entire contents completely destroyed.

To the public we would simply say, that, during the fourteen years of the Herring's Safe has been before them, more than two hundred have passed through accidental fires without the occurrence of a single loss.

hundred have passed through accidental fires without the occurrence of a single loss. We would, therefore, caution purchasers against the misrepresentation of interested parties. The Herring's Patent is the only Fire-proof Safe made in this city which is protected by a Patent Right, and we will guarantee it to resist more than double the amount of heat of any other Safe now known.
