

A NEW DEMOCRATIC PAPER
AT WASHINGTON, D. C.

Daily, Tri-Weekly and Weekly.
The undersigned has the pleasure of publishing a new independent, national democratic paper, in the city of Washington, on the first of April, to be called

"The States."

It will represent the second constitutional principles which have ever been upheld by the national democracy, but it will not be so entirely political, that its columns will interest the politician exclusively, nor so unimportant to party as to betray principle at the command of power, or disguise its convictions at the suggestions of expediency.

In addition to the discussion of important political questions, its columns will be devoted to the proceedings of Congress, to general news, and matters of interest appertaining to literature, agriculture and commerce.

TERMS OF SUBSCRIPTION.—The daily will be mailed to subscribers at \$4.00 per annum, two copies will be forwarded for \$7.00. The Tri-weekly, embracing all the reading matter which appears in the Daily, will be furnished to subscribers at \$3.00 per annum; two copies will be mailed for \$5.00. The Weekly—The cheapest paper in the South. The Weekly will be issued in large double sheet form, and printed on superior paper with handsome bold type at the following rates:

Single copies, \$2.00 per year.
Two copies, 3.00 " "
Five copies, 7.00 " "
Ten copies to one address, and any larger number at the rate of \$1 per year, \$10.
Ten copies to the address of each subscriber, and any larger number at \$12 each, \$12.
Any Postmaster, clerk, or other person, who may send five subscribers, with \$7 enclosed, shall receive an extra copy.

Payment in all cases is required invariably in advance, and no paper will be forwarded until the receipt of the money.

The Weekly will contain all the important matter published during the week in the daily.

The undersigned was one of the original proprietors of the Washington Union, and his long newspaper experience before and since the establishment of that paper, justifies him in promising the public a paper well worthy of their patronage. The States will not be the organ of any clique or faction, and with no partial purpose to serve, the paper will address itself to the honest judgment of the people, and for support will rely upon their appreciation.

Address J. P. HEISS, Washington, D. C.

SUPER NOT, WHEN A PERMANENT CURE IS GUARANTEED IN ALL STAGES OF SECRET DISEASES.

Self Abuse, Nervous Debility, Stricture, Gleet, Gravel, Mercurial Rheumatism, Scrofula, Pains in the Ankles and Bones, Diseases of the Throat, Nose and Eyes, Ulcers upon the Body, Female Irregularities, and all other improper discharges, the matter how long standing, or obstinate in the case, recovery is certain, and in a shorter time than a permanent cure could be effected by any other treatment, even after the skill of the most eminent physicians had failed, and the disease resisted all other means of cure. The remedy is free from odor, causing neither sickness nor inconvenience, and without mercury or balsam.—During twenty years' practice, I have resorted to health over seventeen thousand patients, who were suffering under the worst forms of the above mentioned diseases, which guarantees me in promising a perfect and most speedy cure. Secret diseases are the greatest enemies to health and happiness, as they are the first cause of consumption, scrofula, &c., and should be a terror to all nations of the earth; for the disease is becoming so common, and treatment so little understood, that a permanent cure is scarcely ever effected, as a majority of the cases fall into the hands of incompetent persons, who not only fail to cure the malady, but ruin the constitution by the use of salubrious—A dangerous poison, a preparation of mercury—which, with the remains of disease in the system, produces many of the above named affections, which finally terminate in consumption, and frequently a rapid one; but should it not cause death speedily, and the victim to disease marries, the disease is then conveyed from the patient to the children, causing them to contract the world with scrofula, affections of the skin, eyes, throat, &c., and again terminates in consumption, and causes his victim to an untimely grave, between the ages of six months and thirty-five years. Self-abuse is another formidable enemy to health; it destroys the nervous system, rapidly wasting away the energies of life, causing mental derangement, preventing the formation of the reproductive system, and disqualifying its victim for marriage, society, business, and all earthly happiness. Female Irregularities and other diseases of females treated in the most skillful and scientific manner. Medicines, with directions, sent to any part of the United States, at the lowest possible price, and the return of the patient by letter.
