This is more than can be said of Quinine, Arsenic, or any tonic in existence, as their use is ruinous to the constitution and brings on DUMB AGUE, which never allows a per-son to feel perfectly well for a single moment. In illustration of these truths I annex some extracts from a letter just received from a Physician: *Georgetown, Ohio, March 17, '56.* Jst. A. *Romuse, Eeq.*—Dear Sir: Yours of 2d inst. is at hard. The Cure arrived late last year and the difficulty in getting any one to try it was greatly increased from the fact that a remedy hald been introduced which was growing in favor with the public, as be-ing better than using Quinine, -mot knowing I presume, that the remedy they needed to escape taking Quinine, contained the DRUG ITSELF! This remedy, (known as "Smith's Tonic,") would invariably BREAK an ague, but it did not CURE it, and it would often return with renewed vigor. The one circumstance I derived in your favor, if I could institute a test comparison between it and your CURE. The following is the result: Three persons took your "Cure," all of which were cases of "Quotidian Intermit-tent Following is the result: The definition of other remedies, occa-sionally missing a chil, but it was, (as in all such cases, is lowly wearing them out, and lajing the foundation of other and severer malaties. I did succeed in effecting a radi-cal cure of all three of these cases the "Smith's Ton- *c*" had been used, and would, as before sta-ted, break the chill, but after a period or two had elapsed it would reture. He cautions the unfortunate against the a-base of mercury; thousands are annually mercorialized out of life. Recent affections are promptly exinguished. TWENTY YEARS' EXPERIENCE

I WENTY YEARS' EXPERIENCE In the treatment of a class of disesses hith erto neglected and imperfectly understood, has enabled Dr. KINKELIN, Author of a work on Sell Preservation, to prove has nine-tenths of the causes of nervous debility, lo-cal and constitutional weakness, mental and physical suffering, are traceable to certain hadits, forming the most secret yet deadly and lital springs of domestic misery and premature mortality. TAKE DAPTICULIAN NOTICE

ARE YOU SIGKS ARE YOU SIGKS THEN you can't be cared too soon. Don't and then moorn when it is too late. Four fiths of all the diseases which people the church yards, might be cared by Ayer's Ca-tharito Fills, if taken in season. Don't go dragging through the Spring, faint, sleepy and insteas, because your blood is loaded with bile. Don't were the headeche, heart-barro, and their kindred disorder, because your stomsch is foul. Don't parade yourself around the world, covered with pimples, blotches, sloers, sorte, and all or any of the nuclean diseases of the skin, because your system wants cleaning. Don't show your-system wants cleaning. Don't show your-self about, lean, haggard, all caved in, be-cause your Stomech and Blowels need trongthening into healthy action. Ayer's Fills sot these things right as surely as water quenches fire. They parity the body and blood, and restore their functions into healthy activity which you can feel as quick as they are taken. They are the cone great medical wonder of the age, recognized by all who how their virtues, and many thoesand know them. Take the Cherry Pectoral tor sough, and the fills for all derangements requiring are taken endicing. Prepared by JAMES C. AYER, Praetical TAKE PARTICULAR NOTICE, TAKE PARTICULAR NOTICE, There is an evil habit sometimes indulged in by boys, in solitude, and which, if not re-formed in due time, not only begets serious obstacles to matrimonial happines, but gives the total series of protracted, insidious, and devasating afflictions. Few of those who give way to this perilcious practice are a-ware of the consequences, until they find the nervous system shattered, feel strange and unaccountable feelings, and vague fears in the mind. The unfortunate thus affected becomes fee-ble, is unable to labor with accustomed vig-or, or to apply his mind to study; his step is andy and weak, he is dull, trescolute, and engages in his sport with less energy than usual. If the emancipate himself before the prac-tice has done its worst, and enter matrimony, his matringe is unfortuitfol, and his sense tells in that this is caused by his early follies.— These are considerations which should awa-ken the attention of those similarly situated. MARRIAGE

MARRIAGE Requires the fulfillment of several conditions in order that it may be really the cause of mutual happiness. Could the veil which covers the origin of domestic wretchedness be raised, and its true source in every in-stance disclosed—in how many could it be traced to physical disqualifications and their attendant disappointments! Apply then while it is yet time, in order to have your unstrong and relaxed organization rebraced, revivified and strengthened. REMEMBER.

REMEMBER, He who places himself under Dr. Kinkelin's trestment may religiously confide in fils hon-or as a genteman, and rely upon the assur-ance, that the secrets of Dr. K's patients will never be disclosed. Young mau-let no false modesty deter you from making your case shown to are who, from education and respectability, can befrend you.
