TO THOSE WHO WANT FARMS.

A Farm within the reach of every Man. THE RIDGWAY FARM COMPANY has made arrangements by which all who desire to settle or purchase a home can do so.

The Farms consist of the best limestone soil of the most superior quality for farming, in a rapidly improving place, into which an extensive emigration is now pouring. The property is located in Elk County, Pennsylvania, in the midst of a thriving population of some 10,000. The climate is perfectly healthy, and the fertile plough of the west never is unknown. It also has an abundance of the best quality of Coal and Iron. The price to buy it out is from \$3 to \$20 per acre, payable by installments, to be located at the time of purchasing, or a share of twenty-five acres entitling to locate the same for \$300, payable \$6 per month or 124 acres payable \$4 per month. Discount for every sum of \$100 and under, paid in advance, and for over \$100 a discount of 10 per cent.

In considering the advantages of emigrating to this locality the following are presented:

First—The soil is a rich limestone, capable of raising the heaviest crops, owing to which this settlement has obtained its present great prosperity.

Second—It is the centre of the great North West Coal Basin, and is destined soon to become one of the greatest business places in the State. It will supply the large Lake market, (according to the population and travel of the country,) and all the five million other able veins of the best Bituminous coal, amounting in the aggregate to over 22 feet, which makes 22,000 tons of coal under each acre. This will make the land of inestimable value.

The eminent geologist, Dr. Charles T. Jackson of Boston, has made a geological survey of the land, and analysed the coal, the iron ore and limestone. This report together with maps will be furnished to inquirers.

Third—Three Railroads are laid out through this property. The State and Erie Railroad gives a market for our coal to the lakes—yet runs from Erie to Philadelphia. A large part of the Road has been finished, and is now in running order. A heavy force is now working from Erie towards our land in the western direction, the means for the completion of which has been rated, it will soon be finished. The Allegheny Valley Railroad connects with New York, Boston and Pittsburgh. The Venango Road connects us with the West.

There are already good Turnpike Roads running through this property, and other roads have been opened to accommodate the emigration and settlement which has already taken place.

There is no opportunity equal to it now offered to the man who wishes to provide himself a home in an easy way, and make a settlement where he can live in prosperity and independence in a climate perfectly healthy.

No case of fever ever having been known to occur in this settlement. It is not like going to the backwoods of the West, among perhaps intolerant people, where there is no society, churches, or schools, where the price of land is high, and where the emigrant, after being used to the healthiest climate in the world, has to endure sickness and pain, and perhaps ruins his health for the rest of his life. But here is a thriving settlement, having three towns, containing churches, schools, hotels, stores, saw-mills, grist-mills, and everything desired. There is a cash market at hand. The lumber trade last year amounted to over two hundred million feet of lumber. The West, and owing to the fact, it will be still more valuable than a number of iron works and manufactories will soon be started; they are at present starting them extensively at Warren. Even for those who do not wish to go there, the payments are such that they can easily buy a farm to see their rising families from want in the future, or to gain a competence by the rise which will take place in the value of lands. By an outlay scarcely missed, a substantial provision can be made.

Persons should make early application, apply or write to E. Jeffries, Secretary, No. 135 Walnut Street, below Fifth, Philadelphia—Letters carefully answered giving full information.

Shares or tracts of land can be bought or secured by letter enclosing the first installment of five dollars, when the subscriber will be furnished with books, maps, &c. Warranted Deeds given. Persons can also purchase from our Agents.

Route from Philadelphia to Tyrone on the Pennsylvania Central Railroad, and thence by stage to the land. This is a delightful season to visit St. Mary's—the best hotel accommodation is afforded. Enquire for E. C. Shultz, Esq., the Agent for the property at St. Mary's.

MAP OF PENNSYLVANIA.

MESSRS. HURLEY & LLOYD, Civil Engineers, Surveyors and Map Publishers, are now in this place for the purpose of making a thoroughly correct Property Map, showing the Ground Plan of every Building; the names and shape of each lot, with their names, or initials, printed thereon, Colored, Varished and mounted on Canvas, and Rollers, all complete. They are also prepared to make Surveys and furnish the Plans of Farms, with correct calculations and interest thereon, of any farm within a reasonable distance from town.

You and each of you are hereby notified that at the last term of the Orphan's Court of Columbia county the petition of David Allen one of the sons and devisees of the said John Allen deceased was presented to the said court praying for the sale of the following real estate of the said decedent to wit: A lot of ground in Madison township, situate on the Main road or street of said town adjoining lot of John Swisher, lot or lots belonging to Dr. Russell Parks and others, containing one acre of land on which is erected a two story frame dwelling house and 1/2 acre of land.

Also one other lot of land in said town situate on said Main road or street, adjoining land of John Swisher and James Stout, being a town lot.

Also two other contiguous town lots situate in said town on said Main Street and adjoining lot of John Swisher and others; and one out of land situate on the road leading from Jerseytown to Millville containing about three and one half acres adjoining land of John Swisher, Abraham Brodt and others; which said property was on the 21st day of November, A. D. 1846, accepted by Robert Templeton Allen and awarded to him at the valuation and appraisal of an auction held thereon, and the Orphan's Court of Columbia county on the 21st of August, A. D. 1847, vacated the decree so awarding the said real estate; so that the same remains unaccepted by any devisees and unsold. And it is prayed in the said petition that the said real estate may be ordered by the Court to be sold at public sale on the premises on a day certain on the following terms and conditions: twenty per cent. at the striking down of the property, one half of the remainder on the first day of April, 1858, and the other half thereof on the first day of April, 1859, with interest; and from the first day of April next—and a rule has been granted by the said Court upon the heirs and devisees of John Allen deceased to show cause, if any they have, by the first day of next term why the order of sale should not be granted, of which you will hereby take notice.

SUFFER NOT, WHEN A PERMANENT CURE IS GUARANTEED IN ALL STAGES OF SECRET DISEASES, Self Abuse, Nervous Debility, Strains, Glands, Gravel, Menstrual Rheumatism, Scrofula, Pains in the Ankles and Bones, Diseases of the Throat, Nose and Eyes, Ulcers upon the Body, Female Irregularities, and all other improper Discharges, no matter how long standing, or obstinate the case, recovery is certain, and in a shorter time than a permanent cure could be effected by any other treatment, even after the skill of the most eminent physicians had failed, and the disease resisted all other means of cure. The remedies are free from danger, soothe the system, and are not inconvenient, and without mercury or balsam.—During twenty years' practice, I have resorted to health over seventeen thousand patients, who were suffering under the worst forms of all of the above mentioned diseases, which guarantees me in promising a perfect and most speedy cure. Secret diseases are the greatest enemies to health and happiness, as they are the first cause of consumption, scrofula, &c., and should be a terror to all nations on the earth; for the disease then conveyed from the patient to the world, so little understood, that a permanent cure is scarcely ever effected, as a majority of the cases fall into the hands of incompetent persons, who not only fail to cure the malady, but run the constitution with corrosive sublimate—a dangerous poison, a preparation of mercury—which, with the remains of disease in the system, produces many of the above named affections, which finally terminate in consumption, and frequently a rapid one; but should it not cause death speedily, and the victim to disease marries, the disease is then conveyed from the patient to the children, causing them to come into the world with scrofula, affections of the skin, eyes, throat, &c., and again terminates in consumption, and consigns his victim to an untimely grave, beneath the sod, within six months and thirty years' space. Self abuse another formidable enemy to health; it destroys the nervous system, rapidly wasting away the energies of life, causing mental derangement, preventing a proper development of the system, and disqualifying its victim for marriage, and the enjoyment of all earthly happiness. Female Irregularities and other diseases of females treated in the most skillful and scientific manner. Medicines, with directions, sent to any part of the United States and Canada, by patients communicating their symptoms, and an address, to J. SUMMERSVILLE, M. D., Box 53, Post Office; Filbert Street, below Tenth, Philadelphia, Pa.
