DEEDS, SUMMONS, EXECUTIONS, SUBPŒNAS, AND JUDGMENT NOTES, of proper & desirable forms, for sale at the office of the "Star of the North."

TO THOSE WHO WANT FARMS.

A Farm within the reach of every Man.

THE RIDGWAY FARM COMPANY has has made arrangements by which all who desire to settle or purchase a home can do so.

The Farms consist of the best limestone soil of the most superior quality for farming, in a rapidly improving place, into which an extensive emigration is now pouring. The property is located in Elk County, Pennsylvania, in the midst of a thriving population of some 10,000. The climate is perfectly healthy, and the terrible plague of the west fever is unknown. It also has an abundance of the best quality of Coal and Iron. The price to buy it out is from $3 to $30 per acre, payable by installments, to be located at the time of purchasing, or a share of twenty-five acres entitling to locate the same for $300, payable $6 per month or 12½ acres payable $4 per month. Discount for every sum of $100 and under, paid in advance, and for over $100 a discount of 10 per cent.

In considering the advantages of emigrating to this locality the following are presented:

FIRST—The soil is a rich limestone, capable of raising the heaviest crops, owing to which this settlement has obtained its present great prosperity.

SECOND—It is the centre of the great North West Coal Basin, and is destined soon to become one of the greatest business places in the State. It will supply the great Lake market, (according to the population and travel the greatest in the Union.) It has five workable veins of the best Bituminous coal, amounting in the aggregate to over 22 feet, which makes 22,000 tons of coal under each acre. This will make the land of inestimable value.

The eminent geologist Dr. Chas. T. Jackson of Boston, has made a geological survey of the land, and analysed the coal, the iron ore and limestone. This report together with maps will be furnished to inquirers.

FOURTH—Three Railroads are laid out thro' this property. The Sunbury and Erie Railroad gives us a market for our coal to the lakes—it runs from Erie to Philadelphia. A large part of the Road has been finished, and is now in running order. A heavy force is now working from Erie towards our land in the western direction, the means for the completion of which has been raised, it will soon be finished. The Allegheny Valley Railroad connects us with New York, Boston and Pittsburg. The Venango Road connects us with the West.

There are already good Turnpike Roads running through this property, various other roads have been opened to accommodate the emigration and settlement which has already taken place.

There is no opportunity equal to it now offered to the man who wants to provide himself a home in an easy way, and make a settlement where he can live in prosperity and independence in a climate Perfectly Healthy.

No case of fever ever having been known to occur in this settlement. *It is not like going* to the backwoods of the West, among perhaps intolerant people, where there is no society, churches, or schools, where the price of land is high, and where the emigrant, after being used to the healthiest climate in the world, has to endure sickness and pain, and perhaps ruins his health and that of his family. But here is a thriving settlement having three towns, containing churches, schools, hotels, stores, sawmills, grist mills, and everything desired. There is a cash market at hand. The lumber trade last year amounted to over two hundred million feet of lumber. In a short time, owing to the coal, it will become still more valuable as a number of iron works and manufactories will soon be started; they are at present starting them extensively at Warren. Even for those who do not wish to go there, the payments are such that they can easily buy a farm to save their rising families from want in the future, or to gain a competence by the rise which will take place in the value of lands. By an outlay scarcely missed, a substantial provision can be made.

Persons should make early application, apply or write to E. Jeffries, Secretary, No. 135 Walnut Street, below Fifth, Philadelphia.—Letters carefully answered giving full information.

Shares or tracts of land can be bought or secured by letter enclosing the first installment of five dollars, when the subscriber will be furnished with books, maps, &c. Warrantee Deeds given. Persons can also purchase from our Agents.

Route from Philadelphia to Tyrone on the Pennsylvania Central Railroad, and thence by stage to the land. This is a delightful season to visit St. Mary's—the best hotel accommodation is afforded. Enquire for E. C. Shultz, Esq., the Agent for the property at St. Mary's.

MAP OF BLOOMSBURG.

MESSRS. HURLEY & LLOYD, Civil Engineers, Surveyors and Map Publishers, are now in this place for the purpose of making a thoroughly correct Property Map, showing the Ground Plan of every Building, the size and shape of each Lot, with owners' names, or initials, printed thereon, Colored, Varnished and mounted on Canvas, and Rollers, all complete. Price per copy, $5 payable on delivery of the Map.

They are also prepared to make Surveys and furnish Skeleton Maps of Farms, with contents calculated and inserted thereon, of any farm within a reasonable distance from town.

SUFFER NOT, WHEN A PERMANENT CURE

is guaranteed in all stages of SECRET diseases, Self Abuse, Nervous Debility, Strictures, Gleets, Gravel, Mercurial Rheumatism, Scrofula, Pains in the Ankles and Bones, Diseases of the Throat, Nose and Eyes, Ulcers upon the Body, Female Irregularities, and all other improper discharges, no matter of how long standing, or obstinate the case, recovery is certain, and in a shorter time than a permanent cure could be effected by any other treatment, even after the skill of the most eminent physicians had failed, and the disease resisted all other means of cure. The remedies are free from odor causing neither sickness nor inconvenience, and without mercury or balsam.—During twenty years' practice, I have restored to health over seventeen thousand patients, who were suffering under the worst forms of all of the above mentioned diseases, which guarantees me in promising a perfect and most speedy cure. Secret diseases are the greatest enemies to health and happiness, as they are the first cause of consumption, scrofula, &c., and should be a terror to all nations on the earth; for the disease is becoming so common, and treatment so little understood, that a permanent cure is scarcely ever effected, as a majority of the cases fall into the hands of incompetent persons, who not only fail to cure the malady, but ruin the constitution with corrosive sublimate—a dangerous poison, a preparation of mercury—which, with the remains of disease in the system, produces many of the above named affections, which finally terminate in consumption, and frequently a rapid one; but should it not cause death speedily, and the victim to disease marries, the disease is then conveyed from the patient to the children, causing them to come into the world with scrofula, affections of the throat, eyes, throat, &c., and again terminates in consumption, and consigns his victim to an untimely grave, between the ages of six months and thirty-five years. Self-abuse is another formidable enemy to health; it destroys the nervous system, rapidly wasting away the energies of life, causing mental derangement, preventing a proper development of the system, and disqualifying its victom for marriage, society, business, and all earthly happiness. Female Irregularities and other diseases of females treated in the most skillful and scientific manner. Medicines, with directions, sent to any part of the United States and Canadas, by patients communicating their symptoms by letter.

PHILOSOPHY AND FACT.

HOLLOWAY'S PILLS.

The Exciting Cause of Sickness.

The blood is the life sustaining agent. It furnishes the components of flesh, bone, muscle, nerve and integument. The stomach is its manufactory, the veins its distributors, and the intestines the channel through which the waste matter rejected in its productions is expelled. Upon the stomach, the circulation and the bowels, these Pills act simultaneously, relieving indigestion, purifying the fluids, and regulating the excretions.

THE NATIONAL COMPLAINT.

Dyspepsia is the most common disease among all classes in this country. It assumes a thousand shapes, and is the primary source of innumerable dangerous maladies; but whatever its type or symptoms, however obstinate its resistance to ordinary preparations, it yields readily and rapidly to this searching and unerring remedy.

BILIOUS AFFECTIONS.

The quantity and quality of the bile are of vital importance to health. Upon the liver, the gland which secretes this fluid, these Pills operate specifically, infallibly rectifying its irregularities, and effectually curing Jaundice, Bilious Remittants, and all the varieties of disease generated by an unnatural condition of the organ.

BOWEL COMPLAINTS.

Unless the bowels perform their functions properly, the whole body suffers. Tens of thousands die annually of Dysentery, Diarrhœa, Chronic consumption, and other diseases of these waste pipes of the system.—The effect of the Pills upon all intestinal disorders, whether casual or epidemic, is a phenomenon in medicine. By following the printed directions, the most alarming cases of bowel complaint are promptly controlled.

A Word to Females.

The local debility and irregularities which are the especial annoyances of the weaker sex, and which, when neglected, always shorten life, are relieved for the time being and prevented for the time to come, by a course of this mild but thorough alterative.

EVANS & WATSON'S Phil'a Manufactured SALAMANDER SAFES;

No. 26 South Fourth Street PHILADELPHIA.

TRUTH IS MIGHTY, & MUST PREVAIL.

Report of the Committee appointed to superintend the burning of the Iron Safes at Reading, Feb. 27th, 1857.

READING, March 4th.

The undersigned, members of the Committee, do respectfully report, that we saw the two Safes originally agreed upon by Farrels & Herring and Evans & Watson, placed side by side in a furnace, viz: The Safe in use by the Paymaster of the Philadelphia and Reading Railroad Company, in his office at Reading, manufactured by Farrels & Herring, and the Safe in use by H. A. Lantz, in his store, manufactured by Evans & Watson, and put in books and papers precisely alike.

The fire was started at 8½ o'clock, A. M., and kept up until four cords of green hickory, two cords dry oak and half chestnut top wood were entirely consumed, the whole under the superintendence of the subscribers, members of the Committee. The Safes were then cooled off with water, after which they were opened, and the books and papers taken out by the Committee and sent to H. A. Lantz's store for public examination, after they were first examined and marked by the Committee. The books and papers taken from the Safe manufactured by Evans & Watson were but slightly affected by the intense heat, while those taken from the Safe manufactured by Farrels & Herring were, in our judgment, damaged fully fifteen per cent. more than those taken from Evans & Watson's Safe.

JACOB H. DYSHER,
DANIEL S. HUNTER.

Having been absent during the burning, we fully coincide with the above statement of the condition of the papers and books taken out of the respective Safes.

H. H. MUHLENBERG,
JAMES MILHOLLAND.

The following named gentlemen, residents of Reading and its vicinity, who saw the above fire, have purchased Safes from Evans & Watson since the burning up to May 1st, 1857.
