TO THOSE WHO WANT FARMS.
A Farm within the reach of every Man.
THE RIDGWAY FARM COMPANY has made arrangements by which all who desire to settle or purchase a home can do so.
The Farms consist of the best limestone soil of the most superior quality for farming, in a rapidly improving place, into which an extensive emigration is now pouring. The property is located in Elk County, Pennsylvania, in the midst of a thriving population of over 10,000. The climate is perfectly healthy, and the fertile plagues of the west fever is unknown. It also has an abundance of the best quality of Coal and Iron. The price to buy it out is from \$3 to \$20 per acre, payable by installments, to be located at the time of purchasing, or a share of twenty-five acres entitling to locate the same for \$300, payable \$5 per month or 12 1/2 acres payable \$10 per month. Discount for every sum of \$100 and under, paid in advance, and for over \$100 a discount of 10 per cent.
In considering the advantages of emigrating to this locality the following are presented:
1. The soil is a rich limestone, capable of raising the heaviest crops, owing to which this settlement has obtained its present great prosperity.
2. It is the centre of the great North West Coal Basin, and is destined soon to become one of the greatest business places in the State. It will supply the great Lake market, (according to the population and travel the greatest in the Union.) It has five workable veins of the best Bituminous coal, amounting in the aggregate to over 22 feet, which makes 22,000 tons of coal under each acre. This will make the land of incalculable value.
3. The eminent geologist Dr. Chas. T. Jackson of Boston, has made a geological survey of the land, and analysed the coal, the iron ore and limestone. This report together with maps will be furnished to inquirers.
4. Fourteen Three Railroads are laid out through this property, and by Erie Railroad gives a market for our coal to the lakes; it runs from Erie to Philadelphia. A large part of the Road has been finished, and is now in running order. A heavy force is now working from Erie towards our land in the western direction, the means for the completion of which has been raised, and will soon be finished. The Allegheny Valley Railroad connects with New York, Boston and Pittsburgh. The Venango Road connects us with the West.
5. There are already good Turnpike Roads running through this property, various other roads have been opened to accommodate the emigration and settlement which has already taken place.
6. There is no opportunity equal to it now offered to the man who wants to provide himself a home in an easy way, and make a settlement where he can live in prosperity and independence in a climate perfectly healthy.
7. No case of fever ever having been known to occur in this settlement. It is not like going to the backwoods of the West, among perhaps intolerant people, where there is no society, churches, or schools, where the price of land is high, and where the emigrant, after being used to the healthiest climate in the world, has to endure sickness and pain, and perhaps raise his children in a land of his family. But here is a thriving settlement having three towns, containing churches, schools, hotels, stores, sawmills, grist mills, and everything desired. There is a cash market at hand. The lumber trade last year amounted to over two hundred million feet of lumber. In a short time, owing to the coal, it will be made still more valuable as a number of iron works and manufactories will soon be started; they are at present starting them extensively at Warren. Even for those who do not wish to go there, the payments are such that they can easily buy a farm to save their rising families from want in the future, or to gain a competency by the rise which will take place in the value of lands. By an outlay scarcely missed, a substantial provision can be made.
8. Persons should make early application, apply or write to E. Jeffries, Secretary, No. 135 Walnut Street, below Fifth, Philadelphia.—Letters carefully answered giving full information.
9. Shares or tracts of land can be bought or secured by letter enclosing the first installment of five dollars, when the subscriber will be furnished with books, maps, Sec. Warrant Deeds given. Persons can also purchase from our Agents.
10. Route from Philadelphia to Tyrone on the Pennsylvania Central Railroad, and thence by stage to the land. This is a delightful season to visit St. Mary's—the best hotel accommodation is afforded. Inquire for E. C. Shultz, Esq., the Agent for the property at St. Mary's.

**SUFFER NOT, WHEN A PERMANENT CURE IS GUARANTEED IN ALL STAGES OF SECRET DISEASE, SELF-APOE, Nervous Debility, Stricture, Gleet, Gravel, Mercurial Rheumatism, Scrofula, Pains in the Ankles and Bones, Diseases of the Throat, Nose and Eyes, Ulcers upon the Body, Female Irregularities, and all other important diseases, caused by either the secret or open discharge, the cure, recovery is certain, and in a shorter time than a permanent cure could be effected by any other treatment, even after the skill of the most eminent physicians had failed, and the disease resisted all other means of cure. The remedy is a free from odor causing neither sickness nor inconvenience, and without mercury or balsam.—During twenty years' practice, I have restored to health over seventeen thousand patients, who were suffering under the worst forms of all the above mentioned diseases, which guarantees me in promising a perfect and most speedy cure, in every case, and that the greatest enemies to health and happiness, as they are the first cause of consumption, scrofula, &c., and should be a terror to all nations on the earth; for the disease is becoming so common, and treatment so little understood, that a permanent cure is scarcely ever effected, and many incompetent persons, who not only fail to cure the malady, but ruin the constitution with corrosive sublimate—a dangerous poison, a preparation of mercury—which, with the remains of disease in the system, produces many of the above named affections, which finally terminate in consumption, and frequently a rapid and violent death, and in the case of children, the victim to disease marries, the disease is then conveyed from the parent to the children, causing them to come into the world with scrofula, affections of the skin, eyes, throat, &c., and again terminates in consumption, and consigns them to a premature grave, before they have attained the age of six months and thirty-five years. Self-abuse is another formidable enemy to health; it destroys the nervous system, rapidly wasting away the energies of life, causing mental derangement, preventing a proper development of the system, and disqualifying its victim for marriage, society, and all earthly happiness. Female irregularities and other diseases of females treated in the most skillful and scientific manner. Medicines, with directions, sent to any part of the United States and Canada, by patients communicating their symptoms by letter.
