**TO THOSE WHO WANT FARMS.**

**Farm within the reach of every Man.** THE RIDGWAY FARM COMPANY has had made arrangements by which all who desire to settle or purchase a home can do so.

The Farms consist of the best limestone soil of the most superior quality for farming, in a rapidly improving place, into which an extensive emigration is now pouring. The property is located in Elk County, Pennsylvania, in the midst of a thriving population of some 10,000. The climate is perfectly healthy, and the fertile plagues of the west fever is unknown. It also has an abundance of the best quality of Coal and Iron. The price to buy it out is from \$3 to \$20 per acre, payable by installments, to be located at the time of purchasing, or a share of twenty-five acres entitling to locate the same for \$800, payable \$8 per month or 124 acres payable \$4 per month. Discount for every acre of \$100 and under, paid in advance, and for over \$100 a discount of 10 per cent.

In considering the advantages of emigrating to this locality the following are presented: First—The soil is a rich limestone, capable of raising the heaviest crops, owing to this settlement has obtained its present great prosperity.

Second—It is the centre of the great North West Coal Basin, and is destined soon to become one of the greatest business places in the State. It will supply the great Lake market, (according to the population and travel the greatest in the Union.) It has five workable veins of the best bituminous coal, amounting in the aggregate to over 22 feet, which makes 22,000 tons of coal under each acre. This will make the land of most valuable value.

The eminent geologist, Dr. Chas. T. Jackson of Boston, has made a geological survey of the land, and analysed the coal, iron ore and limestone. This report together with maps will be furnished to inquirers.

Fourth—The Railroads are laid out thro' this property. The Sunbury and Erie Railroad gives us a market for our coal to the lakes—it runs from Erie to Philadelphia. A large part of the Road has been finished, and is now in running order. A heavy force is now working from Erie to the west, in the western part of the road, the means for the completion of which has been raised, it will soon be finished. The Allegheny Valley Railroad connects with New York, Boston and Pittsburgh. The Venango Road connects us with the West.

There are already good Turnpike Roads running through this property, various others have been opened to accommodate the emigration and settlement which has already taken place.

There is no opportunity equal to it now offered to the man who wants to provide himself a home in an easy way, and makes settlement where he can live in prosperity and independence in a climate perfectly healthy.

No case of fever ever having been known to occur in this settlement. It is not like going to the backwoods of the West, among perhaps intolerant people, where there is no society, churches, or schools, where the price of land is high, and where the emigrant, after being used to the healthiest climate in the world, has to endure sickness and pain, and perhaps ruins his health and that of his family. But here is a thriving settlement having three towns, containing churches, schools, hotels, stores, saw-mills, grist-mills, and everything desirable. There is a high and marketable timber land, the timber last year amounted to over two hundred million feet of lumber. In a short time, owing to the coal, it will become still more valuable as a number of iron works and manufactories will soon be started; they are at present starting them extensively at Warren. Here, for those who do not wish to go there, the payments are such that they can easily buy a farm to save their rising families from want in the future, or to gain a competence by the rise which will take place in the value of lands. With an outlay scarcely missed, a substantial provision can be made.

Persons should make early application, apply or write to E. Jeffries, Secretary, No. 135 Walnut Street, below Fifth, Philadelphia. Letters carefully answered giving full information.

**NOTICE TO THE HEIRS & DEVISEES**

Of John Allen, late of Madison township, Columbia County, deceased. You and each of you are hereby notified that at the last term of the Orphan's Court of Columbia county the petition of David Allen, one of the sons and devisees of the said John Allen deceased was presented to the said Court praying for the sale of the following real estate of the said decedent to-wit:

A lot of ground in Jerseytown in Madison township, situate on the Main road or street of said town adjoining lot of John Swisher; lot or lots belonging to Dr. Russell Parks and others, containing one acre of land on which is erected a two story frame dwelling house and frame stable.

Also one other lot of land in said town situate on said Main road or street, adjoining lot of John Swisher and James Stout, being a town lot.

Also two other contiguous town lots situate in said town on said Main Street and adjoining lot of John Fanson and others;

And one outlot of land situate on the road leading from Jerseytown to Millville containing about three and one half acres adjoining lot of John Swisher, Abraham Brod and others;—which said property was on the 21st day of November, A. D., 1846, accepted by Robert Templeton Allen and awarded to him at the valuation and appraisement of an acquisition held thereon, and the Orphan's Court of Columbia county on the 21st of August, A. D., 1847, vacated the decree so awarding the said estate, so that the same remains unaccepted by any of devisees and unsold. And it is prayed in the said petition that the said real estate may be ordered by the Court to be sold at public sale on the premises on a day certain on the following terms and conditions, to-wit: That half of the remainder on the first day of April, 1858, and the other half thereof on the first day of April, 1859, with interest from the first day of April next;—and a rule has been granted by the said Court upon the heirs and devisees of John Allen deceased, to show cause, if any they have, by the first day of next term why the order of sale should not be granted, of which you will hereby take notice.

STEPHEN H. MILLER, Sheriff's Office, Bloomsburg, July 6, 1857.

**Public Sale of Valuable Real Estate.**

THE undersigned Executor of the estate of Wesley Roat deceased will offer at public sale upon the premises on SATURDAY, THE 3rd OF OCTOBER NEXT, at one o'clock, P. M., the farm belonging to the said estate, situate in Hemlock township, Columbia county, containing

125 Acres & 37 Perches, and adjoining lands of Hugh McBride, John McKeenleys, Peter Appleman, Caleb Barton, son, and Sylvester Pursell. It is situate in THE IRON ORE REGION of Columbia county, two miles from Bloomsburg, and on the public highway leading to Bloomsburg. A branch of Hemlock Creek passes through the premises, and the whole farm is in a fair state of cultivation. The improvements are a large new frame

MANSION HOUSE, a new and commodious frame tenant house, a large new bank barn, a new wagon-house, and other outbuildings entirely new. Possession will be given on the 1st of April 1858. Conditions will be made known on the day of sale by WILLIAM NEAL, Executor. Bloomsburg, July 20, 1857.

**Public Sale of Real Estate.**

THE subscriber will offer at public sale upon the premises on Saturday the 5th day of September next at 1 o'clock in the afternoon, a tract of valuable farm land containing over 158 1/2 ACRES, of which about 30 acres is woodland and the balance newly cleared land in a good state of cultivation. It lays within 2 miles below the town of Catawissa, in a thickly settled neighborhood in Franklin township, Columbia county, adjoining lands of Jesse Cleaver, Hamilton Clark, Daniel Zarr, Daniel Yetter and Philip Seesholtz. There is a public road running through the farm, and the improvements on it are a new frame

DWELLING HOUSE, and other outbuildings. There is a good young orchard on the premises, a good pump at the door of the dwelling, a never failing spring near the house, and a brook running through the meadow. It is a pleasant and desirable residence, and to a gentleman can be made a profitable and pleasant place of sale by CHRISTIAN B. SEESHOLTZ, Franklin township, July 21, 1857.

**SUFFER NOT, WHEN A PERMANENT CURE IS GUARANTEED**

in all stages of SECRET diseases, Self Abuse, Nervous Debility, Stricture, Gleet, Gravel, Mercurial Rheumatism, Scrofula, Pains in the Ankles and Bones, Diseases of the Throat, Nose and Eyes, Ulcers upon the Body, Female Irregularities, and all other improper discharges, no matter how long standing, or obnoxious the case, recovery is certain, and in a shorter time than a permanent cure could be effected by any other treatment, even after the skill of the most eminent physicians had failed, and the disease resisted all other means of cure. The remedies are free from odor causing neither sickness, nor inconvenience, and without mercurial or violent purgatives. During twenty years' practice, I have restored to health over seventeen thousand patients, who were suffering under the worst forms of all the above mentioned diseases, which guarantees me in promising a perfect and most speedy cure. Secret diseases are the greatest scourges to health and happiness, as they are the first cause of consumption, scrofula, &c., and should be a terror to all nations on the earth; for the disease is becoming so common, and treatment so little understood, that a permanent cure is scarcely ever effected, as a majority of the cases fall into the hands of incompetent persons, who not only fail to cure the malady, but ruin the constitution with corrosive sublimates—a dangerous poison, a preparation of mercury—which, with the remains of disease in the system, produces many of the above named affections, which finally terminate in consumption, and frequently in the throat, &c., and again terminate in consumption, and finally cause death rapidly, and the victim to disease marries, the disease is then conveyed from the patient to the children, causing them to come into the world with scrofula, affections of the skin, eyes, throat, &c., and again terminate in consumption, and finally cause death rapidly, and the victim to disease marries, the disease is then conveyed from the patient to the children, causing them to come into the world with scrofula, affections of the skin, eyes,
