Such as nervous trembling, less of memory, loss of power, general weakness, dinnees of vision with peculiar spots appearing before the cyas, loss of sight, wakefulness dyscepsia, Liver theses, cruptions upon the face, pain in the back and head, female irregularities and all improper discharges from both sexes. It matters not from what cause the disease originated, however long standing or obstitute the case, recovery is certain, and in a shorter time than a permanent cure can be effected by any other treatment, even after the disease has haffed the skill of eminent physicians and resisted all the means of cure. The medicines are pleasant without odor, causing no sickness and free from mercury or balsam. During 20 years of practice, I have rescued from the jaws of death many thousands, who, in the last stages of the above mentioned diseases had bean given up to die by their physicians, which warrants me in promising to the efficient when we have the mentioned diseases. which warrants me in promising to the afflicted, who may place themselves under my care, a perfect and most speedy cure. Secret dis-cases are the greatest enemies to health, as they are the first cause of Consumption, Scrofthey are the first cause of Consumption, Serofula and many other diseases, and should be a terror to the human family. As a permanent cure is scarcely ever effected, a majority of the cases falling into the hands of incompetent persons, who not only fail to cure the diseases but ruin the constitution, filling the system with mercury, which, with the disease, hastons the sufferst into a rupid consumption. But should the disease and the treatment not cause death speedily and the victim marries, the disease i- entailed upon children, who are born with feeble constitutions, and the current of life corrupted by a virus which between the first persons and other affections of the skin, Eyes, Throat and Lungs, entailing them to an early giave.

Self-abuse is another formicable enemy to health, for nothing else in the dread catalogue of human diseases causes so destructive a drain upon the system, drawing its thousands of victims through a few years of suffering down to an untimely grave. It destroys the Nervous system, rapidly wastes away the energies of life, causes mental devangement, prevents the proper development of the system, disqualifies for marriage, society, business, and all earthly happiness, and leaves the sufference weeked in body and mind, predisposed to consumption and a train of evils more to be dreaded than death itself. With the fullest confidence I assure the unfortunate viotims of onfidence I assure the unfortunate viotims of self-abuse that a permanent and speedy cure can be effected, and with the abandonment of

I have carefully analyzed many of the so called Patent Medicines and find that or the so called Fatent Medicines and find that nearly all of them contain Corrosive Subli-mate, which is one of the strongest prepara-tions of mercury and a deadly poison, which instead of curing the disease disables the sys-tem for life.

T. KINGSFORD & SON'S

OSWEGO STARCH,

(FOR THE LAUNDRY.)

HAS established a greater celebrity than
has ever been obtained by any other

Starch.

This has been the result of its marked su-

ance of the h gh standard now established.

The production is over Twenty Tons daily, and the demand has extended throughout the whole of the United States, and to foreign

done in 1910 on a very large scale, and ander a right system, they are able to secure a perfect and uniformity in the quality turough-out the year. This is the great Desideratum in Starch-making, and is realized now for

the first time.

The very best starch that can be made, and The very best starch that can be made, and no other, is always wanted by consumers, and while this will be supplied to them by the grocers, as soon as their customers have learned which is the best, and ask for it—otherwise they would be likely to get that article on which the largest profit can be made.

Mr. Kingsford has been engaged in the meadature of starch conjuguously for the

manufacture of starch continuously for the last 27 years, and during the whole of the period, the starch made under his supervisperios, the starch made under his supervision has been, berond any question, the best in the market. For the first 17 years, he had the charge of the works of Wm. Colgate & Co., at which period he invented the process of the manufacture of com starch.

T. KINGSFORD & SON'S OSWEGO CORN STARCH.

OSWEGO CORN STARCH,

(For Puddings, &c.)

Has obtained an equal calebrity with their Starch for the Laundry. This article is perfectly pure, and is, in every respect, equal to the best bermuda Arrow-Root, besides having additional qualities which render it invaluable for the dessert.

Potato Starch has been extensively packed and sold as Corn Starch, and has given false impressions to many, as to the real merits of our Corn Starch.

From its great delicacy and purity, it is coming also into extensive use as a diet for infants and invalids.
