Of all disease; the great, first cause
Springs from neglect of Nature's laws.

SUFFER NOT, WHEN A CURE is guaranteed in all stages of SECRET DISEASES, SELF-ABUSE, NERVOUS Debility, Strictures, Gleets, Gravel, Diabetes, Diseases of the Kidneys and Bladder, Mercurial Rheumatism, Scrofula, Pains in the Bones and Ankles, Diseases of the Lungs, Throat, Nose and Eyes, Ulcers upon the body or limbs, Cancers, Dropsy, Edileptic Fits, St. Vita's Dance, and all diseases arising from a derangement of the Sexual Organs.

Such as nervous trembling, loss of memory, loss of power, general weakness, dimness of vision with peculiar spots appearing before the eyes, loss of sight, wakefulness dyspepsia, Liver disease, eruptions upon the face, pain in the back and head, female irregularities and all improper discharges from both sexes. It matters not from what cause the disease originated, however long standing or obstinate the case, recovery is certain, and in a shorter time than a permanent cure can be effected by any other treatment, even after the disease has baffled the skill of eminent physicians and resisted all the means of cure. The medicines are pleasant without odor, causing no sickness and free from mercury or balsam. During 20 years of practice, I have rescued from the jaws of death many thousands, who, in the last stages of the above mentioned diseases had been given up to die by their physicians, which warrants me in promising to the afflicted, who may place themselves under my care, a perfect and most speedy cure. Secret diseases are the greatest enemies to health, as they are the first cause of Consumption, Scrofula and many other diseases, and should be a terror to the human family. As a permanent cure is scarcely ever effected, a majority of the cases falling into the hands of incompetent persons, who not only fail to cure the diseases but ruin the constitution, filling the system with mercury, which, with the disease, hastens the sufferer into a rapid consumption.

But should the disease and the treatment not cause death speedily and the victim marries, the disease is entailed upon children, who are born with feeble constitutions, and the current of life corrupted by a virus which betrays itself in Scrofula, Tetter, Ulcers, Eruptions and other effections of the skin, Eyes, Throat and Lungs, entailing them to an early grave.

Self-abuse is another formidable enemy to health, for nothing else in the dread catalogue of human diseases causes so destructive a drain upon the system, drawing its thousands of victims through a few years of suffering down to an untimely grave. It destroys the Nervous system, rapidly wastes away the energies of life, causes mental derangement, prevents the proper development of the system, disqualifies for marriage, society, business, and all earthly happiness, and leaves the sufferer wrecked in body and mind, predisposed to consumption and a train of evils more to be dreaded than death itself. With the fullest confidence I assure the unfortunate victims of self-abuse that a permanent and speedy cure can be effected, and with the abandonment of ruinous practices my patients can be restored to robust, vigorous health.

The afflicted are cautioned against the use of Patent Medicines, for there are so many ingenious snares in the columns of the public prints to catch and rob the unwary sufferers that millions have their constitutions ruined by the vile compounds of quack doctors, or the equally poisonous nostrums vended as 'Patent Medicines.' I have carefully analyzed many of the so-called Patent Medicines and find that nearly all of them contain Corrosive Sublimate, which is one of the strongest preparations of mercury and a deadly poison, which instead of curing the disease disables the system for life.

Three-fourths of the patent nostrums now in use are put up by unprincipled and ignorant persons, who do not understand even the alphabet of the Materia Medica, and are equally as destitute of any knowledge of the human system, having one object only in view, and that to make money regardless of consequence.

Irregularities and all diseases of males and females treated on principles established by 20 years of practice, and sanctioned by thousands of the most remarkable cures. Medicines with full directions sent to any part of the United States or Canadas, by patients communicating their symptoms by letter. Business correspondence strictly confidential. Address

And the said election of Congressman is held in pursuance of a writ to me directed by the Governor of the Commonwealth of Pennsylvania, wherein it is directed that because a vacancy has happened in the representation of this State in the House of Representatives of the United States, in consequence of the death of JOHN G. And further, I do hereby give notice, direct and proclaim, that the election on the said proposed Amendments, shall be opened and closed at the same time, and in all respects be conducted, as the General Elections of this Commonwealth are now conducted, as well as respects the qualifications of voters, the time and manner of making returns, as in all other particulars.

It is further directed that the meeting of the return Judges, at the Court House in Bloomsburg, to make out the general returns shall be on the first Friday succeeding the general election, which will be the sixteenth day of October.

American Safety-Paper Manufacturing Company of New York.
CAPITAL $500,000.
A. NICHOLAS, *President.*
Office, 70 Wall Street.

A Perfect Security against all manner of Fraud or counterfeiting on paper. To prevent Photographs and Anastatic Counterfeits, Erasures, Transfers or Alterations.

HAVING purchased the Patent for the exclusive right to manufacture and sell the new Chemical Paper in America, invented and patented in England by Henry Glenn, a celebrated chemist and officer in the British army, it is hardly necessary to say that the Paper is recommended by Mr. Kent, Assayer of the United States Mint, Mr. Lyman of the New York Clearing House, and Meade Brothers, extensive and skilful photographers, 233 Broadway, New York. The latter say that no imitation can be made on a check or bank note printed on the Safety Paper. Below is our list of prices

Bank Checks—35 cts per lb.
Bank Bills—$18 for 1000 sheets.
Bills of Exchange—$25 for 1000 sheets.
Promissory Notes—40 cts. per lb.
Sight & Time Drafts—$25 for 1000 sheets.
Insurance Policies—40 cts per lb.
Railroad Stocks & Bonds—40 cts. per lb.
Bank and State Stocks—40 cts. per lb.
Bonds and Mortgages—40 cts. per lb.
Wills and Deeds—40 cts. per lb.

For wrapping Silks and other fine articles it is excellent, as it prevents moths. 40 cts. a lb.

For Indentures and Agreements. 40 cents per lb.

All State and County Records should always be printed or written on this paper, as the chemicals inserted in the pulp not only prevent erasure or transfer, but make it lasting as time.

For Southern Climates it is excellent, and much superior to any other; as the moistness of the climate does not destroy it,—the properties inserted in the pulp being a preventive. In all the southern states, Cuba, the West Indies and the Central American States, no public records can be kept over 20 years, written on the ordinary paper, while the oils and chemicals inserted in this paper makes it indestructible by the ravages of time. It is also proof against moths, rats and other vermin, which feast on and destroy all other paper now in use.

The Company have now in operation Mills in Morris County, N. J., of about 300 horse power, and are able to fill all orders for paper at the shortest notice.

All orders for the paper must be addressed to A. NICHOLAS, President of the Company, No 70 Wall Street, New York.

T. KINGSFORD & SON'S
PURE
OSWEGO STARCH,
(FOR THE LAUNDRY.)

HAS established a greater celebrity than has ever been obtained by any other Starch.

This has been the result of its marked superiority in quality, and its invariable uniformity.

The public may be assured of the continuance of the high standard now established.

The production is over Twenty Tons daily, and the demand has extended throughout the whole of the United States, and to foreign countries.

Working thus on a very large scale, and under a rigid system, they are able to secure a perfect and uniformity in the quality throughout the year. This is the great Desideratum in Starch-making, and is realized now for the first time.

The very best starch that can be made, and *no other,* is always wanted by consumers, and while this will be supplied to them by the grocers, as soon as their customers have learned which is the best, and ask for it—otherwise they would be likely to get that article on which the largest profit can be made.

Mr. Kingsford has been engaged in the manufacture of starch continuously for the last 27 years, and during the whole of the period, the starch made under his supervision has been, beyond any question, the best in the market. For the first 17 years, he had the charge of the works of Wm. Colgate & Co., at which period he invented the process of the manufacture of corn starch.

☞ *Ask for Kingsford's Starch, as the name Oswego has recently been taken by another factory.*

T. KINGSFORD & SON'S
OSWEGO CORN STARCH,
(*For Puddings, &c.*)

Has obtained an equal celebrity with their Starch for the Laundry. This article is perfectly pure, and is, in every respect, equal to the best Bermuda Arrow-Root, besides having additional qualities which render it invaluable for the dessert.

Potato Starch has been extensively packed and sold as Corn Starch, and has given false impressions to many, as to the real merits of our Corn Starch.

From its great delicacy and purity, it is coming also into extensive use as a diet for infants and invalids.
