## DEMOCRATIC MEETING.

A MEETING OF THE DEMOCRACY OF COLUMBIA COUNTY WILL BE HELD AT THE COURT-HOUSE, IN BLOOMSBURG, ON FRIDAY EVENING, OCTOBER 2d, TO WHICH THE PUBLIC ARE INVITED TO ATTEND.

Hon. J. Glancy Jones, OF BERKS, WILL ADDRESS THE PEO-PLE. COME ONE, COME ALL, AND HEAR THE ISSUES OF THE CAMPAIGN FAIRLY DISCUSSED.

BENATORIAL CONFERENCE.

Agreeably to adjournment, the Senatoria Conference of the district, composed of the counties of Columbia, Montour, Northumberland and Snyder, met at Eckbert's Hotel, in Milton, on Saturday last, Sept. 26th.— From Columbia, Geo. Scott, and Peter Billmyer, substituted by Emanual Lazarus, appeared; from Montour, Daniel Billmyer and Thomas Chalfant, from Northumber land, W. L. Dewart, and ——; and from Snyder, — Merrill and Dr. Auhl.

Snyder, — Merrill and Dr. Auhl.

Upon meeiing, the Columbia Counry Conferees voted for Buckalew; Montour for Col.

McCormick; Northumberland, for Geo. C.
Welker, and Snyder for Major Keller.

The balloting continued with various changes, during the afternoon. The name of John McR-ynolds was also introduced, and balloted for. After considerable irregulative in the phase of the yets Snyderable in the phase of the yets Snyderable. larity in the phase of the vote, Snyder county led off for Buckalew, and the vote of Montour and Columbia gave him the

Hon. W. L. Dewart, in a very handsom and complimentary speech, moved that the nomination be made unanimous, which was agreed to; and the conference adjourned in the best feeling. The nomination was made on the 105th ballot, and must be highly satisfactory to the party. We shall give the official proceedings in

our next issue.

"THESE ARE HARD TIMES."

Yes; and the extravagance, thoughtless speculation and wild debt-making has caused this panic over which its authors now ament. Everybody-went into business with borrowed capital and trying to forget that pay-day would ever come. Banks were borrowed dry by men who could not pay half their debts, and then, last winter eight millions and a half more of banking capital was created by act of Assembly and thrown, before the people to tempt, corrupt, and de-bauch, the public mind into proflagacy and general bankruptcy.
Prices went mad. Produce and labor all

got fabulous sums; but neither labor nor produce will have any riches left them un-

der the general collapse.

The result must be a return to first principles and the financial world must learn that business can only be safely done on actual and real capital and not on its ficti-

actual and real capital and not on its fictitious representative.

Some of the Philadelphia Banks have
suspended specie payments—nearly all of
them refuse to pay deposits. The best
among them have and will weather through
the storm. The Gerard and Pennsylvania

Nearly one half of the country banks have

On last Saturday a rush was made upon the Danville bank and it soon declined to pay depositers anything, but during Saturday paid note holders.

WHAT IS DEMOCRACY.

ples of progress. It is onward and outward in its movements. It has a heart for action and motives for a world. It constitutes the principle of diffusion and is to humanity what the centringal force is to a revolving orb of a universe. What motion is to them, Democracy is to principle. It is the soul It conforms to the providence of God. It has confidence in man and an abi-ding reliance in his high destiny. It seeks ding reliance in his high destiny. It seeks the largest liberty, the greatest good, and the surest happiness. It aims to build up the great interests of the many, to the least detriment of the few. It remembers the past without neglecting the present. It establishes the present, without foaring to provide for the future. It cares for the weak, while it permits no injustice to the veak, while it permits no injustice to the strong. It conquers the oppressor, and pre-pares the subject of tyranny for freedom.— It melts the bigot's heart to meekness, and reconciles his mind to knowledge. It dis-pels the cloud of ignorance and superstition, prepares the people for instruction, and self-respect. It adds wisdom to legislation, self-respect. It adds wisdom to legislation, and improved judgement to government—
It favors enterprises that yields to many, and an industry that is permanent. It is the pioneer of humanity—the conservator of nations. It fails only when it ceases to be true to itself. It will quench the fire of Republicanism and hush the brawlings of fanatics. fanatics.

The following, from the Berks and Schuyl kill Journal, the Wilmot and Republican or gan in Berks county, we commend to the attention of the citizens of oil counties, as showing in what estimation our candidate for Judge of the Supreme Court is held at home, even by his political opponents:—

'The nomination of Mr. Strong will elicit
a large vote in his favor not only from his
own party, but from those who stand in the
position of political opponents, and this
will be the case not alone in Berks, but
wherever he is known. Mr. S. is a graduate of Yale College, which he left with the
highest honor. His legal career comenced in this county, where his is denuts soon ed in this county, where his talents soon placed him at the head of the bar. He repplaced him at the head of the bar. He rep-resented this county in Congress two terms, and declined a re-election. To legal abili-ties of the highest order, he adds great in-dustry and power of application to business, and the unimpeachable integrity of his character, his sympathy with all business enterprises that have added to the prosperity of this city, and his private virtues, have secured him universal respect and the affectionate regards of this community. In saying this we do but justice to a political opponent."

Amendments to the Constitution

The citizens of Columbia county should no forget that they will be called on at the elecimportant amendments to the State Constitu-tion. They will be found in an other part of this paper. THE ILL-FATED STEAMER.—The loss of the Central America still continues to excite public attention. The adjourned meeting at New York on behalf of the sofferers resulted in the collection of \$8,085. This, added to \$2,000 already collected at Norfolk, makes \$10,000 already collected at Norfolk 085. It is presumed, from the hearty re sponse of the public, that the amount con-tributed in New York will not fall short of

> A DIFFERENCE .- The Black Republica papers in all parts of the State are engaged in publishing notices complimentary to Mr Wilmot, taken from Democratic journals at a time when that gentleman was acting with the when that gentleman was acting with the Democratic party, and contrasting them with what the same papers say of Mr. Wilmot's course at the present time. Well what does that prove? Gen. Washington praised Arnold when he was fighting for the liberties of his country, but when he surned traitor and loined the country. and joined the enemy he changed his opin-ion, and denounced both the man and his treasonable acts.

Pittelon, Luzerne county, was robbed on Sunday night, 13th inst. An entrance was effected through a window. The robber or robbers then went to the iron safe, unlocked it, and took out between four and five hun dred doflars—having the magnanimity to leave untouched just twenty cents. The safe done much damage. The loss is estimated at \$10,160. It is supposed to have been the work of an incendiary.

Wherever he goes, he meets with but poor recoption, and leaves without a regret from his party friends. In Clarion, Meadwille, Franklin and Mercer, he has been received Franklin and Mercer, he has been received by comparatively small numbers, less than an ordinary town meeting. To a humilating fact is, that his pitgrimage through the State has been an utter failure. The people are sick of abolition barangues, and are beginning to suspect the real truth, that there is nothing but trickery in the Kensas excitement, upon which he has been pleased to be base his entire hopes of success. This campaign will be known through coming time as that which was conducted by one of the parties with an utter disregard of all State interest and the ignoring of its true issues.

Wilmot declared at Clarnon that in almost every instance, but his first speech in Philadelphia, he had addressed himself to State questions of policy. Now if we are not grieviously mistaken, Mr. Wilmot is. In one of his last speeches at Mercer, he avoided

of his last speeches at Mercer, he avoided them altogether, and in no one speech of which we have yet seen an account, do we now recall an instance in which he even alluded to them except in the most distant and superficial manner, with the single exception of that at Clarion, where he was forced to it by the previous address of Gov. Bigler.

His entire stock in trade, is apologies for his 'proviso,' whose introduction was fraught with so much injury; threadbare tirades upon the horrors of slavery, and assaults upon the consistency of others. All this will do him but lettle good with the honest and intelligent voters of our Commonwealth, who would much prefer to hear from him, some intimations as to the probable course he would pursue as our State Governor, and not as the representatives of New England abolitionism.—Pittsburg Union.

The Subsidized Press.—In the Daily New

of the 21st inst., Mr. H. B. Swoope, Chairman of the American State Committee, publishes a list of fifteen newspapers in the interior of this State, which were subsidized or paid for their support to Fremont last fall. The list was furnished by Gov. Ford, of Ohio, for the New York Herald, to rebut the charge that he had misappropriated the sum of \$20,000, which the Herald says was placed in his hands to subsidize the press of Pennsylvania. Mr. Swoope says he does not say that the po Mr. Swoops says he does not say that the pa-pers referred to received the money, which is a question between them and Gov. Ford. The amount said to have been paid to the fitteen was \$6,490, in sums from \$1,000 to

We understand that the difficulty b tween the Sunbury and Erie Railroad and the Elmira Coal Dealers is about being arrange by which the shipping of coal over the road will be continued. Whether Langdon & Co. have agreed to pay the 10 cents per ton more demanded by the Company, we are unable to say. The continuence of the coal trade to Elmira is of considerable importance to the Snamokin region.—Sunbury Gazette.

Last week some of our merchants were engaged in identifying a number of articles of dry goods which had been stolen from their stores by a woman, somewhat notori ous in these parts, residing in the country, several miles from town. Shop lifting had been carried on by the enterprising lady for some months previous to her detection, the some months previous to her detection, the articles stolen being principally chean dry goods, to the amount of some forty dollars. After a hearing before Squire Shiddle, Sberiff Weise provided her with accommodations in the county jail; but, she was subsequently

WILL NOT BE ARGUED DOWN .- The Con necticut clergymen to whom President Bu-chanan gave so scorching a reply, will not be put down by argument. They are out again in a three column article, addressed to the ernment; and that by recognizing the territo-rial government, the President had violated his duty. These views do not acquire any additional force by iteration. The President answer to the first letter embraced all that was necessary to be said in reply to the as sertions in the second. The controversy, so far as he is concerned, is in all probability ended .- Ledger.

In Pottsville, last Saturday, William Spence was convicted of assault and battery opon Col. Straub, and sentenced to 30 day in the county prison. Spence was one of the riclers who so seriously beat Mr. Strate on the night of the election last October. As the Sheriff was taking him from the Court House to the Jail, he broke loose and escaped!
