SALAMANDER
SAFES;
No. 26 South Fourth Street
PHILADELPHIA.
TRUTH IS MIGHTY, & MUST PREVAIL.
Report of the Committee appointed to ascertain the burning of the Iron Safes at Reading, Feb. 21, 1857.
Reading, March 4th.
The undersigned, members of the Committee, do respectfully report, that we saw the two Safes originally agreed upon by Farrel & Herring and Evans & Watson, placed side by side in a furnace, viz: The Safe in use by the Paymaster of the Philadelphia and Reading Railroad Company, in his office at Reading, manufactured by Farrel & Herring, and the Safe in use by H. A. Lantz, in his store, manufactured by Evans & Watson, and put in books and papers precisely alike.
The fire was started at 8 o'clock A. M., and kept up until four o'clock of the next day, two cords of oak and half chestnut top wood were entirely consumed, the whole under the superintendence of the subscribers, members of the Committee. The Safes were then cooled off with water, after which they were opened, and the books and papers taken out by the Committee and sent to H. A. Lantz's store for public examination, after they were first examined and marked by the Committee. The books and papers taken from the Safe manufactured by Evans & Watson were not slightly affected by the intense heat, while those taken from the Safe manufactured by Farrel & Herring were, in our judgment, damaged fully fifteen per cent. more than those taken from Evans & Watson's Safe.
JACOB H. DYSSER,
DANIEL S. HUNTER,
Having been absent during the burning, we fully coincide with the above statement in respect to the papers and books taken out of the respective Safes.

HERRING'S
THE ACKNOWLEDGED
CHAMPION!
THE recent trials at Reading
have endorsed the current
of public opinion, and
confirmed the verdict of more than 200 ac-
cused fires, proving conclusively that "Herr-
ing's" is the only safe that will not burn.
Extract from the Committee's Report on
the Trial of Iron Safes at Reading:
"On the 26th of February all the members
of the committee met to examine the papers
and books and papers, (placed in them) and
were perfectly satisfied that all was right—
The day following, the burning took place,
under the superintendence of the Committee.
After a fair and impartial burning for five
hours, the Safe of Messrs. Evans & Watson
was first opened, the Safe being on fire in-
side, and the contents partially consumed,
while the contents in the Safe of Messrs.
Farrel & Herring were in good condition,
and no fire inside."
