Phil's Manufactured SALAMANDER SAFES; No. 26 South Fourth Street, PHILADELPHIA.

TRUTH IS MIGHTY, & MUST PREVAIL. Report of the Committee appointed to superintend the burning of the Iron Safes at Reading, Feb. 27th, 1857.

Reading, March 4th. The undersigned, members of the Committee, do respectfully report, that we saw the two Safes originally agreed upon by Farrell & Herring and Evans & Watson, placed side by side in a furnace, viz: The safe in use by the Paymaster of the Philadelphia and Reading Railroad Company, in his office at Reading, manufactured by Farrell & Herring, and the safe in use by H. A. Lanz, in his store, manufactured by Evans & Watson, and put in the safe and papers precisely alike.

The safe was started at 8 o'clock, A. M., and kept up until four o'clock of green hickory, two cords dry oak and half chestnut top wood were entirely consumed, the whole under the superintendence of the subscribers, members of the Committee. The Safes were then cooled off with water, after which they were opened, and the books and papers taken out for public examination, after they were first examined and marked by the Committee. The books and papers taken from the safe manufactured by Evans & Watson, were but slightly affected by the intense heat, while those taken from the safe manufactured by Farrell & Herring were, in our judgment, damaged fully fifty per cent more than those taken from Evans & Watson's Safe.

JACOB H. DYSSER, DANIEL S. HUNTER. Having been absent during the burning, we fully coincide with the above statement of the condition of the papers and books taken out of the respective Safes.

G. A. NICOLLS, H. H. MULHOLLAND, JAMES MULHOLLAND. The following named gentlemen, residents of Reading and its vicinity, who saw the above fire, have purchased Safes from Evans & Watson since the burning up to May 1st, 1857.
