A Retired Physician

75 YEARS OF AGE.

Whose sands of life have nearly run out, discovered while in the East Indice, a certain cure for Consumption, Ashma, Bronchitis, Conghe, Colds, and General Debilty. The remedy was discovered by him when his only child, a daughter, was given up to die. He had heard much of the wonderful restorative and healing qualities of preparations made from the East India Hemp, and the thought occurred that he might make a remedy for his child. He studied hard and succeeded in realizing his wishes. His child was cured, and is now alive and well. He has since administered the wonderful remedy to thousands of sufferers in all parts of the world and he has never failed in making them completely healthy and bappy. Wishing to do as much good as possible, he will send to such of his afflicted fellow-beings as request it, this recipe, with fall and explicit directions for making it up, and successfully using it.
