Robbery -- A start in the Clothing Business

On Thursday night of last week a robbery was committed at the Susquehanna House in Sunbury, kept by Michael Wilvert, by two men, who entered one of the windows and ed of nine coate, a pair of boots and hat. The latter was dropped in the street before the thieves succeeded in carrying away their booty. It appears that two boatmen belonging to a boat lying at the coal wharves had been at the house in the eveing previous to the robbery, and when the Mr. Wilvert immediately suspected these men. Warrants were obtained from Squire Shindel, and Constable Brosious proceeded to the bost to apprehend the supposed offenders.
They were not to be found there, but pres-

ently made their appearance in a skiff from the other side of the river. Upon being quesioned what they had been doing on the other side of the river they replied that they had gone scross to feed their horses; but the drinorses were not on the other side of the river suspicion produced by their prevarication Subsequently, the officer crossed the river, and found the coats concealed under a rock along the Blue Hill. Ten coats were found, although but nice had been stolen. Here wee a mystery that could not be solved, until was discovered that one of the men, who present before the Justice in his shirt sleeves was found to be wet, and in the same moist ndition as his other clothing. It was his coat, and he had placed it with the stolen cumstantial evidence was too strong to be dieregarded, and the two gentlemen who had made so fine a start in the clothing business were provided with rooms in Sheriff Wise's boarding house. Some of the Signers of the Memorial.—The New Haven Register says:

"Among the signers who remonstrated with President Buchanan against the observance of his oath to see that the laws are faithfully executed,' are the names of persons who con tributed siz of the twenty-seven rifles given at the famous North Church meeting in 1856, to 'shoot border-ruffians.' It was on that memoriable occasion that Rev. Henry Ward Beecher told the New Haven Kansas Company that 'il was a shame to shoot at a man and not hit him? These worthies seem to have changed their tactics of late. Remembering that 'those who take the sword' are apt to 'die by the sword,' they have wisely dropped the 'border ruffians,' and taken to 'praying for the President'—a safer, and we trust, a more fructifying occupation."

T. KINGSFORD & SOX'S

OSWEGO STARGE,

(FOR THE LAUNDRY.)

HAS catablished a greater celebrity than

genti- Starbas ever been obtained by any other

Starch.

This has been the result of its marked superiority in quality, and its invariable uni-

periority in quality, and its invariable uni-formity.

The public may be assured of the continu-ance of the high standard now established.

The production is over Twenty Tons deily, and the demand has extended throughout the whole of the United States, and to foreign

whole of the United States, and to lone countries.

Working thus on a very large scale, and under a rigid system, they are able to secure a perfect and uniformity in the quality toroughout the year. This is the great Deciderature in Starch-making, and is realized now for the first time.

The very best starch thatean be made, and no other, is always warted by consumers, and while this will be supplied to them by the grocers, as soon as their customers have learned which is the best, and ask for it—otherwise they would be likely to get that article on which the largest profit can be made.

article on which the largest profit can be made.

Mr. Kingsford has been engaged in the manufacture of starch continuously for the isal. Tyears, and during the whole of the period, the starch made under his supervision has been, beyond any question, the best in the market. For the first 17 years, he had the charge of the works of Wrh. Colgate & Co., at which period he invented the process of the manufacture of corn starch.

Ask for Kingsford's Starch, as the name Osucego has recently been taken by another factory.

T. KINGSFORD & SON'S

OSWEGO CORN STARCH,

(For Puddings, &c.)

Has obtained an equal celebrity with their
Starch for the Laundry. This article is perfectly pure, and is, in every respect, equal to
the best Bermuda Arrow-Root, besides having additional qualities which render it invaluable for the dessert.

Potato Starch has been extensively packed
and sold as Corn Starch, and has given false
impressions to many, as to me real merits of
our. Corn Starch:

From its great delicate and purity, it is
