TO MECHANICS, INVENTORS & MANUFACTURERS.

In announcing the THIRTEENTH annual volume of the *Scientific American*, the publishers respectfully inform the public that in order to increase and stimulate the formation of clubs, they propose to offer

ONE THOUSAND FIVE HUNDRED DOLLARS IN CASH PREMIUMS

for the fifteen largest lists of subscribers sent in by the 1st of January, 1858; said premiums to be distributed as follows:

For the largest list, $300; 2d, $250; 3d, $200; 4th, $150; 5th, $100; 6th, $90; 7th, $80; 8th, $70; 9th, $60; 10th, $50; 11th, $40; 12th, $35; 13th, $30; 14th, $25; 15th, $20.

Names of subscribers can be sent in at different times and from different Post Offices. The cash will be paid to the orders of the successful competitors, immediately after the 1st of January, 1858.

Southern, Western and Canada money will be taken for subscriptions. Canadian subscribers will please to remit Twenty-six cts. extra on each year's subscription to pre-pay postage.

Terms of Subscription—Two dollars a year or One Dollar for six months.

Club Rates—Five copies, for six months, $4; Five copies, for twelve months, $8; Ten copies, for six months, $8; Ten copies for twelve months, $15; Twenty copies, for 12 months, $28.

For all Clubs of Twenty and over, the yearly subscription is only $1 40.

The new volume will be printed upon fine paper with new type.

The general character of the *Scientific American* is well known, and, as heretofore, it will be chiefly devoted to the promulgation of information relating to the various Mechanical and Chemical Arts, Manufactures, Agriculture, Patents, Inventions, Engineering, Mill Work, and all interests which the light of Practical Science is calculated to advance. It is issued weekly, in form for binding; it contains annually from 500 to 600 finely executed Engravings, and notices of American and European Improvements, together with an Official List of American Patent Claims published weekly in advance of all other papers.

It is the aim of the Editors of the *Scientific American* to present all subjects discussed in its columns in a practical and popular form. They will also endeavor to maintain a candid fearlessness in combating and exposing false theories and practice in Scientific and Mechanical matters, and thus preserve the character of the Scientific American as a reliable Encyclopedia of Useful and Entertaining Knowledge.

Specimen copies will be sent gratis to any part of the country.

T. KINGSFORD & SON'S
PURE
OSWEGO STARCH,
(FOR THE LAUNDRY.)

HAS established a greater celebrity than has ever been obtained by any other Starch.

This has been the result of its marked superiority in quality, and its invariable uniformity.

The public may be assured of the continuance of the high standard now established.

The production is over Twenty Tons daily, and the demand has extended throughout the whole of the United States, and to foreign countries.

Working thus on a very large scale, and under a right system, they are able to secure a perfect and uniformity in the quality throughout the year. This is the great Desideratum in Starch making, and is realized now for the first time.

The very best starch that can be made, and *no other*, is always wanted by consumers, and while this will be supplied to them by the grocers, as soon as their customers have learned which is the best, and ask for it—otherwise they would be likely to get that article on which the largest profit can be made.

Mr. Kingsford has been engaged in the manufacture of starch continuously for the last 27 years, and during the whole of the period, the starch made under his supervision has been, beyond any question, the best in the market. For the first 17 years, he had the charge of the works of Wm. Colgate & Co., at which period he invented the process of the manufacture of corn starch.

☞ *Ask for Kingsford's Starch, as the name Oswego has recently been taken by another factory.*

T. KINGSFORD & SON'S
OSWEGO CORN STARCH,
(*For Puddings, &c.*)

Has obtained an equal celebrity with their Starch for the Laundry. This article is perfectly pure, and is, in every respect, equal to the best Bermuda Arrow-Root, besides having additional qualities which render it invaluable for the dessert.

Potato Starch has been extensively packed and sold as Corn Starch, and has given false impressions to many, as to the real merits of our Corn Starch.

From its great delicacy and purity, it is coming also into extensive use as a diet for infants and invalids.

Of all disease; the great, first cause
Springs from neglect of Nature's laws.

SUFFER NOT, WHEN A CURE is guaranteed in all stages of SECRET DISEASES, SELF-ABUSE, NERVOUS Debility, Strictures, Gleets, Gravel, Diabetes, Diseases of the Kidneys and Bladder, Mercurial Rheumatism, Scrofula, Pains in the Bones and Ankles, Diseases of the Lungs, Throat, Nose and Eyes, Ulcers upon the body or limbs, Cancers, Dropsy, Edileptic Fits, St. Vita's Dance, and all diseases arising from a derangement of the Sexual Organs.

Such as nervous trembling, loss of memory, loss of power, general weakness, dimness of vision with peculiar spots appearing before the eyes, loss of sight, wakefulness dyspepsia, Liver disease, eruptions upon the face, pain in the back and head, female irregularities and all improper discharges from both sexes. It matters not from what cause the disease originated, however long standing or obstinate the case, recovery is certain, and in a shorter time than a permanent cure can be effected by any other treatment, even after the disease has baffled the skill of eminent physicians and resisted all the means of cure. The medicines are pleasant without odor, causing no sickness and free from mercury or balsam. During 20 years of practice, I have rescued from the jaws of death many thousands, who, in the last stages of the above mentioned diseases had been given up to die by their physicians, which warrants me in promising to the afflicted, who may place themselves under my care, a perfect and most speedy cure. Secret diseases are the greatest enemies to health, as they are the first cause of Consumption, Scrofula and many other diseases, and should be a terror to the human family. As a permanent cure is scarcely ever effected, a majority of the cases falling into the hands of incompetent persons, who not only fail to cure the diseases but ruin the constitution, filling the system with mercury, which, with the disease, hastens the sufferer into a rapid consumption.

But should the disease and the treatment not cause death speedily and the victim marries, the disease is entailed upon children, who are born with feeble constitutions, and the current of life corrupted by a virus which betrays itself in Scrofula, Tetter, Ulcers, Eruptions and other affections of the skin, Eyes, Throat and Lungs, entailing them to an early grave.

Self-abuse is another formidable enemy to health, for nothing else in the dread catalogue of human diseases causes so destructive a drain upon the system, drawing its thousands of victims through a few years of suffering down to an untimely grave. It destroys the Nervous system, rapidly wastes away the energies of life, causes mental derangement, prevents the proper development of the system, disqualifies for marriage, society, business, and all earthly happiness, and leaves the sufferer wrecked in body and mind, predisposed to consumption and a train of evils more to be dreaded than death itself. With the fullest confidence I assure the unfortunate victims of self-abuse that a permanent and speedy cure can be effected, and with the abandonment of ruinous practices my patients can be restored to robust, vigorous health.

The afflicted are cautioned against the use of Patent Medicines, for there are so many ingenious snares in the columns of the public prints to catch and rob the unwary sufferers that millions have their constitutions ruined by the vile compounds of quack doctors, or the equally poisonous nostrums vended as 'Patent Medicines.' I have carefully analyzed many of the so called Patent Medicines and find that nearly all of them contain Corrosive Sublimate, which is one of the strongest preparations of mercury and a deadly poison, which instead of curing the disease disables the system for life.

Three-fourths of the patent nostrums now in use are put up by unprincipled and ignorant persons, who do not understand even the alphabet of the Materia Medica, and are equally as destitute of any knowledge of the human system, having one object only in view, and that to make money regardless of consequence.

Irregularities and all diseases of males and females treated on principles established by 20 years of practice, and sanctioned by thousands of the most remarkable cures. Medicines with full directions sent to any part of the United States or Canadas, by patients communicating their symptoms by letter. Business correspondence strictly confidential. Address

J. SUMMERVILLE, M. D., Office No. 1131 Filbert Street, [Old No. 109] below Twelfth, Philadelphia.

A Retired Physician
75 YEARS OF AGE.

Whose sands of life have nearly run out, discovered while in the East Indies, a certain cure for Consumption, Asthma, Bronchitis, Coughs, Colds, and General Debility. The remedy was discovered by him when his only child, a daughter, was given up to die. He had heard much of the wonderful restorative and healing qualities of preparations made from the East India Hemp, and the thought occurred that he might make a remedy for his child. He studied hard and succeeded in realizing his wishes. His child was cured, and is now alive and well. He has since administered the wonderful remedy to thousands of sufferers in all parts of the world and he has never failed in making them completely healthy and happy. Wishing to do as much good as possible, he will send to such of his afflicted fellow-beings as request it, this recipe, with full and explicit directions for making it up, and successfully using it. He requires each applicant to inclose him one shilling—three cents to be returned as postage on the recipe, and the remainder to be applied to the payment of this advertisement. Address

IMPORTANT DISCOVERY.
CONSUMPTION,
AND ALL DISEASES OF THE LUNGS

And THOATT are positively curable by inhalation, which conveys the remedies to the cavities in the lungs through the air passages, and coming in direct contact with the disease, neutralizes the tubercular matter, allays the cough, causes a free and easy expectoration, heals the lungs, purifies the blood, imparts renewed vitality to the nervous system, giving that tone and energy so indispensable for the restoration of health. To be able to state confidently that Consumption is curable by inhalation, is to me a source of unalloyed pleasure. It is as much under the control of medical treatment as any other formidable disease; ninety out of every hundred cases can be cured in the first stages, and fifty per cent. in the second; but in the third stage it is impossible to save more than five per cent., for the lungs are so cut up by the disease as to bid defiance to medical skill. Even, however, in the last stages, inhalation affords extraordinary relief to the suffering, attending this fearful scourge, which annually destroys ninety five thousand persons in the United States alone; and a correct calculation shows that out of the present population of the earth, eighty millions are destined to fill the consumptive's grave.

Truly the quiver of death has no arrow so fatal as Consumption. In all ages it has been the great enemy of life, for it spares neither age nor sex, but sweeps off alike the brave, the beautiful, the graceful, and the gifted.—By the help of that Supreme Being, from whom cometh every good and perfect gift, I am enabled to offer to the afflicted a permanent and speedy cure in Consumption. The first cause of tubercles is from impure blood, and the immediate effect, produced by their deposition in the lungs, is to prevent the free admission of air into the air cells, which causes a weakened vitality through the entire system. Then surely it is more rational to expect greater good from medicines entering the cavities of the lungs than from those administered through the stomach; the patient will always find the lungs free and the breathing easy after inhaling remedies. Thus, inhalation is a local remedy, nevertheless it acts constitutionally, and with more power and certainty than remedies administered by the stomach. To prove the powerful and direct influence of this mode of administration, chloroform inhaled will entirely destroy sensibility in a few minutes, paralyzing the entire nervous system, so that a limb may be amputated without the slightest pain; inhaling the ordinary burning gas will destroy life in a few hours.

The inhalation of ammonia will rouse the system when fainting or apparently dead.—The odor of many of the medicines is perceptible in the skin a few minutes after being inhaled, and may be immediately detected in the blood. A convincing proof of the constitutional effects of inhalation, is the fact that sickness is always produced by breathing foul air. Is not this positive evidence that proper remedies, carefully prepared and judiciously administered through the lungs, should produce the most happy results? During eighteen years' practice, many thousands, suffering from diseases of the lungs and throat, have been under my care, and I have affected many remarkable cures, even after the sufferers had been pronounced in the last stages, which fully satisfies me that consumption is no longer a fatal disease.—My treatment of consumption is original, and founded on long experience and a thorough investigation. My perfect acquaintance with the nature of tubercles, &c, enables me to distinguish readily the various forms of disease that simulate consumption, and apply the proper remedies rarely being mistaken even in a single case. This familiarity in connection with certain pathological and microscopic discoveries, enables me to relieve the lungs from the effects of contracted chests; to enlarge the chest, purify the blood, impart to it renewed vitality, giving energy and tone to the entire system.

Medicines with full directions sent to any part of the United States and Canadas by patients communicating their symptoms by letter. But the cure would be more certain if the patient should pay me a visit, which would give me an opportunity to examine the lungs and enable me to prescribe with greater certainty, and then the cure could be effected without my seeing the patient again.

HOWARD ASSOCIATION,
PHILADELPHIA.
IMPORTANT ANNOUNCEMNET.

TO all persons afflicted with Sexual Diseases, such as *Spermoratrhœa, Seminal Weakness, Impotence, Gonorœrha, Gleet, Syphilis,* the vice of *Onanism, &c, &c.*

The "Howard Association," inview of the awful destruction of human life, caused by Sexual diseases, and the deceptions practised upon the unfortunate victims of such diseases by Quacks, have directed their Consulting Surgeon, as a *charitable act* worthy of their name, to give Medical advice *gratis*, to all persons thus afflicted, who may apply by letter, with a description of their condition, (age, occupation, habits of life, &c.,) and in cases of extreme poverty and suffering, to *furnish medicines free of charge.*

The Howard Association is a benevolent Institution, established by special endowment, for the relief of the sick and distressed, afflicted with "Virulent and Epidemic Diseases." It has now a surplus of means, which the Directors have voted to expend in advertising the above notice. It is needless to add that the Association commands the highest Medical skill of the age, and will furnish the most approved modern treatment.

Just published, by the Association, a Report on Spermatorrhœa, or Seminal Weakness, the vice of Onanism, Masturbation or Self Abuse, and other diseases of the Sexual Organs, by the Consulting Surgeon, which will be sent by mail, (in a sealed envelope), *Free of Charge*, on the receipt of *two stamps* for postage.

Address, Dr. GEO. R CALHOUN, Consulting Surgeon, Howard Association, No. 2 South NINTH Street, Philadelphia, Pa. By order of the Directors.

EVANS & WATSON'S
Phil'a Manufactured

SALAMANDER SAFES;
No. 26 South Fourth Street
PHILADELPHIA.

TRUTH IS MIGHTY, & MUST PREVAIL.

Report of the Committee appointed to superintend the burning of the Iron Safes at Reading, Feb. 27th, 1857.

READING, March 4th.

The undersigned, members of the Committee, do respectfully report, that we saw the two Safes originally agreed upon by Farrels & Herring and Evans & Watson, placed side by side in a furnace, viz: The Safe in use by the Paymaster of the Philadelphia and Reading Railroad Company, in his office at Reading, manufactured by Farrels & Herring, and the Safe in use by H. A. Lantz, in his store, manufactured by Evans & Watson, and put in books and papers precisely alike.

The fire was started at 8½ o'clock, A. M., and kept up until four cords of green hickory, two cords dry oak and half chestnut top wood were entirely consumed, the whole under the superintendence of the subscribers, members of the Committee. The Safes were then cooled off with water, after which they were opened, and the books and papers taken out by the Committee and sent to H. A. Lantz's store for public examination, after they were first examined and marked by the Committee. The books and papers taken from the Safe manufactured by Evans & Watson were but slightly affected by the intense heat, while those taken from the Safe manufactured by Farrels & Herring were, in our judgment, damaged fully fifteen per cent. more than those taken from Evans & Watson's Safe.

JACOB H. DYSHER,
DANIEL S. HUNTER.

Having been absent during the burning, we fully coincide with the above statement of the condition of the papers and books taken out of the respective Safes.

G. A. NICOLLS,
H. H. MUHLENBERG,
JAMES MILHOLLAND.

The following named gentlemen, residents of Reading and its vicinity, who saw the above fire, have purchased Safes from Evans & Watson since the burning up to May 1st, 1857.

THE SECRET INFIRMITIES OF YOUTH AND MATURITY,
Just Published, Gratis, the 25th Thousand.

A few words on the rational treatment, without Medicine, of Spermatorrhea or Local Weakness, Nocturnal Emissions, Genital and Nervous Debility, Premature Decay of the System, Impoteney, and Impediments to Marriage generally.

BY B. DE LANEY, M. D.

The important fact that the many alarming complaints, originating in the imprudence and solitude of youth, may be easily removed *without Medicine*, is in this small tract, clearly demonstrated; and the entirely new and highly successful treatment, as adopted by the Author, fully explained, by means of which every one is enabled to cure *himself* perfectly and at the least possible cost, thereby avoiding all the advertised nostrums of the day.

Sent to any address, gratis and post free in a sealed envelope, by remitting, postpaid, two postage stamps, to Dr. B. DE LANEY, 17, Lispenard Street, New York City.

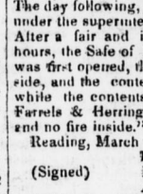
TO THE FASHONABLE AND
OTHERS.

THE undersigned having just received the latest Paris and New York Fashions would again beg leave to inform his numerous friends and all the world about Bloomsburg, that he is now better prepared than ever to accommodate any one with the neatest easiest and best fitting suits of Clothes that have been turned out lately; and not only that, but he will also do them up in the best order, upon the lowest terms.

His shop is at the old stand, (too well known to need further notice) where he may at all times be found, seated upon the *bench* of repentance, steadily drawing out the *threads* of affliction, hopeing it may in the *end* prove advantageous to him and his customers. He would also advise his fiends to bear in mind that poor, afflicted tailors must live, or they can't be expected to work. Therefore Wheat Rye, Corn, Oats, Potatoes, and with all now and then a little CASH will come mighty handy from those who are back-standing on the books.

Remember, gentlemen, that in all cases "the laborer is worthy of his hire."

BERNARD RUPERT.
Bloomsburg, April 14th, 1853.



HERRING'S
SAFE,
THE ACKNOWLEDGED
CHAMPION!!

THE recent trials at Reading have endorsed the current of public opinion, and confirmed the verdict of more than 200 accidental fires, proving conclusively that "Herring's" is the only safe that will not burn.

Extract from the Committee's Report on the Trial of Iron Safes at Reading:

"On the 26th of February all the members of the Committee met to witness the Safes and books and papers, (placed in them) and were perfectly satisfied that all was right.—The day following, the burning took place, under the superintendence of the Committee. After a fair and impartial burning for five hours, the Safe of Messrs. Evans & Watson was first opened, the Safe being on fire inside, and the contents partially consumed, while the contents in the Safe of Messrs. Farrels & Herring were in good condition, and no fire inside."

Reading, March 2, 1857.

(Signed) H. F. FELIX, P. N. COLEMAN, A. H. PEACOCK. } *Com.*

And endorsed by over 50 of the best men of Reading.

The above Safes can be inspected at 34 Walnut Street, where the public can satisfy themselves of the great superiority of the "Herring's Patent Champion," over the defeated and *used-up* "inside iron Door Salamander."

FARRELS & HERRING,
34 Walnut St., Philad'a.

Only makers in this State of Herring's Patent Champion Safes.

The attempt made by other parties to bolster up the reputation of a Safe which has failed signally in accidental fires in Philadelphia, (Ranstead Place,) by taking one out of an agent's store, [H. A. Lantz.] made double thickness, (different from those they sell) to "burn up" one of Herring's, (half as thick) has met with its true reward. Herring's Safe could not be burnt, proving conclusively that the only reliable Safe now made is Herring's, of which over 15,000 are now in actuel use, and more than 200 have been tried by fire *without a single loss.*

Philadelphia, May 8, 1857—1y.

LOTTERIES.

THE well-known Maryland Consolidated Lotteries, of which R. FRANCE & Co. are the managers, are chartered by the state of Maryland, and a commissioner elected by the people, who is sworn to superintend and certify that everything connected with them is done in a strictly honorable manner, and that the interists of parties who reside at a distance are as well protected as if they themselves were present at the drawing.—Another fact which the managers call attention to, is, that all persons have a legal right to send orders for tickets to Maryland, as lotteries are legalized by special law in that state. A lottery is drawn every day of the month. If no particular class is named, orders are filled in the first drawing to take place after the communication comes to hand. The prices of tickets vary from $1 to $20. No tickets are, however, sent unless the money for the same is received with the order. The drawings are upon the principle of one number on each ticket (after the Havana plan,) and Ternary combination. Prizes vary in amount from $20 to $100,000. All orders for tickets or packages will receive prompt attention, and the drawing mailed to all purchasers immediately after it is over.

Address,

T. H. HUBBARD & CO.,
No. 39 Fayette st., or Box No. 40,
Feb. 3d, 1857.-1y. Baltimore, Md.

☞ The Drawn Numbers of the Maryland Loteries are published by the State Commissioner in the following papers, viz: *Sun, Clipper, Patriot, American, Argus,* of Baltimore; also, the *National Intelligencer* and *Union,* of Washington, D. C.
