

TO MECHANICS, INVENTORS & MANUFACTURERS.
In announcing the THIRTIETH annual volume of the Scientific American, the publishers respectfully inform the public that in order to increase and stimulate the formation of clubs, they have prepared a special offer. ONE THOUSAND FIVE HUNDRED DOLLARS IN CASH PREMIUMS for the fifteen largest lists of subscribers sent in by the 1st of January, 1888; and also premiums to be distributed as follows:
For the largest list, \$300; 2d, \$250; 3d, \$200; 4th, \$150; 5th, \$100; 6th, \$80; 7th, \$60; 8th, \$50; 9th, \$40; 10th, \$30; 11th, \$20; 12th, \$15; 13th, \$10; 14th, \$5; 15th, \$2.
Names of subscribers can be sent in at different times and from different Post Offices. The cash will be paid to the orders of the successful competitors, immediately after the 1st of January, 1888.
Southern, Western and Canada money will be taken for subscriptions. Canadian subscribers will please to remit Twenty-five cents extra on each year's subscription to pre-pay postage.
Terms of Subscription—Two dollars a year or One Dollar for six months.
Club Rates—Five copies, for six months, \$4; Five copies, for twelve months, \$8; Ten copies, for six months, \$8; Ten copies for twelve months, \$15; Twenty copies, for 12 months, \$28.
For all Clubs of Twenty and over, the yearly subscription is only \$1.40.
The new volume will be printed upon fine paper with many illustrations.
The general character of the Scientific American is well known, and, as heretofore, it will be chiefly devoted to the promulgation of information relating to the various Mechanical and Chemical Arts, Manufactures, Agriculture, Patents, Inventions, Engineering, Mill Work, and all the other branches of Practical Science, as calculated to advance. It is issued weekly, in form of binding; it contains annually from 500 to 600 finely executed Engravings, and notices of American and European Improvements, together with an Official List of American Patent Claims published weekly in advance of all other papers.
It is the aim of the Editors of the Scientific American to present all subjects discussed in its columns in a technical and popular form. They will also endeavor to maintain a careful and fearless in combating and exposing false theories and practices in Scientific and Mechanical matters, and thus preserve the character of the Scientific American as a reliable Encyclopedia of Useful and Entertaining Knowledge.
Specimen copies will be sent gratis to any part of the country.

T. KINGSFORD & SON'S
OSWEGO STARCH,
(FOR THE LAUNDRY.)
HAS established a greater celebrity than has ever been obtained by any other Starch.
This has been the result of its marked superiority in quality, and its invariable uniformity.
The public may be assured of the continuance of the high standard now established. The production is over Twenty Tons daily, and the demand has extended throughout the whole of the United States, and to foreign countries.
Working thus on a very large scale, and under a rigid system, they are able to secure a perfect and uniformity in the quality throughout the year. This is the great desideratum in Starch-making, and is realized now for the first time.
The very best starch that can be made, and no other, is always wanted by consumers, and while this will be supplied to them by the grocers, as in the past, their customers have learned which is the best, and ask for it; otherwise they would be likely to get that article on which the largest profit can be made.
Mr. Kingsford has been engaged in the manufacture of starch continuously for the last 27 years, and during the whole of the period, the starch made under his supervision has been, beyond any question, the best in the market. For the first 17 years, he had the charge of the works of Wm. Colgate & Co., at which he invented the process of the manufacture of corn starch.
Ask for Kingsford's Starch, as the name Oswego has recently been taken by another factory.
T. KINGSFORD & SON'S
OSWEGO CORN STARCH,
(For Laundering, &c.)
Has obtained an equal celebrity with their Starch for the Laundry. This article is perfectly pure, and is, in every respect, equal to the best Bermuda Arrow-root, besides having additional qualities which render it invaluable for the laundry.
Potato Starch has been extensively packed and sold as Corn Starch, and has given false impressions to many, as to the real merits of our Corn Starch.
From its great delicacy and purity, it is coming also into extensive use as a diet for infants and invalids.

Of all diseases the great, first cause
Springs from neglect of Nature's
SUFFER NOT, WILES & CURTIS
is guaranteed in all cases of SECRET
DISEASES, SELF-ABUSE, NERVOUS Debility, Strictures, Gleet, Gravel, Diabetes, Diseases of the Kidneys and Bladder, Mercurial Rheumatism, Scrofula, Pains in the Bones and Aches, Diseases of the Lungs, Throat, Nose and Eyes, Ulcers upon the body or face, Cancer, Dropsy, Epileptic Fits, St. Vit's Dance, and all diseases arising from a derangement of the Sexual Organs, such as nervous trembling, loss of memory, loss of power, general weakness, dimness of vision with peculiar spots appearing before the eyes, loss of sight, wackledness dyspepsia, Liver disease, eruptions upon the face, pain in the back and head, female irregularities and all improper discharges from both sexes. It matters not from what cause the disease originated, however long standing or obstinate the case, recovery is certain, and in a shorter time than a permanent cure can be effected by any other treatment, even after the disease has baffled the skill of eminent physicians and resisted all the means of cure. The medicines are pleasant without odor, causing no sickness and free from mercury or bismuth. During 20 years of practice, I have received from the jaws of death many thousands, who, in the last stages of the above mentioned diseases had been given up to die by their physicians, which warrants me in promising to the afflicted, who may place themselves under my care, a permanent and most speedily cure. Secret diseases are the greatest enemies to health, as they are the first cause of Consumption, Scrofula and many other diseases, and should be a terror to the human family. As a permanent cure is so readily effected, a majority of the cases falling into the hands of incompetent persons, who not only fail to cure the disease but ruin the constitution, filling the system with mercury, which, with the disease, hastens the sufferer into a rapid consumption. It is not only the cause of the disease, but not cause death speedily and the victim, marries, the disease is entailed upon children, who are born with feeble constitutions, and the current of life corrupted by a virus which begets itself in the system, and the system of self-abuse that is the cause of the disease, Throat and Lungs, entailing them to an early grave.
Self-abuse is another formidable enemy to health, for nothing else in the great catalogue of vices, causes so much derangement, prevents the proper development of the system, disqualifies for marriage, society, business, and all earthly happiness, and leaves the sufferer wrecked in body and mind, predisposed to consumption and a train of evils more to be dreaded than death itself. With the fullest confidence I assure the unfortunate victims of self-abuse that a permanent and speedy cure can be effected, and with the abandonment of ruinous practices my patients can be restored to robust vigour and health.
The afflicted are cautioned against the use of Patent Medicines, for there are so many of them, and so many of them are so injurious to each and to the unwary sufferers that millions have their constitutions ruined by the vile compounds of quick disease, or the equally poisonous compounds of Patent Medicines. I have carefully examined the medicine of the so-called Patent Medicines and find that nearly all of them contain Corrosive Sublimates, which is one of the strongest preparations of mercury and a deadly poison, which is sure of curing the disease, but the system for life.
Three-fourths of the patent nostrums now in use are put up by unscrupulous and ignorant persons, who do not understand even the alphabet of the Materia Medica, and are equally ignorant of any knowledge of the human system, having no object but to get up a disease, to have money regardless of consequence. Irregularities and all diseases of males and females treated on principles established by 20 years of practice, and sanctioned by thousands of the most respectable names in the United States or Canada, by patients communicating their symptoms by letter. Business correspondence strictly confidential. Address
E. SUMMERVILLE, M. D., Office No. 1121 Arch Street, Philadelphia. [Old No. 109] below Twelfth, Philadelphia.

A Retired Physician
75 YEARS OF AGE.
Whose sands of life have nearly run out, discovered while in the East Indies, a certain cure for Consumption, Asthma, Bronchitis, Coughs, Colics, and General Debility. The remedy was discovered by him when his only child, a daughter, was given up to die. He had heard much of the wonderful restorative and healing qualities of preparations made from the East India Hemp, and the thought occurred that he might make a remedy for his child. He studied hard and succeeded in realizing his wishes. His child was cured, and is now alive and well. He has since administered the wonderful remedy to thousands of sufferers in all parts of the world and he has never failed in making them completely healthy and happy. Wishing to do as much good as possible, he will send to each of his afflicted followers, on request, this recipe, with full and explicit directions for making it up, and successfully using it. He requires each applicant to enclose him one shilling—three cents to be returned by postage to the recipient, and the remainder to be applied to the payment of this advertisement. Address

IMPORTANT DISCOVERY.
CONSUMPTION,
AND ALL DISEASES OF THE LUNGS
AND THROAT are positively curable by inhalation, which conveys the remedies to the cavities in the lungs through the air passages, and coming in direct contact with the disease, neutralizes the tubercular matter, allays the cough, causes a free and easy expectoration, heals the lungs, purifies the blood, imparts renewed vitality to the nervous system, giving that tone and energy so indispensable for the restoration of health. To be able to state confidently that Consumption is curable by inhalation, is to me a source of unalloyed pleasure. It is as much under the control of medical treatment as any other formidable disease; ninety out of every hundred cases can be cured in the first stages, and fifty per cent. in the second; but in the third stage it is impossible to save more than five per cent., for the lungs are so cut up by the disease as to bid defiance to medical skill. Even, however, in the last stages, inhalation affords an extraordinary relief to the suffering, attending this fearful scourge, which annually destroys ninety five thousand persons in the United States alone; and a correct calculation shows that out of the present population of the earth, eighty millions are destined to fill the consumption, and the number truly the quiet of death has no arrow so fatal as Consumption. In all ages it has been the great enemy of life, for it spares neither age nor sex, but sweeps off alike the brave, the beautiful, the graceful, and the gifted. By the help of the Superior Drug, known as cough every good and perfect gift, I am enabled to offer to the afflicted a permanent and speedy cure in Consumption. The first cause of tubercles is from impure blood, and the immediate effect, produced by their deposition in the lungs, is to produce the admission of air into the air cells, which causes a weakened vitality through the entire system. Then surely it is more rational to expect greater good from medicines entering the cavities of the lungs than from those administered through the stomach; the present will always find the lungs free and the breathing easy after inhaling remedies. Thus, inhalation is a local remedy, nevertheless it acts constitutionally, and with more power and certainty than remedies administered by the stomach. To prove the power and direct effect of this mode of administration, chloroform inhaled will entirely destroy sensibility in a few minutes, paralyzing the entire nervous system, so that a limb may be amputated without the slightest pain; inhaling the ordinary burning gas will destroy life in a few minutes. The inhalation of ammonia will raise the system when fainting or apparently dead. The odor of many of the medicines is so offensive, and may be immediately detected in the blood, and causing great discomfort, the constitutional effects of inhalation, is the most efficacious of all remedies. The fact that sickness is always produced by breathing foul air. Is not this positive evidence that proper remedies, carefully prepared and judiciously administered through the lungs, should produce the most happy results? During the winter season, the lungs are especially suffering from diseases of the lungs and throat, have been under my care, and I have effected many remarkable cures, even after the sufferer had been pronounced in the last stages, which fully satisfies me that Consumption is no longer a fatal disease. My treatment of Consumption is original, and founded on long experience and a thorough investigation. My perfect acquaintance with the nature of tubercles, &c., enables me to distinguish readily the various forms of disease that simulate Consumption, and apply the proper remedy in each case, taken even in a single case. This familiarity, in connection with certain pathological and microscopic discoveries, enables me to relieve the lungs from the effects of contracted chest; to enlarge the chest, purify the blood, impart to the system an energy, giving energy and tone to the entire system.
Medicines with full directions sent to any part of the United States and Canada by patients communicating their symptoms by letter. But the cure would be more certain if the patient should pay me a visit, which would give me an opportunity to examine the lungs and enable me to prescribe with greater certainty, and then the cure could be effected without my seeing the patient again.

HOWARD ASSOCIATION,
PHILADELPHIA.
IMPORTANT ANNOUNCEMENT.
All persons afflicted with Sexual Diseases, such as Gonorrhoea, Seminal Weakness, Impotence, Gleet, Syphilis, the vice of Onanism, &c., &c.
The "Howard Association," in view of the awful destruction of human life, caused by Sexual diseases, and the deceptions practiced upon the unfortunate victims of such diseases by Quacks, have formed a Society, consisting of Surgeons, as a charitable act worthy of the name, to give Medical advice gratis, to all persons thus afflicted, who may apply by letter, with a description of their condition, (age, occupation, habits of life, &c.) and in cases of extreme poverty and suffering, to furnish medicines free of charge.
The Howard Association is a benevolent Institution, established by special ordinance, for the relief of the sick and distressed, afflicted with "Violent and Epidemic Diseases." It has now a surplus of means, which the Directors have decided upon, in advertising the above notice. It is desirable to add that the Association commands the highest Medical skill of the age, and will furnish the most approved modern treatment.
Just published by the Association, a Report on Spermatitis, or Seminal Weakness, the vice of Onanism, Masturbation, or Self Abuse, and other diseases of the Sexual Organs, by the Consulting Surgeon, which will be sent by mail, (in a sealed envelope), Free of Charge, on the receipt of two stamps for postage.
Address, Dr. GEO. R. CALHOUN, Consulting Surgeon, Howard Association, No. 2 South NINTH Street, Philadelphia, Pa. By order of the Directors.
E. Z. H. HEARNE, Pres't.
GEO. L. KAY, Sec'y.

EVANS & WATSON'S
Philly Manufactured
SALAMANDER
SAFES;
No. 26 South Fourth Street
PHILADELPHIA
TRUTH IS MIGHTY, & MUST PREVAIL.
Report of the Committee appointed to superintend the burning of the Iron Safes at Reading, Feb. 27th, 1887.
READING, March 4th.
The undersigned, members of the Committee, do respectfully report, that we saw the two Safes originally agreed upon by Farrell & Herring and Evans & Watson, placed side by side in a furnace, viz: The Safe in use by the Paymaster of the Philadelphia and Reading Railroad Company, in his office at Reading, manufactured by Farrell & Herring, and the Safe in use by H. A. Lanz's, in his store, manufactured by Evans & Watson, and put in books and papers precisely alike.
The fire was started at 8 o'clock, A. M., and kept up until four cords of green hickory, two cords dry oak and half chestnut top wood were entirely consumed, the whole under the superintendence of the subscribers, members of the Committee. The Safes were then cooled off with water, after which they were opened, and the books and papers taken from the Safe manufactured by Evans & Watson were slightly affected by the intense heat, while those taken from the Safe manufactured by Farrell & Herring were, in our judgment, damaged fully fifteen per cent. more than those taken from Evans & Watson's Safe.
JACOB H. DYSSER,
DANIEL S. HUNTER.
Having been absent during the burning, we fully coincide with the above statement of contents of the papers and books taken out of the respective Safes.
G. A. NICOLLS,
H. H. M'ILLENBERG,
JAMES M'ILLENBERG,
WILLIAM M'ILLENBERG.

Millville, April 1, 1887. Principal.

THE SECRET INFIRMITIES OF YOUTH AND MATURITY.
Just Published, Gratis, the 25th Thousand.
A few words on the rational treatment, without Medicine, of Spermatitis, or Local Weakness, Neuronal Emission, Genital and Nervous Debility, Premature Decay of the System, Impotency, and Impediments to Marriage generally.
BY B. DE LANEY, M. D.
The important fact that the many alarming complaints, originating in the impureness and solitude of youth, may be easily removed without Medicine, is in this small tract, clearly demonstrated; and the entirely new and highly successful treatment, as adopted by the Author, fully explained by means of which every one is enabled to cure himself perfectly and at the least possible cost, thereby avoiding all the advertised nostrums of the day.
Sent to any address, gratis and post free in a sealed envelope, by remitting, postpaid, two penny stamps, to Dr. B. DE LANEY, 17, Lispenard Street, New York City.

MEN THAT ARE MEN.
Among the diseases this Pill has cured with astonishing rapidity, we may mention: Constipation, Bilious Complaints, Rheumatism, Dropsy, Headache, Headache arising from a fowl Stomach, Nausea, Indigestion, Morbid inaction of the Bowels, and pain arising therefrom, Flatulency, Loss of Appetite, all Ulcerous and catarrhal Diseases, which require an evacuant Medicine, Scrofula, or King's Evil. These pills purify the blood and stimulating the System, Cure many Complaints which it would not be supposed they could reach; such as Deafness, Partial Blindness, Neuralgia and nervous Irritability, Derangements of the Liver and Kidneys, Gout, and other kindred complaints, arising from a low state of the body, or obstructions of its functions. They are the best Purgative Medicine ever discovered, and you will but need to use them once to know it.
Prepared by Dr. JAS. C. AYER, Practical and Analytical Chemist, Lowell, Mass.—and sold by H. J. Moore & Co., of the College of Bloomington, and by Dealers in Medicine everywhere.
Sept. 11, 1887-2m.

HERRING'S
THE ACKNOWLEDGED CHAMPION!
THE recent trials at Reading, Pa., have endorsed the correctness of the verdict of more than 200 accredited fire proofing experts, proving conclusively that "Herring's" is the only safe that will not burn.
Extract from the Committee's Report on the Trial of Iron Safes at Reading:
On the 26th of February all the members of the Committee met to witness the Safes and books and papers, (placed in them) and were perfectly satisfied that all was right.—The day following, the burning took place, under the superintendence of the Committee. After a fair and impartial burning for five hours, the Safe of Messrs. Evans & Watson was first opened, the Safe being on fire inside, and the contents partially consumed, while the contents in the Safe of Messrs. Farrell & Herring were in good condition, and no fire inside, March 2, 1887.
H. F. FELIX,
P. N. COLEMAN, } Com.
A. H. PEACOCK, }

And endorsed by over 50 of the best men of Reading.
The above Safes can be inspected at 34 Walnut Street, where the public can satisfy themselves of the great superiority of the "Herring's Patent Champion," over the defeated and used-up "inside Iron Door Safe" manufacturer.
FARRELS & HERRING,
34 Walnut St., Phila.
Only makers in this State of Herring's Patent Champion Safes.
The attempt made by other parties to bolster up the reputation of a Safe which has failed signally in accidental fires in Philadelphia, (Ranstead Place,) by taking one out of an agent's store, (H. A. Lanz,) made doubtless a profitable sale, but it is not fair to "burn up" one of Herring's, (half as good) has met with its just reward. Herring's Safe could not be burnt, proving conclusively that the only reliable Safe now made is Herring's, of which over 15,000 are now in actual use, and more than 200 have been tried by fire without a single loss.
Philadelphia, May 8, 1887-1y.

LOTTERIES.
THE well-known Maryland Consolidated Lottery, of which R. FRANCE & Co. are the managers, are chartered by the state of Maryland, and a commissioner elected by the people, who is sworn to superintend and certify that everything connected with them is done in a strictly honorable manner, and that the prizes of parties who reside at a distance are as well protected as if they themselves were present at the drawing.—Another fact which the managers call attention to, is, that all persons have a legal right to send orders for tickets to Maryland, as lotteries are legalized by special law in that state. A lottery is drawn every day of the month. If no particular class is named, orders are filled in the first drawing to take place after the communication comes to hand. The prices of tickets vary from \$1 to \$20. No tickets are, however, sent unless the money for same is received with the ticket. The drawings are upon the principle of one number on each ticket (after the Havana plan) and Tertiary combination. Prizes vary in amount from \$20 to \$100,000. All orders for tickets or packages will receive prompt attention, and the drawing mailed to all purchasers immediately after it is over.
Address,
T. H. HURBARD & CO.,
No. 39 Fayette St., or Box No. 40,
Feb. 2d, 1887-ly. Baltimore, Md.

ISN'T IT SO?

BLOOMSBURG BOOK STORE.
THE undersigned would in this way call the attention of the public to the Book Store at the old stand, next door to the "Exchange Hotel," where all kinds of books can be found at a good assortment of books, including Bibles, Hymn Books, Prayer Books, Histories, Books of Poetry, Novels, and School Books; also all kinds of stationary of the best quality.
A considerable deduction made upon the price of School Books and Stationery to those who buy by the sale.
Just received, a good assortment of WALL PAPER, which I would ask all to call and examine before purchasing elsewhere.
CAROLINE CLARK,
Successor to Jesse G. Clark,
Bloomington, May 25, 1887-1y.
