Mr. Kingsford has been engaged in the manufacture of starch continuously for the last 27 years, and during the whole of the period, the starch made under his supervision has been, bevond any question, the best in the market. For the first 17 years, he had the charge of the works of Wm. Colgate & Co., at which period he invented the process of the manufacture of corn starch.

TRUTH IS MIGHTY, & MUST PREVAIL.

Report of the Gommittee appointed to superintend the burning of the Iron Safes at Reading, Feb. 27th, 1857.

READING, March 4th,

The undersigned, members of the Committee, do respectfully report, that we saw the two Safes originally agreed upon by Farrels & Herring and Evans & Watson, placed side by side it a furnace, viz. The Safe in one by the Paymaster of the Philadelphia and Reading, manufactured by Farrels & Herring, and the Safe in use by H. A. Lantz, in his store, manufactured by Evans & Watson, and pain books and papers precisely alike.

The fire was started at 85 o'clock, A. M., and kept up until four cords of green bickory, two cords dry oak and half chestinat top wood were entirely consumed, the whole under the superintendence of the subscribers, members of the Committee. The Safes were then cooled off with water, after which they were opened, agd the books and papers taken from the Safe manufactured by Evans & Watson were first examined and marked by the Committee. The books and papers taken from the Safe manufactured by Evans & Watson were but slightly affected by the intense heat, whils those taken from the Safe manufactured by Farrels & Herring were, in our judgment, damaged fully fifteen per cent. more than those taken from Evans & Watson's Safe.

A few words on the rational treatment, without Medicine, of Sperimatorrhea or Local Weakness, Nocturnal Emissions, Genital and Nervous Debility, Premature Decay of the System, Impotency, and Impediments to Marriage generally.

BY B. DE LANEY, M. D.

The important fact that the many alarming complaints, originating in the imprudence and solitude of youth, may be easily removed without Medicine, is in this small tract, clearly demonstrated; and the entirely new and highly successful treatment, as adopted by the Author, fully explained, by means of which every one is enabled to cure himself perfectly and at the least possible cost, thereby avoiding all the advertised nostrams of the day.

Sent to any address, gratis and post free in a sealed envelope, by remitting, postpaid, two postage stamps, to Dr. B. DE LANEY, 17, Lispenard Sreet, New York City.

HERRING'S
THE ACKNOWLEDGED
CHAMPION!!
THE recent trials at Reading have endorsed the current of public opinion, and confirmed the verdict of more than 200 accidental fires, proving conclusively that "Herring," s'' is the only safe that will not burn.
Extract from the Committee's Report on the Trial of Iron Sales at Reading:
"On the 26th of February all the members of the Committee met to witness the Safes and books and papers, (placed in them) and were perfectly satisfied that all was right.—The day following, the burning took place, under the supermiendence of the Committee. After a fair and impartial burning for five hours, the Safe of Messes. Evans & Watson was first opened, the Safe being on fire inside, and the contents partially consumed, while the contents in the Safe of Messes. Farrels & Herring were in good condition, and no fire inside."

The attempt made by other parties to bolster up the reputation of a Safe which has failed signally in accidental fires in Philadelphia, (Ranstead Place,) by taking one out of an agent's store, [H. A. Lantz,] made double thickness. (different from those they sell) to "burn up" one of Herring's, (half as thick) has met with its true reward. Herring's Safe could not be burnt, proving conclusively that the only reliable Safe now made is Herring's, of which over 15,000 are now in actuel use, and more than 200 have been tried by fire yeithout a single loss.
