

STAR OF THE NORTH. W. H. JACOBY, EDITOR.

Bloomburg, Wednesday, Jan. 27, 1858. JOB PRINTING.

Having recently added to the office of the Star of the North a new lot of Job Printing materials of the very best quality, we are now prepared to execute all kinds of JOB PRINTING.

In a neatness of style, both FRANCES AND PLAINS, Unsurpassed by any office in this section of the State, and on as reasonable terms—such as BALL TICKETS, BILL HEADS, CIRCULARS, POSTERS, CARDS, LABELS, HAND BILLS, BLANKS.

The Inauguration of Gov. Packer at Harrisburg. Gov. Packer was inaugurated last Tuesday. It is said that never before was there so large a concourse of people at Harrisburg.

The State Government is now fully democratic. Let the party, in and out of the Legislature, look to its laurels; but let not a morbid anxiety to do something great lead to hasty and useless legislation.

But, honestly, it must be confessed that "we, the people," are a set of Mrs. Caudles; for, one week we complain that the legislature are not doing anything, and the next week that they are legislating too much.

The legislature has as yet done but little, but this should not disgust us. A "masterly inactivity" is to be preferred to firing off great guns simply because we wish to do something.

Our inclination to grumble because the legislature do nothing arises from an indistinct and incorrect notion which most of us have that we send our members there to act; whereas their true mission is, to see whether there is anything to do, all the same as we send our man to the garage to see whether the horse is in fire.

It was after this fashion the murder is supposed to have been committed, for the rope was found around the body when the latter was taken from the well, so deeply imbedded in the flesh that strangulation must have immediately followed its first application.

Dedication of the M. E. Church. The new Methodist Episcopal Church in this place will be dedicated to the services of God on Sunday morning at 10 o'clock, February 7th, 1858.

An Awful Calamity. In Brooklyn, New York, on Monday the 18th inst., a school house in which were over 500 children, caught fire, producing great fright and confusion among the inmates; seven children are reported to have been killed and a large number more or less injured.

CLOTHING.—It always affords us pleasure to be of service in any way to our fellow creatures, and we rarely let a chance slip of doing a good turn when not attended with too great inconvenience or expense.

HORRIBLE MURDER.—DOUBLE PARICIDE.—The Utica Telegraph gives the particulars of the most revolting murder committed at Thompson's Mills, Poolville, Oneida County, by William Comstock, who took the life of his father and mother on Saturday night last, and fiendishly cut their hearts out of their bodies.

BENEFITORS OF MANKIND.—It is not he who invented Brussels Carpet or Gold Brocade, whom the masses have reason to hold in regard, but he who furnishes something useful to every-body.

THE INAUGURATION.—The inauguration of Governor Wm. F. Packer commenced Tuesday, under the most favorable auspices. The day was clear, warm and delightful, assuming more of the mildness of spring than of the rugged asperity of winter.

THOMAS W. SMITH, who was acquitted for the murder of Carter, was delivered over to his sister; medical testimony having been adduced that confinement in a lunatic asylum would cause speedy death, while careful attention would restore him to health.

PENNSYLVANIA.—This staunch democratic paper has been considerably enlarged, and greatly improved in appearance by the new type. It ranks among the leading journals of the day, and has a wide circulation.

ACKNOWLEDGMENTS.—Hon. Paul Leidy and Hon. Wm. Montgomery, Members of Congress, have placed us under obligations to them for public favors received.

DEAR.—A leading Harrisburg paper copies our article of last week, on the subject of Common Schools, without any other credit than saying "it is a well written article from a journal in central Pennsylvania." Brother, be just!

Measures, not Men. The enemies of the Democratic party are everywhere predicting its disruption, and rejoicing in the hope that it is soon to be broken up and destroyed.

"The Will of the Majority." It is really amazing what an immense deal of humbug has been originated upon this theme. The "will of the majority," when justly considered, is the pride and boast of our nation, but it becomes us to know what we are talking about, when we undertake to base arguments and draw conclusions from this phrase, in its abstract signification.

Public and Home Education. Do children, on the whole, learn more good or more harm from mixing freely with others of the same age? This is a question which many of the wisest parents ponder over and find it difficult to answer practically when it comes to the case of their own children.

Gov. Packer's Cabinet. Secretary of State—William M. Hiester, of Berks. Deputy Secretary—Henry L. Dieffenbach, of Clinton county. Attorney General—Hon. Jno. C. Knox, of Clarion county.
