What the Farmers say:

A late writer says that "the various species of vermin are multiplying at a fearful rate throughout the land. Their ravages have become a matter of serious dread." A post-master in Illinois, writing to "Costar's Depot says, "The country is literally overron with them, (rats, mice, &c.") Another from the same State, says, "The rats positively gnaw the halters off my horses while in the stable." An Ohio correspondent remarks, "They are everywhere—in the house, the barn, and under every stump in the field." In the South it is still worse. A late order from the Navy Yard at Mobile, was for thirty pounds of the Rat Exterminator alone. What the people say:

New York, April 12, 1856.

**Dear Sir:—Having a great many rats around my stable and shop, I thought I would try your Rat Exterminator, and bought one of your boxes, and fived it according to your directions. The next morning I found over one hundred and fifty dead rats. I take pleasure in saying that it will do more then you say it will. I have also tried it on steam-house and satisfied than the it is the second.

TASTE RESTORATIVE TORCHES,

The Great Substitute for Tobacco.

It is a well known and incontrovertable fact that the use of Tobacco is the promoting cause of many of the most severe Mental and Physical Disorders to which the race of man is subject, as careful analysis and long and painful experience have clearly proven that it contains certain noreotic and poisonous properties most dangerous in their effects, which by entering into the blood derivance of the fart, causing many to suppose that organ to be seriously diseased.

Tobacco affects also the entire nerrous system, manifesting itself—as all who have ever used the noxious weed will bear testimony—in lassitude, Nervous Irritability, Water Bra-h, Dyspepsia, and many other disorders of a similar character.

The taste Restorative Troches are designed to counteract these baneful influences, and have proved completely successful in a multitude of cases, and whenever used,—Being harmless in themselves they exert a beneficial effect upon the entire system, restoring the Taste which has become viliated or destroyed by great indulgence, completely removing the irritation and accompanying tickling sensation of the Throat—which are always consequent upon abstaining from the use of Tobacco, and by giving a healthy tone to the storach, invigorate the whole system. Persons who are irrativeably undermining their ironstitutions and shortening their lives, should use these Troches immediately and throw of the injurious and unpleasant habit of Tobacco Chewing.

These Troches or Lozezgers are put up in a convenient and portable form at the low price of 50 Cents per Box. A liberal discount
