GREAT DISCOVERY OF THE AGE!
IMPORTANT TO
COUGHS, BRONCHITIS,
TASTE RESTORATIVE TORCHES,
The Great Substitute for Tobacco.

It is a well known and incontrovertible fact that the use of Tobacco is the promoting cause of many of the most severe Mental and Physical Disorders to which the race of man is subject, as careful analysis and long and painful experience have clearly proved. It contains certain narcotic and poisonous properties most dangerous in their effects, which by entering into the blood derange the functions and operations of the Heart, causing many to suppose that organ to be seriously diseased.

Tobacco affects also the entire nervous system, manifesting itself—as all who have ever used the noxious weed will bear testimony—in Lassitude, Nervous Irritability, Water Brash, Dyspepsia, and many other disorders of a similar character.

The Taste Restorative Torches are designed to counteract these baneful influences, and have proved completely successful in a multitude of cases, and whenever used—Being harmless in themselves, they exert a beneficial effect upon the entire system, restoring the Taste which has become vitiated or destroyed by great indulgence, completely removing the irritation and accompanying itching sensation of the Throat—which are always consequent upon abstaining from the use of Tobacco, and by giving a healthy tone to the stomach, invigorate the whole system.

Persons whose irremediably undermining their constitutions and shortening their lives, should use these Torches immediately, and throw of the injurious and unpleasant habit of Tobacco Chewing.

These Torches or Lozenges are put up in a convenient and portable form at the low price of 50 Cents per Box. A liberal discount to the Trade.

Prepared and sold by the undersigned to whom all orders should be addressed.

A CARD FROM DR. JAMES M. JARRETT,
OF THE NEW YORK LUNG INSTITUTE.

My connection for the past eight years with the above Institution, as Chief Physician, and a twelve year course of steady devotion to the Cure of Pulmonary Consumption and its kindred disease, together with my unvaried opportunities and advantages of pathological research—aided not a little by a perfect system of Medical Jurisprudence—has enabled me to arrive at a decisive, direct, and successful course of treatment for the positive and radical cure of all diseases of the Throat, Lungs, and Air-Passages. By Inhalation, the vapor and curative properties of medicines are directly addressed to the diseased organs and the instrument. I do not advise the use of Medical Inhalation of any kind, to the exclusion of general treatment; and although I consider it a useful adjunct in the proper management of those cases that often fatal diseases, yet I deem it very necessary that each patient should have the benefit of both general and local treatment. The success of my treatment in the above diseases, and in the high character of the Inhalation over which I have so long presided, are too well known to need any eulogy or comment from me. At the solicitation of many private and professional friends, through whose philanthropic aid the above charity has been long and liberally supported, and after due consideration, I have concluded to make such arrangements as will bring the benefits of my experience and treatment within the reach of all, and not confine myself, as heretofore, to those only who entered the Infirmary, or who were able to contribute at all expenses to the support of the arrangement which will give entire satisfaction, both to my professional brethren and the public. I would respectfully announce in conclusion, that I can be consulted personally or by letter, on all diseases as above, and that the medicines, which I have so long used, are prepared to suit each individual case. **Inhalation vapors, Medical Inhalers, &c.** will be forwarded by express to any part of the United States or Canada. Terms—My terms of treatment by letter are as follows: viz: \$12 per month for each patient, which will include medicine sufficient for one month's use; also, Inhalation Vapor, and an Inhalation Apparatus. Payments as follows: \$6 to be paid to Express Agent on receipt of the box of Medicine, and the balance \$6 at the expiration of the month. If the patient is cured or is entirely satisfied with the treatment. Patients, by giving a full history of their case, and their symptoms in full, can be treated as well by letter as by personal examination. Patients desiring themselves to be treated, and permanent relief, as he seldom has to treat a case over thirty days. Letters of advice promptly answered. For further particulars address

EVANS & WATSON'S
Phil'a Manufactured
SAAMANDER
SAFES;
No. 26 South Fourth Street
PHILADELPHIA.

TRUTH IS MIGHTY, & MUST PREVAIL.
Report of the Committee appointed to superintend the burning of the Iron Safes at Reading, Feb. 27th, 1857.

READING, March 4th.
The undersigned, members of the Committee, do respectfully report, that we saw the two Safes originally agreed upon by Farrel & Herring and Evans & Watson, placed side by side in a furnace, viz: The Safe in use by the Paymaster of the Philadelphia and Reading Railroad Company, in his office at Reading, manufactured by Farrel & Herring, and the Safe in use by H. A. Lantz, in his store, manufactured by Evans & Watson, and put in books and papers precisely alike.

The fire was started at 8 1/2 o'clock, A. M., and kept up until four cords of green hickory, two cords dry oak and half chestnut nut wood were entirely consumed, the whole under the superintendence of the subscribers, members of the Committee. The Safes were then cooled off with water, after which they were opened, and the books and papers taken out by the Committee and sent to H. A. Lantz's store for public examination, after they were first examined and marked by the Committee. The books and papers taken from the Safe manufactured by Evans & Watson were but slightly affected by the intense heat, while those taken from the Safe manufactured by Farrel & Herring were, in our judgment, damaged fully fifteen per cent. more than those taken from Evans & Watson's Safe.
