

STAR OF THE NORTH

W.M. H. JACOBY, EDITOR. BLOOMSBURG, WEDNESDAY, DEC. 15, 1888.

President's Message. We publish to-day the President's message in full, and it excludes our general variety. This document contains a large number of subjects, and takes a broad comprehensive view of matters, all of which are dealt with in an able, lucid and logical manner. The Kansas question is discussed at considerable length, fully and clearly, with a fair exposition of the whole matter. FORNEY'S Press endeavors to throw itself into convulsions over the Kansas policy of the administration, but it is most soft and velvety with reference to the measures proposed by the President to maintain our proper position on this continent, and, at the same time, force the nations of the Old World to respect the flag of the Union wherever it is seen. But, the truth of the whole matter is, the bold, fearless, outspoken message of JAMES BUCHANAN, has knocked out of the heads of the adde-pated Opposition what little common sense they formerly possessed. They looked with anxious eyes for a message either tender-footed on the Kansas question, or milk-and-water with reference to the great questions of international policy which are pressing into the foreground, and will form the programme for 1860. Against a message of this character their whining might have been effective. The Republicans, like the Chinese, may blow their tin horns and make wry faces, but they will be careful and keep out of range of that almost unanimous public sentiment which is surrounding the President, and ramparing his administration.

In this message the Islands of Cuba and the Republic of Mexico receive a goodly share of consideration. With reference to the former, the President takes decided ground in favor of acquisition. The affairs of Central America are also discussed, and the various complications surrounding the transit routes are made intelligible to the people.

But the subject of much greater immediate interest to our readers is the tariff. The President recommends a system of specific duties, and presents in a plain style the advantages of this course over the ad valorem system in a conclusive manner. It is hoped that Congress will take this matter in hand, and that they will make such an endorsement of his views as will afford to the government a sufficient revenue. The President has raised his voice in the right, and should be sustained.

It is amusing to read the Opposition papers now-a-days and see their comments upon the message. They all appear to be holding back and scratching their pates, waiting for the leaders of their party to make the first attack upon the message—None of the allied journals like the Document—of course not. They all think it one of the most dangerous documents which has emanated from the White House for the last half century. All these mighty and intelligent presses agree upon a general platform of opposition to the view of the Chief Magistrate, but when they come to detail the disagreement commences. Some oppose the Kansas portion of the Message (especially FORNEY) because it states too much, others on account of the suppression of most material and important facts. The High Tariff men are outraged because the President did not come openly and boldly for a protective Tariff. Thus they try to find fault.

Court Doings. Agreeably to public notice, by proclamation, Court met in Bloomsburg, on Monday, December 11th, 1888 with Hon. W. J. Woodward, President Judge, Jacob Evans and Peter Kline, Associates, on the bench.

After Court was in session, it was found by examining the List of Causes, that there appeared to be nothing on the civil side of the court for disposal. The Traverse Jurors were discharged on Tuesday, except one panel which was held in readiness to try a criminal case. The Grand Jury finished their business and was discharged on Wednesday.

Com. vs. William Simmons—Judgment, passing Counterfeit Money. A true bill was found at last September term, but the Jury before which the case was tried, could not agree, and consequently were discharged; and the defendant left at liberty under bail to appear at this, December Term.

The case was called up this term, and District Attorney and Freeze appeared for the Com., Wirt and Clark for the Defendant. After several witnesses were examined, pleading by the Counsel, &c.; the matter was left in the hands of the Jury; and after a short duration they brought in their verdict, guilty in the manner and form as the defendant stands indicted. The sentence of the Court is, that the defendant, William Simmons, be imprisoned in the Eastern Penitentiary for 18 months, pay a fine of \$1 and the cost of prosecution.

We are pleased to announce the increase of our subscription list during the past week; and we don't wish to be understood as a boasting character, when we say, we will venture a subscription to the Star, that we received more new subscribers to our paper last week, than the Republican and Democrat both put together. And we meant it; the Star is bound to shine. There is no use of your quacking; 'Our pen is 'nibbed' and lying in ambush ready to thrash some Republican editor.

Hon. SAMUEL OAKES, one of our newly elected Members to the Legislature of this District, paid our place a visit last week, and met many friends. Mr. Oakes looks hale and hearty, and is in good condition to go to Harrisburg this winter to battle for right and justice along with Mr. GEORGE D. JACKSON. They will make a "full team" and a cross dog under the wagon."

On Tuesday, during Court week, STANLEY WOODWARD, Esq., of Wilkesbarre, on motion of BOB F. CLARK, Esq., was admitted to practice in the several courts of this county.

DR. CULVERWELL ON DEAFHOOD. A Medical Essay on a new, certain and radical cure of Spermatorrhoea, &c., without the use of internal medicines, cauterization, or any mechanical appliances. Just published, the 6th edition, in a neat envelope, gratis, mailed in a sealed post-paid, on receipt of two stamps. This little work, emanating from a celebrated member of the medical profession, gives the most important information ever published to all persons evincing doubts of their physical condition, or who are conscious of having hazarded their health and happiness—containing the particulars of an entirely new and perfect remedy for spermatorrhoea or seminal weakness, debility, nervousness, depression of spirits, loss of energy, lassitude, irritability, involuntary seminal discharges, impaired sight and memory, blotches and pimples on the face, piles, indigestion, palpitation of the heart, and prostration of the whole system, inducing impotency and mental and physical incapacity, by means of which every one may cure himself privately, and at a trifling expense. Address DR. CH. J. C. KLINE, 21st Avenue, cor. 19th street, New York, Post Box, No. 4586. [Sept. 22, 1858.]

NEW BOOT AND SHOE STORE. THE subscriber has taken this method, of informing his friends, and the public in general, that he has opened a new BOOT and SHOE establishment, in the stand lately occupied as a Barber Shop, in the Exchange Block, Bloomsburg, where he is prepared to execute, all orders in his line in a style unsurpassed by any establishment in this section of the county. His establishments are of long experience in the business, and general knowledge of the people of Columbia county, superadded to a fixed determination to render satisfaction to which he hopes to merit. JOHN NEYHARD. Bloomsburg, April 7th 1858.

AGRICULTURAL MEETING. THERE will be another meeting of the Columbia county Agricultural Society, held in the Court House, at Bloomsburg, on Saturday the 18th inst., at 2 o'clock, P. M., for the purpose of hearing the report of the Committee on the purchase of grounds for the use of the Society. Members of the Society are urged to attend. P. JOHN. Bloomsburg, Dec. 1, 1888.

OUR BOOK TABLE is omitted this week for want of space. Next week the periodicals will be attended to.

Holloway's Pills—Dyspepsia, which is considered by physicians one of the most difficult of all diseases to deal with, is rarely enemies to this system, regulator of the internal organs. The effect of the Pills upon the membrane which lines the alimentary canal, appears to be wonderfully soothing and healing, while at the same time they generally stimulate the stomach and the liver. This we suppose to be the modus operandi in case of dyspepsia and diarrhea; but, what the process, there can be no doubt as to the rapidity, invariably, and completeness of the cure. The Pills have been administered in the neighborhood in cases of summer complaint and general weakness and debility, with the happiest result. They are a perfectly safe medicine for children.

FOR FEMALES.—It is a lamentable fact that so large a number of Females are afflicted with irregularities, either profuse or suppressed, which rapidly and surely undermine their health, shorten their lives, and often render them unfit for those duties in life for which an all-wise Creator had formed them. This state of things need not exist when Dr. WHEATLEY'S FEMALE REGULATING PILLS are used to bring relief. They are composed of natural materials, harmless to the most delicate constitution, but efficient in the highest degree in eradicating that train of diseases incident to the sex, originating from irregularities. They are no NOSTRUM, but claim for them, solves various troubles resulting from the use of those most valued remedies prescribed by the highest medical authority. Ancient or Modern. Many Females give way to despondency, imagining themselves in a confirmation. To such we would confidently recommend these Pills, believing if there is a power in any remedy to effect a permanent cure, that blessing will ensue from their use. They are manufactured only by J. E. BOWNE, cor. 2d & Race streets, Philadelphia, and are sold by all respectable druggists under each box. Price \$1.00.

THE GREATEST MEDICAL DISCOVERY OF THE AGE.

MR. KENNEDY of Roxbury has discovered a remedy that cures EVERY KIND OF HUMOR FROM THE most scrofulous down to a common pimple. He has tried it in over eleven hundred cases, and never failed except in two cases, both thunders rums. He has now in his possession over one hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a worst kind of pimples on the face. Two or three bottles will clear the system of humors. Two bottles are warranted to cure the worst canker in the mouth or stomach. Three to five bottles are warranted to cure the worst kind of Erysipelas. One or two bottles are warranted to cure all humors of the skin. Two bottles are warranted to cure running of the ears and blotches in the hair. One bottle will cure scaly eruption of the skin. Two or three bottles are warranted to cure the worst kind of ringworm. Two or three bottles are warranted to cure the most desperate case of rheumatism. Two or four bottles are warranted to cure Salt Rheum. Five to eight bottles will cure the worst case of scrofula.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken. ROXBURY MASS. Dear Madam—The reputation of the Medical discovery, in curing all kinds of humors, is so well established by the unanimous voice of all who have ever used it, that I need not say any thing on the subject, as the most skillful physicians and the most careful Druggist in the country are unanimous in its praise.

In presenting the Medical Discovery to your notice, I do it with a full knowledge of its curative power, in relieving all, and curing most of those diseases to which you are unfortunately liable. The most excruciating disease to an affectionate mother, NURSING SORE MOUTH, is cured as if by a miracle; your own temper restored to its natural sweetness, and your babe from short and fretful naps to calm and sweet slumber; and the medical discovery becomes a fountain of blessing to your husband and household. In the advanced stages of CANCER it extends to the stomach, causing DYSPEPSIA, which is nothing but cancer on the stomach then to the intestines and Kidneys, creating a sinking, goss feeling, and an indifference to the cares of your family. Your stomach is raw and inflamed, your food distresses you, and even of that you system does not get half the nourishment it contains as the enormous fluid of the cancer eats up; then your complexion loses its bloom and becomes sallow and greenish, and your best day is gone. For want of nourishment your system becomes loose and flabby, and the fibres of your body become relaxed, and then follows a train of diseases which the Medical Discovery is peculiarly adapted to CURE; Palpitation of the heart, pain in the side, weakness of the spine and small of the back, pain of the hip joint when you rise, irregularity of the bowels, and also, that most excruciating of diseases, PILES.

How many thousands of poor women are suffering from this disease and pining away a miserable life, and their next door neighbors do not know the cause. I wish to impress upon your mind the great importance of an ounce of prevention is better than a pound of cure." In the Medical Discovery you have both the preventive and the cure, with this great and good quality, that it will never under any circumstances, do you any injury. No change of diet necessary—eat the best you can get and enough of it. Directions for use.—Adults one table spoonful per day. Children over ten years dessert spoonful. Children from six to eight years, tea spoonful. As no directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day. Yours truly, DONALD KENNEDY.

Price \$1.00 per bottle for sale by J. R. Meyer, E. P. Lutz, Agents for Bloomsburg. Sold by all the Druggists throughout the country, in general. Jan. 28, '58.

NEW ARRIVAL OF FALL & WINTER GOODS, DAVID LOWENBERG INVITES attention to his stock of cheap and fashionable clothing at his store on Market street, two doors above the American House, where he has a full assortment of men and boys' wearing apparel, including the most fashionable Dress Coats, Box, sack, frock, gum and oil cloth coats of all sorts and sizes, pants of all colors, shawls, stripes and figure, vests, shirts, cravats, stocks, collars, handkerchiefs, gloves, suspenders and fancy articles.

N. B. He will also make to order any article of clothing at very short notice and in the best manner. All his clothing is made to wear, and most of it is of home manufacture. DAVID LOWENBERG. Bloomsburg, April 1, 1857.

NEW MILLINARY GOODS. THE undersigned respectfully informs the ladies of Bloomsburg and vicinity, that she has removed her Millinery establishment a few doors above Wilson's Carriage manufactory on Main st., Bloomsburg, where she is prepared to execute all orders in the Millinery and Mantuamaking line, in the most fashionable and latest style. She has just received a large and fashionable stock of Fall and Winter Millinery Goods, from the Eastern cities, comprising all kinds of Millinery DRESS GOODS, BONNETS, RIBBONS, Trimmings, Silks, &c., to which the attention of the public is invited. She has on hand Misses bonnets, hats and caps of various styles and prices.

A share of public custom is solicited, what I will be her aim to give general satisfaction. Oct. 13, 1858. MARY BAKLEY. MORTICED POSTS on hand and for sale at the Arcade by A. C. MENSCH. May 27, '77.

THE MIGHTY HEALER! WORLD KNOWN AND WORLD TRIED.

HOLLOWAY'S OINTMENT. The free admissions of all nations, as well as the verdict of the leading Hospitals of the Old as well as the New World, stamp this powerful remedial Agent as the greatest healing preparation ever made known to suffering man. Its penetrative qualities are more than marvelous, through the external orifices of the skin, invisible to the naked eye; it reaches the seat of the internal disease; and in all external affections its anti-inflammatory and healing virtues surpass anything else on record, and is Nature's great ally.

Erysipelas and Salt Rheum, are two of the most common and virulent disorders prevalent on this continent; to these the Ointment is peculiarly antagonistic, it makes a permanent first to eradicate the venom and then complete the cure. BAD LEGS, OLD SORES, & ULCERS. Cases of many years standing that have pertinaciously refused to yield to any other remedy or treatment, have invariably accompanied it with a few applications of this powerful unguent.

ERUPTIONS ON THE SKIN. Arising from a bad state of the blood or chronic disease are eradicated, and a clear and transparent surface regained by the restorative action of this Ointment! It surpasses many of the cosmetics and other toilet appliances in its power to dissolve rashes and other disfigurements of the face. PILLS AND FISTULA. Every form and feature of these prevalent and stubborn disorders is eradicated locally and internally by this Ointment; its emollient; warm fomentations should precede its application. Its healing qualities will be found to be thorough and invariable. Both the Ointment and Pills should be used in the following cases:

Banions, Skin diseases, Burns, Swelling Glands, Chapped Hands, Sore Legs, Chitlains, Sore Breasts, Fistula, Sore Heads, Gout, Sore Throats, Lumbago, Sore of all kinds, Scrofula, Scalds, Eruptions, Piles, Stiff Joints, Rheumatism, Tetter, Ringworm, Ulcers, Salt Rheum, Venereal Sores, Scalds, Worms of all kinds.

CAUTION!—None are genuine unless the words "Holloway, New York and London" are discernible as a "water-mark" in every leaf of the book of directions around each box; the same may be plainly seen by holding the leaf to the light. A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious.

Sold at the Manufactories of Professors or Holloway, 80 Maiden Lane, New York, and by all respectable Druggists and Dealers in Medicine throughout the United States and the civilized world, in pots at 25 cts, 50 cts, and \$1 each. It is a considerable saving by taking the large size. N. B.—Directions for the guidance of patients in every disorder are affixed to each box. June 9, 1858.

HERRING'S PATENT CHAMPION! THE recent trial at Reading, Pa., of HERRING'S PATENT CHAMPION, has endorsed the verdict of public opinion, and confirmed the verdict of more than 200 accidental fires, proving conclusively that "Herring's Patent Champion" will not burn. Extract from the Committee's Report on the Trial of Iron Safes at Reading: "On the 26th of February all the members of the Committee met to witness the Sales and books and papers, (placed in them) and were perfectly satisfied that all was right—the day following, the burning took place, under the superintendence of the Committee. After a fair and impartial burning for five hours, the safe of Messrs. Evans & Watson was opened, the safe being on fire inside, and the contents partially consumed, while the contents in the safe of Messrs. Farris & Herring were in good condition, and no fire inside."

Reading, March 2, 1857. (Signed) H. F. FELIX, J. H. COLEMAN, A. H. FRACKOCK, Com. And endorsed by over 50 of the best men of Reading. The above Safes can be inspected at 31 Walnut Street, where the public can satisfy themselves of the great superiority of the "Herring's Patent Champion" over the defeated and used-up "inside Iron Door Salamander."

FARRIS & HERRING, Only makers in this State of Herring's Patent Champion Safes. The attempt made by other parties to bolster up the reputation of a safe which has failed signally in accidental fires in Philadelphia, (Reading Place,) by taking one out of Herring's store, [H. A. Farris] made double thickness (different from those they sold) to "bute up" one of Herring's, (half as thick) has met with its true reward. Herring's Safe could not be burnt, proving conclusively that the only reliable safe now made is Herring's, of which over 15,000 are now in actual use, and more than 200 have been tried by fire without a single loss. Philadelphia, Jan. 12, 1858—13.
