Railroad Extension.

We observed, while on our way down th erver a few days since, the workmen busily engaged in grading the railroad, between Rupert and the Caftawissa bridge, for the Lackawanna & Bloomsburg extension which ie to connect with the Sunbury & Erie Railroad. Between Rupert and Cattawissa the Company will have some hard work to perform. They are compelled in many places to hew a track through solid rock along what is commonly called "the nar-tows," which can only be accomplished by the aid of drill and powder. This will be attended by considerable expense to the projectors, but make a good and profitable road no doubt when finished.

#### Broadway Omnibus.

We have received a copy of a spirited pa-per called "The Broadway Omnibus," pub-lished in New York. It is in its first volume, and contains a good deal of reading for the million. The paper makes a good and wholesome appearance, and is edited with much ability. The proprietors state that they commenced the publication of the paper for the interest of the thousands of strangers who are daily visiting New York It is designed to show up fully the tricks and traps and expose the almost countless swindles, so that no one in whose hands swindies, so that no one in whose hands the paper may chance to fall, can have the slightest excuse for being imposed upon in their midst. The subscription price is fifty cents per annum, in advance. C. P. Barr-NON, publisher, 80 Beekman street, New York.

#### County Statistics.

In the Auditor General's Report for 1858 showing the valuation of the real and personal estate in the several counties of the Commonwealth, we find the valuation of Columbia county set out at \$3,393,309; the assessment of taxes, \$8,725 37; the population, according to the census of 1850, is 17,710; and the taxable inhabitants therein for the year 1858, 5,479. The total valuation of the sixty-five counties is \$568,770,-234; asssessment of tax upon the whole, \$1.484.816 23.

#### Melainotypes.

We were showen some beautiful speci-mens of Melainotypes taken by our friend J. M. SNYDER, who is now operating at Light Street, and for richness of tone, life-like and durability, surpass any thing we have as yet seen in the Photographic art. Those wishing a perfect picture either of themselves or friends, cannot meet with a better opportunity. Mr. Snyder has been atten tively engaged in the business for severa years and guarantees general satisfaction Give him a trial, and judge for yourselves.

The attempt made by other parties to bolster up the reputation of a Safe which has failed signally in accidental fires in Philadelphia, (Ranetead Place,) by taking one out of an agent's store, [H. A. Lantz.] made double thickness, (different from those they sell) to "burn up" one of Herring's, (baffas thick) has met with its true reward. Herring's Safe could not be burnt, proving conclusively that the only reliable Safe now made is Herring's, of which over 15,000 are now in actuel use, and more than 200 have been tried by fire without a single loss.

The Congressional Globe and Appendix

The Congressional Globe and Appendix will contain a report of all the Debates in Congress, revised by the speakers, the Messages of the President of the United States, the Annual Reports of the Heads of the Executive Departments, the Reports of Committees of Congress on important subjects of general interest, the Laws passed during the session, and conjuns indexes to all the session, and copious indexes to all.— They will be printed on a double royal sheet, in book form, royal quarto size, each number containing sixteen pages; averaging 2,397 wordsper page. The whole will make between 1700 and 2000 pages. It is believed that no book has ever been published at so low a rate. Last year 1 advertised in the Daily Globe, for six months, and in about one hundred other newspapers in the United States a reward of \$215, to be paid to any person who would produce a book published at so low a rate, and none was produced.—The large number of copies srbseribed for by Congress enables me to afford the debates to snbscribers so cheap.
