WE HAVE prepared for our paper a synop sis of the election returns from the different townships of this county,—which will be found in another column,—giving the names of all the successful candidates of each elec-tion district. This will no doubt be a matter of interest for our reatlers, as well as a gratification to many of the officers elect.

THE ELECTION passed off very quiet in this place on last Friday; with of course, the usual defeats that attend the elections of this kind. All candidates cannot have office, for there are not enough to "go round." The disappointed ones should be content and by next spring election, load and fir again. Greed for office appeared to prevail to considerable extent in this township some of the offices there were more than the usual number of candidates in the field As the day was a stormy one, we presume a full vote was not polled.

THE WELSCH BAPTIST of this place have been raising money during the past week for the purpose of rebuilding their church on the hill in East Bloomsburg. It will be remembered that the church that formerly stood on the site where this one is to be built was biowndown some three years ago. It was a brick building.

THE IRON CITY COLLEGE, Pittsburg, Pa. has done more in three years to popularize the science of accounts, than any other institution in the coun'ry. Advertises the most extensively—pays the most liberal salaries—employs the best talent—gives the most through and practical education to graduates, and is rewarded by having the largest institution of the kind, in the Union numbering at this time upwards of 350 stu

SPANI-II Coin .- The Ledger of yesterday says that Congress, having passed an act extending the time for exchanging at the Mint the new cent coin for the fractional part of the Spanish an I Mexican dollar, for two years from the 21st of February, 1859. deposits of such coin will be received at the Mint in exchange for cents of the new issue, under the same regulations as heretofore.

A Big Irem -We learn that Smith's gram mar, published by Wm. H Butler, of Phila-delphia, has reached the 277th edition, of 10,000 copies each, while of Mitchell's school geographies four hundred thousand volumes have been already printed. The copy rights of these two works are in them selves a fortune.

New-Goops.-We would announce to the public that Mr. STEPHEN H. MILLER has just received a fresh supply of new goods from the eastern cities, which he offerscheap for cash. He has spaired no pains in making his selections; and has obtained just the quality of goods that the public demand. His assortment is complete, and will compare favourably with any in this Mr. M. has made it a point to purchase merchandise to suit the seasons and the times. He has had some considerable experience in the mercantile business, and learned well the wants of the purchasing public. A more fair and honorable dealer cannot be found in the community. Give him a call.

MANAYUNE STAR AND ROSBORGUGH GAZETTE This is the title of a spirited little paper published in Manayunk, Philadelphia, by D. B. Potts & Jas. H. Scott. It contains a great deal of originel matter, in the shape of communications and local items; which of course, must make the paper an interesting one. Local matter, of the right stripe, must build up a paper and gain for it profitable patronge. Success to the Star.

ABOLITION OF THE GRAND JURY IN MICHI-GAN .- The Detroit Free Press says the act providing for the trial of crimnals by infornation goes into effect sixty days after the ration goes into effect sixty days after the 12th of February, at which time it becomes a law. This law virtually abolishes the Grand Jury, which has for so long exercised day of February, in the year of our Lord, one thousand eight hundred and fitty-nine.

HOLLOWAY's PILLS —In dyspepsia, gastaits an all inflammatory and constrictive disorders of the stomach, growing out of indigestion, there is something chemically wrong in the fluids which should dissolve and assimulate the food. These searching Pills, acting upon the bile as chemical agents, restore to the one its solvent properties, and to the other its modifying and tempering qualities. Such seems to be, philosophy of their operation. As regards their almost magical effect in dyspepsia and all complaints affecting the digestive apparatus and the liver, there can be but one apinion among candid observers.

FOR FEMALES.—It is a lamentable fact that so large a number of Females are afficied with Irregularities, either refused or suppressed, which rapidly and surely undermine their health, shorten their lives, and ofttimes render them until for those duties in life for which an all-wise Creator bas formed them. This state of things need not exist when Dr. Warring's Female Regulating Pills are so sure to bring relief.—They are composed of materials, harmless to the most delicate constitution, put efficient in the highest degree in eradicating that train of diseases incident to the sex, originating from the use of those most valued remedies prescribed by the highest medical authority. Ancient or Modern. Many Females give way to despondency, imagining themselves in a confirmed decline. To such we would confidently recommend these Pills, believing if there is a power in any remedy to effect a permanent cure, that blessing will ensue from a power in any remedy to effect a permanent cure, that blessing will ensue from their use. They are manufactured only by J. E. Bower, cor. 2d & Race streets, Philadelphia. None gennine witnout his written signature upon each bex. Price \$1.00.
