

STAR OF THE NORTH.

WEDNESDAY, MARCH 30, 1859.

TRIM AND TIE UP.—This is the time to trim and tie up your running roasts, vices, &c. Do it while the weather is pleasant.

JUMP FOR JOY.—We noticed at the depot yesterday, a young lady who was so full of joy that she jumped about three feet from the ground. She had met an old friend, and showed her delight by jumping in the air.

We have been requested to announce that ROBT. F. CLARK, Esq., will deliver a lecture before the Young Men's Christian Association, on next Friday evening, in the basement of the Lutheran Church, of this place. We bespeak for the lecturer a respectable audience.

Our farmers throughout the county are busy with their spring work. A large number are beginning to plow for oats and corn. The weather is not yet sufficiently settled to allow them to do much out-door work. April will soon be here, when we may expect more pleasant weather.

The peach crop last year in this section being rather small, it was thought by the peach growers that they would realize a fine crop this year. We were visiting different parts of the county last week and learned that there is a poor prospect for even as good a crop as was offered last year.

Any of our subscribers wishing to have the direction of their papers changed, in consequence of moving, will please inform the carrier, or leave word at the printing office. Those changing residences in the country, will please inform us immediately by mail, giving us their full address, with name of post office, and county, legibly.

The Equinoctial rains have caused heavy freshets in the eastern States. In Canada a dreadful accident was caused by the washing of the Great Western Road. The locomotive ran into a chasm twenty feet deep with baggage and two passenger cars. Five persons were killed and nine severely hurt.

EASTER.—This approaching holiday is at present universally observed by the boys. At every corner, crowds of urchins can be seen with eggs in their hands, crying out, "who'll pick?" Many are the hen roosts that are invaded by these little rascals, who, to the agony of dame chick, carry off their eggs.

FIVE POINTS HOTEL.—This is a new house, lately erected in Roaringcreek township, Columbia county, and is being kept by Mr. John Snyder, a very accommodating young man. Mr. Snyder has quite recently taken charge of this house, and through his careful attention to the wants of the public, he may be enabled to do a handsome business. His table and bar will always be furnished with something to satisfy the wants of the traveler. Good stabling for the accommodation of teams can be had. His charges are liberal. Those traveling in that direction are solicited to give him a call. Five Points is the Capital of Roaringcreek township.

The month of March has nearly marked away, and so far it has been decidedly quiet—no day all frosts and tears, the next all smiles and sunshine. At the present writing, we are enjoying beautiful weather, the sky is clear and serene; the sun shining bright, drying off the muddy roads as fast as possible. No doubt by the time twenty-four hours have passed around another change of weather will be experienced, making things look quite different. So says the register of the times.

The prospects of a busy season are at this time very flattering in our town. Quite a good number of new houses have already been contracted for, and the erection of many others is in contemplation, so that our house carpenters, bricklayers, house-painters, and other mechanics, are likely to be busily employed during the coming summer. This is what we all like to see. It gives employment to the many hands that are in our town, and adds much to the appearance of the place. There is plenty of room in this place for improvement in the way of building, paving and fencing.

SHAD.—These delicious fish are going to be plenty this season in our burlgh, and prices have a downward tendency. They were selling as low as 37 1/2 and 25 cents a piece, in market here, a few days ago. They were good looking fish for that price though, and eat better than they looked. And are an excellent fish in their proper season. The market will, no doubt, be filled with specimens of the finny tribe of every hue, size and description, from the elegant and delicious shad, down to the homely sucker and catfish. The great supply will be doubtless owing to the extensive demands, from is being the season of Lent.

NEW BAPTIST CHURCH.—This new edifice is being speedily built on Third St., Bloomsburg, and will be finished in a few months, ready for ministerial services. The size of this building will be 36 x 40 ft. in the clear, with 18 ft. ceiling, and finished in the best style of workmanship. It will be constructed of wood with a handsome belfry and steeple to adorn its appearance. It also is the design to have the walls and ceiling papered with a neatly finished article, and the windows beautified with appropriate shades.

Our townsman, ELIAS MUNDENWALL, is the contractor, and under whose supervision it may be expected that a good job will be done. He possesses the material and employs mechanics able to execute the best kind of work. The entire cost of this building has been estimated at \$1600. This will be establishing a church, i. e., purchasing a lot of ground and erecting a building, for rather a small sum of money.

This is an enterprise worthy of public encouragement, and all who feel like lending a helping hand in the matter their aid will be thankfully received. There is nothing of more social or moral import to a community than good churches will be revered and supported.

The Contractors on the Lackawanna and Bloomsburg Railroad Extension are busily engaged tearing out rock and grading. They have a very hard piece of road to build, and persons unacquainted with that kind of work would think it impossible to build it. We have reference to the narrow two or three miles below this place, where they are compelled to grade through solid rock.

KEEP TO THE RIGHT.—Just about one half of the pedestrians do not understand the true and only manner that should guide them in navigating crowded streets. We have reference to this dodging first from the side to the other of the side walk, knocking off hats, occasionally causing very unpleasant sensations just below the vest, treading on corns and multitudinous other disagreeable effects. It is people would invariably "keep to the right," all such difficulties would be obviated.

FINAL ADJOURNMENT OF THE LEGISLATURE.—Both branches of the Legislature have agreed upon Thursday, the 14th of April, as the day for final adjournment. This will leave but seventeen working days to the present session—quite enough, though, to finish all the necessary public business.

"The Rough and Ready Mill" at Danville, Pa., made last week, the large quantity of 235 tons of railroad iron, being 25 tons over the yield of the previous week, and nearly 40 tons per day. This is not often surpassed by establishments of even much large capacity.

AHEAD OF TIME.—The Southern papers concur in the statement that vegetation in that latitude is at least one month in advance of ordinary years. Fruit trees are in blossom, and flowers of various kinds are in full bloom.

The artesian well of Mr. Laues, in Reading, Pa., has reached the depth of 500 feet. The rock penetrated is soft limestone, mixed with horn blende, carbonate of lime, and a trifle of sulphur.

Several young men of Lebanon are making arrangements for a trip to the Pike's Peak Gold Mines. Mr. John M. Good, the Newspaper agent, is one of the party.
