

The Circuit Court of the United States for the Western District in session at Williamsport this week. We learn that the Editors of the Columbia Democrat and Berwick Gazette are both in attendance!

It has been stated by the Danville papers that the Montour County Agricultural Fair will be held in that place, on the 5th 6th and 7th of next October. Last Fall it was held at Washingtonville.

The Executive Committee met on last Saturday afternoon at Dr. John Ramsey's office in this place for the purpose of transacting business relative to the Columbia county, Horticultural and Mechanical Association. We have not been favored with their proceedings.

Wm. H. DAKESBACH "does up" the drinkables and eatables at the Exchange Restaurant in a tip-top manner, calculated to please the most fastidious epicurean. His eatables consist of fish,ysters, clams, frogs, trypie, chicken, and turtle-soup, all of which are prepared in high style.

The two Brass Bands of this place have consolidated, under the name of HOWARD'S CORNET BAND. We now no longer have two bands—all past differences have been laid aside and a union effected, which may prove beneficial to both parties. The Band designs going to Wyoming on the Fourth of July. Bloomsburg will be destitute of music on that day.

We acknowledge the receipt of another one of the Waverly Novels, entitled "Woodstock"—one complete volume. These works of Sir Walter Scott are excellent—no better to be obtained so cheap or otherwise. The Waverly Novels will comprise twenty-six volumes, each volume complete within itself. The whole twenty-six can be had for five dollars, or twenty five cents per copy.

The Members of the Montour County Agricultural Society as well as the Board of Managers, met at the Court House, on last Saturday, and fixed upon Danville as the place, and the 5th 6th and 7th of next October as the time, for the next County Fair. The Meeting was well attended, and there was quite a spirited contest among the members, whether the Fair should be held at Maudselle or at Danville.—*Dtn. Democrat.*

Only & Bicknell's Bank Note Reporter is one of the very best money guides published—it gives a full description of all counterfeit bank notes, and is well informed as to the lame and broken banks. It is the business man's friend and the rogue's enemy. It is published monthly and semi-monthly. One dollar and fifty cents per annum for the semi-monthly, and one dollar per annum for the monthly. Published in Philadelphia.

Rain has been very frequent recently, and the streams constantly swollen in consequence. It is very essential that we should enjoy a warm shower every few days; that is what makes vegetation in abundance. In this section grain, fruit, and vegetation, never promised a better yield than at present—We have heard some complaint about the fly, but it seems to us quite natural for the farmers to trump up some evil or other in their grain, till the crops be what they may. The little evil does are not half as plenty in some sections as they have been reported.

The citizens of Orangeville and vicinity are about raising two military companies—one foot and one horse company. While in that place a few moments on last Saturday we saw quite a respectable number mustered upon the sward at a by-place for parade and drill. The companies are composed of comparatively young men; just the right kind of material to form good sound companies. We may have a word to say in relation to these companies and their captains hereafter. Success to the enterprising and tactical spirit of the Orangeville Boys.

PETERSON'S MAGAZINE—it has attained a high standing in the literary world and is fast introducing itself to the homes of the people; it follows the emigrant across the plains and soon becomes his most intimate acquaintance; it is found in every new settlement and in almost every hamlet in the west. It is one of the most valuable magazines for families published in this country. It is cheaper than most magazines; only two dollars a year. Published by Charles J. Peterson, 306 Chestnut Street, Philadelphia.

REV. ALEXANDER CLARK, EDITOR OF THE "SCHOOL VISITOR," says: "We have had ample opportunities during the last few weeks, of witnessing the practical workings of the Iron City College, having been in almost daily intercourse with the teachers and students, in the study room, and at the different recitations. We have only to say that thoroughness, and interest, characterize every performance. Students are arriving daily, from all parts of the country, and the number now in attendance is larger by far than any similar Commercial College East or West. Mr. Jenkins the Principal, is a gentleman of the strictest integrity, and the entire faculty is composed of competent and faithful instructors. Every indocement announced in the widely diffused advertisements of the institution, is promptly carried out, in the course of study and discipline, which the college has won its present reputation."
