PRETTY NEAR A FIRE.—A few days since a number of mischievous boys were playing in Third Street close to the new Baptist Church, when they kindled a fire among a lot of shavings, which burned frightfully.—The fire was discovered by some of the citizens in time to be put down so as to do no harm, more than give a piece of fence a pretty good scorching. The church, it is said, ran a narrow chance of being a victim to the flames.

Ayer's Sarsaparilla

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by these who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large classic of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

SCALD HEAD, SYPHILDS AND SYPHILITIC APPROVINGS, MERCHILLS AND SUPPLIFITS, DYSPERSIA AND INDUSTRION, BENTIPLIES, ROBERT ANTION'S FIRE, and indeed the whole class of complaints arising from Infruentry of the someone of the compound will be found a great pro-

on Sr. ANTHONY'S FIRE, and indeed the whole class of complaints arising from Industry of THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul cruptions and ulcrous sores, through which the system will strive to rid itself of corruptions, for the strength of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, cruptions, or sores; cleanse it when you find, it is obstructed and sluggish in the voins is saine it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation, of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue of Sarsaparilla, or any thing else.

During late years the public have been mis-

pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been missled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and flast become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to gure. In order to secure their complete cradication from the system, the remedy should be judiciously taken according to directions on the bottle.
