We have been blessed with warm refresh ing showers every day this week. Quite a benefit to the street sprinkler. The streets are kept in a good passable condition these days, without much manual labor.

THE FENCE around the Agricultural Fair Ground is fast approaching completion.— Thomas Eves, of Greenwood, is the regular Contractor, and Daniel Robbins, of this place, formerly of Rohrsburg, is the sub-contractor, and is doing the work in a tolerably

We notice some of our citizens pulling up, in front of their residences, what is monly called "Camomile," whether right or wrong, and by some "Canadian Clover." This is a good notion-pull it all out—it looks bad—then plant something else more agrecable in its stead.

THE School Directors of this township have placed the old Academy Building of this place, in charge of Mr. Wellington Hartman, for repairs, which it has been receiving during the past week. It looks much better. The house needed a perfect renovating, as it was shamefully out of order. The whole building inside and out, presents at present rather a pleasing appearance. Neat and pleasant school rooms are very essential for the advancement of education.

THE young folks of this and adjoining towns gave, on last Friday, a Union Pic Nic Party, in a grove about three quarters of a mile from this place. The party mustered at the residence of our townsman, Mr. Thomas Thornton, and marched from thence to the grove, headed by Hower's Cornet Band. They made quite a good appearance, and numbered some forty or fifty couple. They left our town between eight and nine o'clock in the morning, and returned in the early part of the evening much elated with the manner in which they spent the day.

HUMPHREYS' SPECIFIC HOMEOPATHIC REMEDIES NO. 562, BROADWAY.

THE GREAT FEATURE Of this series of Domestic Remedies, is that each particular medicine is a Specific for the particular disease or class of, diseases whose name it bears, and may be relied upon for the cure of the particular affection. Hence, persons suffering from a chronic disease or long standing ailment, in paying a case of Rumphreys' Specifics, obtain the particular one desired in their case, and thus themselves make a core which otherwise would cost them many dollars, and no small amount of time and medical attendance, if, indeed, it could be obtained at all.

Thus multindes soffer from Dispepsis, Billions, Costiveness, Bad Taste, Coated Tongue, and Debility, which is perfectly convolled and cured by the DYSPEPSIA SPECIFIC.

There is scarcely a phase or form of this

DYSPEPSIA SPECIFIC.

There is scarcely a phase or form of this disease which is not promptly controlled and ultimately cured by the use of this Specific. Thousands who have suffered for years with this "Billions Condition" having purchased a case of these Specifics have obtained a perfect cure and immunity from their old contolaint. complaint.

perfect cure and immunity from their old complaint. CoLOS, AND SORE THROAT which so frequenty lead to BRONCHITIS AND CONSUMPTION, are all in their early stage cored by the COUGH PILLS.

Many cases of long standing Bronchitis and irritating Coughs have been perfectly cured by this Specific. But more I many persons have, a specific liability to colds and take them, from the loast exposure. This will be entirely relieved by the nee of the Coogh Pills, as scores can testify from experience: Sq CATARRI is one of our most, common and most troublesome diseases, against which the Old School Medicines and even Homospathic prescriptions, are of little use.—Yet hundreds of persons have been cured of not only recent and fresh, but even long standing and obstinate cases of Catarrh by the use of this Specific.

One aged lady in Syracuse was thus perfectly cured of a Catarrh, which had anoyed her all her life. And a young lady at one of our first class boarding chools, who was so sifflicted with this disease as io require more than Torty handkerchiefs a week, was entirely cured in a single week by this Specific. PILES, bleeding and bind, is one of those common and obstinate forms of disease which are so difficient to cure by the ordinary methods, but which find an entire fundamental cure in the Piles Specific. True, time is required in a single week by this Specific. True, time is required to the find an entire fundamental cure in the Piles Specific. A remedy without any deterious or poisohous substance, which not only cures the sigue, and old, mismanaged agues, but may be relied upon as a preventive when persons are residing in a faver and ague district. It prevents or protects upon the same principle that vaccination prevents small pox or belladonno prevents socialet fefever, by pre-occupying the system with the true specific. Hundreds have been thus protracted and cured.

DIARRHOEAS & SUMMER COMPLINTS in adults or children are controlled like magic by the Diarrhoa Pills, while it may be averred without the possibility of successful contradiction that the Dysentary Pills are the most perfect specific for that disease known. Scrofula, or King's Evil,

Scrofula, or King's Evil, is a constitutional disease, a corruption of the blood, by which this fluid becomes vitituted, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impute air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is heardthery in the constitution, descendings from parents to children unto the third and fourth generating; 'indeed, it seems to be the rod of Him who gave, 'I will visit the iniquities of the fathers upon their children.'

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, cruptions or sorce. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofibous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered, fatal by this taint in the system. Most of the consumption which decimates the human family, has its origin directly in this scrofulous their parter of all our people are scrofulous; their persons are invaded by this lunking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate, it by health food, and exercise.

AYER'S

Compound Extract of Sarsaparilla. Compound Extract of Sarsaparilla, the most effectual remedy which the medical skill of our times can devise for this every where prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the expussion from, its destructive consequences. Hence it should be employed for the care-of not only scrofuls, but also those, other affections which arise from it, such as Enurrya and Sain Diebares, Sp. Anthony's Fire, Rose, or Envirelas, Pinelas, Poettless, Blotches, Blains and Boils, Tunois, Tetter and Sain Previous, Tetter and Sain Rheum, Scald Head, Rhewmans, Blody, and Mercurial Dispasses, Dedors, Poettless, Call Head, Rhewmans, Dedorf, Dispersial, Deslity, and, indeed, all Complaints also from the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound feelth is impossible in contaminated constitutions.

FOR ALL THE PURPOSES OF A FAMILY PHYSIC, are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the duman organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical deblity-is actonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is personal of the control of the season of the following complaints: Continuous of their use in the following complaints: Continuous, Hearthurn, Hedadeshe arising from disordered Stomach, Nausca, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice, and other kindred complaints, arising from a low state of the body or obstruction of its functions.

Patients in advanced stages of the disease.

So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are, known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.
