

HOLLOWAY'S PILLS.

The blood furnishes the material of every bone, muscle, gland and fibre in the human frame. When pure, it secures health to every organ, when corrupt, it necessarily produces disease. HOLLOWAY'S PILLS operate directly anon the elements of the stream of life, neutralizing the principle of disease, and thus radically curing the malady, whether located in the nerves, the stomach, the brain, or any other part of the system. USED THROUGHOUT THE WORLD! Holloway's Pills are equally efficacious in complaints common to the whole human race, and in disorders peculiar to certain climates and localities.

TO THE FASHONABLE AND OSPIECIBLES.

THE undersigned having just received the latest Paris and New York Fashions

latest Paris and New York Fashions would again beg leave to inform his namer ous friends and all the world about Blooms burg, that he is now better prepared than ever to accommodate any one with the neatest easiest and best fitting suits of Clothes that have been turned out lately; and not only that, but he will also do them up in the best order, upon the lowest terms.

His shop is at the old stand, (too well known to need further notice) wherehe may at all times be found, seated upon the bench of eppentance, steadily drawing out the thread of affliction, hoping it may in the end provad vantageous to him and his customers. He would also advise his fiends to bear in mine that poor, afflicted tailors mustlive, or they would also advise his fiends to bear in mine that poor, afflicted tailors mustlive, or they can't be expected to work. Therefore Wheat. Rye. Corn. Oats. Potatoes. and with all now and then a little CASH will come mighty handy from those who are back-standing on the books.

Remember, gentlemen, that in all cases "the laborer is worthy of his hire."

mentic, progressive, and entertaining method for the Piano.

We can confidently recommend it to teachers and pupils as better adapted to the purposes of elementary instruction than any others with which we are acquainted.

The plan pursued in this work is substantially the same as that developed in Ollendroff's method of teaching languages. It commences with the simplest elements.—

The progress made will be gradual, so that every step will be perfectly inteligible, and be rendered of positive value to the pupil.—

Every difficulty is met with single, and, after thorough analysis, overcome by practice.

This method will, undonbtedly, provide teachers with a well digested, progressive, and entertaing plan by which a sound and correct knowledge of the art of playing the piano may be acquired with comparatively little labor, and in so short a space of time as will almost seem incredible to those who have confined themselves to some of the tedious systems heretofore in use.

This work contains ten engraved figures, illustrating the different positions of the hande and fingers; and also a likeness of the author.
