Scrofula, or King's Evil, is a constitutional disease, a corruption of the blood, by which the system becomes vitiated, weak and poor.

It pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy.

The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, fifth and filthy habits, the depressing vice, and a morbid state of the system.

Whatsoever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation."

It is the root of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores.

This foul corruption, which ganders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases.

Consequently, vast numbers perish by disorders which, although not scrofulous in their nature, are rendered fatal by the taint in the system.

Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many diseases of the lungs, throat, and bowels, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; and persons are involved in this perilous infection, and their health is undermined, who do not know it.

To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise.

Such a medicine we supply in AYER'S Compound Extract of Sarsaparilla, the most effectual remedy which the medical skill of our times can devise for this disease.

It is manufactured from the best Sarsaparilla, and is prepared entirely different from other Sarsaparilla.

It is a powerful purgative, and its effects are such as to produce a healthy action on the bowels, and to cleanse the blood.
