HEALTH OR SICKNESS!
Choose Between Them.

HOLLOWAY'S PILLS.

The blood furnishes the material of every bone, muscle, gland and fibre in the human frame. When pure, it secures health to every organ, when corrupt, it necessarily produces disease. HOLLOWAY'S PILLS operate directly upon the elements of the stream of life, neutralizing the principle of disease, and thus radically curing the malady, whether located in the nerves, the stomach, the liver, the bowels, the muscles, the skin, the brain, or any other part of the system.

USED THROUGHOUT THE WORLD!

Holloway's Pills are equally efficacious in complaints common to the whole human race, and in disorders peculiar to certain climates and localities.

ALLARMING DISORDERS.

Dyspepsia, and derangement of the liver, the source of infirmity and suffering, and the cause of innumerable deaths, yield to these curatives, in all cases however aggravated, acting as a mild purgative, alterative and tonic; they relieve the bowels purify the fluids, and invigorate the system and the constitution at the same time.

GENERAL WEAKNESS—NERVOUS COMPLAINTS.

When all stimulants fail, the renovating and bracing properties of these Pills give firmness to the shaking nerves and enfeebled muscles of the victim of general debility.

DELICATE FEMALES.

All irregularities and ailments incident to the delicate and sensitive organs of the sex are removed or prevented by a few doses of these mild, but infallible alteratives. No mother who regards her own or her children's health should fail to have them within her reach.

SCIENTIFIC ENDORSEMENTS.

The London "Lancet," the London "Medical Review," and the most eminent of the faculty in Grett Britain, France and Germany, have eulogized the Pills and their inventor.

Holloway's Pills are the best remedy known in the world for the following diseases:

Asthma	Diarrhœa
Bowel Complaints	Dropsy
Coughs	Debility
Colds	Fever and Ague
Chest Diseases	Female Complaints
Costiveness	Headaches
Dyspepsia	Stone and Gravel
Influenza	Secondary Symptoms
Inflammation	Venereal Affections
Inward Weakness	Worms of all kinds
Liver Complaints,	Lowness of Spirits, Piles.

☞ CAUTION!—None are genuine unless the words "*Holloway, New York and London,*" are discernible as a *Water-Mark* in every leaf of the book of directions around each pot or box; the same may be plainly seen by holding the leaf to the light. A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious.

*** Sold at the Manufactory of Professor Holloway, 80 Maiden Lane, New York, and by all respectable Druggists and Dealers in Medicine throughout the United States and the civilized world, in boxes at 25 cents, 62½ cents and $1 each.

There is a considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients in every disorder are affixed to each box. August 10, 1859.

OF THE
LITERARY GAZETTE,
AND FAMILY PICTORIAL,

PUBLISHED monthly by MARIE LOUISE HANKINS & FANNIE LUCELE, under the immediate superintendance of *Col. C. Ashton Hankins*, and sent by mail for only 50 cents a year! To agents (and clubs of 10 or more,) only 30 cents a year. Postage only six cents a year, when paid quarterly in advance. The cheapest Family Paper in the world.

The latest reliable Fashion Plates, Dress Patterns, useful & ornamental Needle work, Diagrams, and Embroidery Designs in every number.

THE BEST WRITERS, THE BEST STORIES, AND MOST ENGRANINGS.

☞ Specimen copies sent free of postage on receipt of a stamp; but stamps will not be received for subscriptions. Subscribers and agents must inclose the money—CASH; and write names, post offices, counties and States, plain and distinct.

☞ Canvassing Agents (Particularly Females) wanted everywhere. Agents are allowed to retain 20 cents out of each 50 cent subscription they obtain, and some are now clearing as high as $25 a week profit for themselves. Postmasters and Teachers can act as agents, on the same terms.

☞ Persons receiving specimen copies of the Literary Gazette are requested to act as agents, or to show it to those who will, and they shall be sent a copy of the paper one year gratis as compensation for their trouble. This is an easy way to pay for a year's subscription, and the effort will put money in the pockets of those who need it, and extend our circulation. Instead of earning 50 to 75 cents a day with her needle, or by teaching school, a smart woman can procure from 10 to 20 subscriptions every fair day in the week, and clear for herself $2 to $4, while she would have made only 75 cents at her old occupation.

☞ All persons extending the circulation of the paper continually get a copy gratis.

☞ Applicants for Agencies are requested to send the names and post-office address of all the leading people they know of, who would be likely to subscribe, and a specimen copy for inspection will be mailed to each of them free of postage. Agents find this plan very profitable to them, as they obtain subscriptions much easier.

☞ Inclose an extra three cent stamp when a written answer is wanted.

PROSPECTUS
OF THE
SCIENTIFIC ARTISAN.

This paper is devoted to the advocacy and promulgation of all information which is more particularly of a practically scientific character. It embraces within its scope discussion upon every thing in Science and Art, but eschews whatever is either political, religious, or personal.

It is profusely illustrated with original engravings, done in the highest style of art.

It contains a weekly list of all patents issued, together with the claims thereon.

It contains notices of the latest inventions and improvements.

It contains a correspondence department, in which many novel inquiries are answered.

It is, in a word, just such a paper as ought to be taken by every Farmer and Mechanic, since it is devoted more particularly to their interest.

The Artisan also contains a weekly review of patent operations in Europe, and such foreign matter as may be of interest to inventors.

This paper is published by the American Patent Company, and is, in every sense, a perfectly reliable source of information.

CLUBS.

It is always a saving of much labor, when a number of papers can be sent to one Post Office under cover of a single wrapper.—The expense of mailing is less, and as the paper does not cost quite as much under such circumstances as when mailed in single numbers, we beg to offer the following Scale of Prices:

Single paper per annum,	$2 00

JUST PUBLISHED.
New Method For The Piano Fote.
BY CHARLES GROBE.
Opus 1100.

Price,	$2 50 nett.
Bound in Cloth,	3 00 nett.

A good instruction book for the Piano has long been wanting, and Mr CHARLES GROBE has performed the labor, in getting this one up in the most *admirable and satisfactory manner.* It will prove itself one of the most valuable guides in the instruction of the art of playining on the Piano.

Considering the author's well known capacity, and long and unremitting devotion to the task of elementary teaching, we have strong reason to hope that the public are now to be furnished with a thorough, systematic, progressive, and entertaining method for the Piano.

We can confidently recommend it to teachers and pupils as better adapted to the purposes of elementary instruction than any others with which we are acquainted.

The plan pursued in this work is substantially the same as that developed in Ollendroff's method of teaching languages. It commences with the simplest elements.—The progress made will be gradual, so that every step will be perfectly inteligible, and be rendered of positive value to the pupil.—Every difficulty is met with single, and, after thorough analysis, overcome by practice

This method will, undonbtedly, provide teachers with a well digested, progressive, and entertaing plan by which a sound and correct knowledge of the art of playing the piano may be acquired with comparatively little labor, and in so short a space of time as will almost seem incredible to those who have confined themselves to some of the tedious systems heretofore in use.

This work contains ten engraved figures, illustrating the different positions of the hande and fingers; and also a likeness of the author.

Its typographical accuracy and appearance have never been equalled in any musical work that has heretofore been issued from the press in this or any other country

Copies will be sent by mail, free of post age, on the receipt of the marked price.

HOWARD ASSOCIATION,
PHILADELPHIA.

A Benevolent Institution established by special Endowment, for the Relief of the Sick and Distressed, afflicted with Virulent and Epidemic Diseases.

THE HOWARD ASSOCIATION, in view of the awful destruction of human life caused by Sexual diseases, and the deceptions practiced upon the unfortunate victims of such diseases by Quacks, several years ago directed their Consulting Surgeon, as a CHARITABLE ACT worthy of their name, to open a Dispensary for the treatment of this class of diseases in all their forms, and to give MEDICAL ADVICE GRATIS to all who apply by letter, with a description of their condition, (age, occupation, habits of life, &c.) and in case of extreme poverty, to FURNISH MEDICINES FREE OF CHARGE. It is needless to add that the Association commands the highest Medical skill of the age, and will furnish the most approved modern treatment.

The Directors of the Association, in their Annual Report upon the treatment of Sexual Diseases, express the highest satisfaction with the success which has attended the labors of their Surgeons in the cure of Spermatorrhœa, Seminal Weakness, Gonorrhœa, Gleet, Syphilis, the vice of Onanism or self-Abuse, Diseases of the Kidneys and Bladder, &c., and order a continuance of the same plan for the ensuing year.

The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent effort have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves, with renewed zeal, to this very important and much despised cause.

An admirable Report on Spermatorrhœa or Seminal Weakness, the vice of Onanism, Masturbation, or Self-Abuse, and other diseases of the Sexual organs, by the Consulting Surgeon, will be sent by mail (in a sealed envelope,) FREE OF CHARGE, on receipt of TWO STAMPS for postage. Other Reports and Tracts on the nature and treatment of Sexual diseases, diet, &c., are constantly being published for gratuitous distribution, and will be sent to the afflicted. Some of the new remedies and methods of treatment discovered during the last year, are of great value.

Address, for Report or treatment, DR J. SKILLIN HOUGHTON, Acting Surgeon, Howard Association, No. 2 South Ninth Street, Philadelphia, Pa.

EVANS & WATSON'S
Phil'a Manufactured
SALMANDER SAFES;
No. 26 South Fourth Street
PHILADELPHIA.

From the Village Record,
WEST CHESTER, Pa.

Saturday, Feb. 5, 1859.

ROBBERY.—The office of the old Railroad, in West Chester, was broken into last Thursday night, and robbed of a small amount of money. The thieves entered the building in the rear, broke the doors, and locks off the desks, and attempted to get into the large iron safe, but did not succeed.

The Safe was manufactured by EVANS & WATSON, No. 26 South FOURTH Streets, Philadelphia.

STILL ANOTHER ATTEMPT.

OCTOBER 18th, 1858.—Three theives entered the flouring-mill of Messrs. Dorrace & Doron, Bristol, Pa., and tried all night to blow open their Safe, with powder, which had $250 in cash, but did not succeed in getting it open. Their Salamander Safe was manufactured by

EVANS & WATSON.

GREAT SAFE ROBBERY AT NORRISTOWN, DECEMBER 1st, 1858—Some time last night, the flouring-mill of Mr. Joseph Fezone, in Norristown, Pa., was entered and one of Farrel, Herring, & Co's best patent Powder proof Lock and Safe

WAS BLOWN OPEN WITH POWDER, and $1,600 in cash taken out and carried away. This Safe is now in Evans & Watson's store, No. 26 South Fourth Street, where we most respectfully invite the public to call and examine it.

N. B.—We find in *The Press*, December 4th, the following: "All our Safes are warranted to give perfect satisfaction, or the money will be returned.

FARREL, HERRING & CO."

We, EVANS & WATSON, would ask all parties having Farrel, Herring & Co's Patent Champion Safes, to take advantage of the above offer, and return them and get their money, as they will find that, in a few years, the Composition with which the Safes are filled (a large portion being oil of vitriol) will eat out all the iron. A specimen of their Champion Safes may be seen in front of our store, which is eaten full of holes now. EVANS & WATSON,

No. 26 South FOURTH Street.

[*From The Press of the 4th ult.*]

Farrel, Herring & Co's Patent Champion Safes, the only Safes made in the city which have never been robbed by burglars, or had their contents destroyed by accidental fires. Evans & Watson's Philadelphia answer to a New York Humbug.

We, the undersigned citizens of St. Joseph, Mo., do hereby certify that the iron Safe belonging to C. E. Baldwin, made by Farrel & Co., No. 34 Walnut Street, Philadelphia, which was in the fire that occurred here, is not fire-proof, and is useless as a fire proof Safe; that the books, papers, jewelry, &c., which were in the Safe at the time, were much injured; also, that the building which it was in was of frame and only one story high, and that a fire so trifling as the one which burned over the said Safe was not sufficient to have injured any Safe purporting to be fire-proof.

THE undersigned having just received the latest Paris and New York Fashions would again beg leave to inform his numerous friends and all the world about Bloomsburg, that he is now better prepared than ever to accommodate any one with the neatest easiest and best fitting suits of Clothes that have been turned out lately; and not only that, but he will also do them up in the best order, upon the lowest terms.

His shop is at the old stand, (too well known to need further notice) where he may at all times be found, seated upon the *bench* of repentance steadily drawing out the *thread* of affliction, hoping it may in the *end* prove advantageous to him and his customers. He would also advise his friends to bear in mind that poor, afflicted tailors must live, or they can't be expected to work. Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S

Compound Extract of Sarsaparilla,

the most effectual remedy which the medical skill of our times can devise for this every where prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as ERUPTIVE and SKIN DISEASES, ST. ANTHONY'S FIRE, ROSE, or ERYSIPELAS, PIMPLES, PUSTULES, BLOTCHES, BLAINS and BOILS, TUMORS, TETTER and SALT RHEUM, SCALD HEAD, RINGWORM, RHEUMATISM, SYPHILITIC and MERCURIAL DISEASES, DROPSY, DYSPEPSIA, DEBILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITIATED OR IMPURE BLOOD. The popular belief in "*impurity of the blood*" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC,

are so composed that disease within the range of their action can rarely withstand or evade them Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: *Costiveness, Heartburn, Headache arising from disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice*, and other kindred complaints, arising from a low state of the body or obstruction of its functions.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the p
