

STAR OF THE NORTH

WEDNESDAY, SEPT. 21, 1859.

We would direct attention of our readers to the new advertisements in today's STAR.

Hon. J. S. BLACK, Attorney General of the United States, has our sincere thanks for valuable documentary favors.

We have two school orders for sale cheap. One from the Pittsburgh Commercial College, and the other from Bryant & Stratton's Commercial School, Philadelphia.

WANTED at this office on subscription: Wood, coal, potatoes, apples, beef, pork, chickens, flour, corn, etc. This is trade we must have; it is the same as money to us. Those of our patrons in arrears will please make a note.

On the outside of the STAR of to-day will be found a communication from the pen of the Rev. J. G. NOBLE, in answer to the article written by W. P. Teisworth, which appeared in the Columbia Democrat some three weeks ago. It is of considerable length, and quite interesting.

LIGHT STREET HOTEL.—Notice of this popular house will be seen in another column of the STAR. This house is offered for sale upon reasonable terms, and it is a pleasant and desirable location.

As a caterer to the public appetite, no one in the country can excel or is more favorably known, than D. L. EVERHART, the proprietor of the Light Street Hotel. At his house will be found all the delicacies of the season.

We would direct attention of our readers to the advertisement in another column of Mr. CHARLES W. DEAN, Wholesale Dealer, in Philadelphia, 119 Market Street, North side, below Second. His stock consists of French and German Baskets, Wood and Willow Ware, etc. It is not necessary that we should here re-narrate his articles for we intend our patrons to read the advertisement. We would state that Mr. DEAN is a fair and honorable dealer, and has a very extensive assortment on hand, which can be purchased cheap for cash.

REDUCTION OF FARE.—We have been requested to give notice through the columns of the STAR, that the Directors of the Catawissa, Williamsport and Erie Railroad, design issuing their tickets at half price to persons going to and coming from the State Fair at Philadelphia, on the 27th, 28th, 29th and 30th inst. This is liberal on the part of the Directors. By this reduction of fare a person can travel to Philadelphia from this point (Blomberg) and back, upon first class cars, for \$1.50. This is quite a favorable opportunity to witness the State Fair, cheap.

We learn by the papers, that the Agricultural Annual Fairs of Luzerne, Northumberland and Lycoming counties, all commence on Tuesday, the 4th of October next, to continue two, three and four days, according to their announcements. By this arrangement, people wishing to attend all the Fairs, cannot do it, to good advantage. The Columbia county Fair will have a clear field—all the neighboring Fairs being over—consequently a large turn-out may be expected. We hope there will be, at least—The facilities for having a good Fair in this county are great.

PROF. THEODORE M'D. PACE did not perform his wonderful feat of wire walking in this place on last Saturday, on account of the rainy weather. It rained all day, and of course nobody came to see the feat performed. The exhibition has been postponed till next Saturday, when it will be given, we trust, without fail. The Professor was on hand last Saturday, with wire and pole, ready to perform the daring and hazardous feat, but the weather interfering, hence the postponement. We have no doubt but a large number of people will be here on next Saturday. Mons. Price designs stewing oysters upon the wire, and of course eating them. This will be a pretty ticklish operation; be careful, stand on under.

PREMIUM LIST.—From the fact that there is a certain class of people, members of the Association, who feel indignant at the manner in which the publishing of the Premium List of the COLUMBIA COUNTY AGRICULTURAL, HORTICULTURAL AND MECHANICAL ASSOCIATION has been managed, we have been solicited to give it one insertion through our columns, and all will be made right. The members of this Association wish to see their publishing extended to all the papers in the county, and this they will have, and if not done by those appointed for that purpose, the other members will do the matter in their hands, and see that it is done, and done right too. It is very essential that this matter should have a large circulation and be published in papers to be read. The way to economize is to withhold matter from the public press, especially in this line. It may do some good, but we doubt very much if the result in this case would not be ruinous. We think a very wise plan has been taken by a few individuals in this matter, i. e., to have the Premium List published in the STAR of the NORTH and Columbia County Republican, that it may receive an extensive circulation and prove beneficial to the Association. Our readers now have an opportunity of seeing the list of premiums offered for the October Fair, and discovering at the same time how much alteration has been made from last year's list; some higher, while others are lower.

LIST OF PREMIUMS, TO BE AWARDED BY THE COLUMBIA COUNTY AGRICULTURAL, HORTICULTURAL AND MECHANICAL ASSOCIATION, AT ITS FOURTH ANNUAL EXHIBITION, TO BE HELD AT BLOOMSBURG, ON THURSDAY, FRIDAY & SATURDAY, THE 15th, 16th and 18th of October, 1859.

- THE PREMIUM LIST: NO. 1—HORSES: Best pair of Carriage Horses, \$5.00; Best pair of Carriage Horses, Second best, do, 3.00; Best pair of Carriage Horses, Third best, do, 2.00; Best pair of Draft Horses, 3.00;
