We are not able to give the official vote of the County in this paper, but in our next it will be seen.

We hear some complaint throughout the county respecting the potato rot. In this part very little is said upon the subject—We hope this disease will be slight.

The buckwheat crop in Columbia county this season is a good one; better than it has been of late years. We hope soon to have it in market. It is about all gathered.

NEW BARBER.—We would inform the citizens of Bloomsburg and vicinity, that Mr. Charles Henry Noll, of Philadelphia, has taken charge of the barber shop lately occupied by Ferdinand Stine. His advertisement will be seen in to day's paper.

On Friday night last a very great attempt was made by incendiaries, to burn the city of Lafayette Ind., which consisted in firing the city in five different places within twenty minutes. The damage, however, was prevented by timely discoveries.

The Western Penna. Fair, held at Pittsburgh, September, 1859, awarded the first Premium for best Business and Ornamental Writing to the Iron City Commercial College. This is the third triumph at the Fairs of this City over other Colleges.—Pittsburgh Gazette.

The Sandy Hill Herald says that the Republicans are going to nominate Blodwin for President, as he can stretch a rope from the dome of the Capitol to some point up Salt River and take the whole party up in a wheelbarrow.

Those attending the Agricultural Fair and knowing themselves indebted to us on subscription and advertising will have a good opportunity to square up. There will be, we hope, a good Fair and well attended—Turn out, and bring something with you; come early and stay all day; and see that your neighbor comes along. That's the way to make these Fairs interesting.

PUBLIC SALE.—It will be seen by reference to our advertising columns that the Real Estate of Isaac Demott, deceased, will be sold on Saturday the 5th day of November next, instead of October 23d as was advertised in our last paper and by hand-bill.—On account of other sales interfering it has been changed. Remember the time as desirable property will be offered. See advertisement in another column.

NEW GOODS.—Stephen H. Miller has a fresh supply of Dry Goods and Groceries. His assortment is extensive; and he is prepared to sell reasonably cheap. Give him a call, and examine his stock. We think you will be pleased with his merchandise, and in consequence make a purchase which you will never regret.

BURGLAR OF PEDIARS.—Our exchanges are warning families against admitting pedlars into their houses, as many of them are only burglars, or spies for burglars. After noting the interior arrangements of a house, they can give information to others, or use it themselves. Housekeepers should beware of admitting these strolling pedlars to their dwellings if they would escape their midnight depredations.

THE LEFT STOCKING.—An editor of a paper lately informed his readers that the ladies always pull off the left stocking last.—This, as may be supposed, created some stir among his fair readers, and while, in positive terms, they denied the statement, they insisted that he had no business to know it even if such were the fact. He proves it, however, by a short argument: "When one stocking is pulled off there is another left on; pulling off this is taking the left stocking off last."

SIMPLE MODE OF ASCERTAINING INTEREST.—A new mode of computing interest at six per cent. has been published, which appears simple. Multiply any given number of dollars by the number of days of interest desired, separate the right hand figure, and divide by six; the result is the true interest of such sum for such number of days at six per cent. This rule is so simple and so true, according to all business usages, that every banker, broker, merchant and clerk should post it up for reference and use.—There being no such thing as a fraction in it, there is scarcely any liability to error or mistake. By no other arithmetical process can so decided information be obtained with so few figures.

POTATOES ROTTING.—We learn that since the heavy and constant rains of ten days or two weeks ago, the potatoes which had not been taken up previous to that time, have been rapidly rotting in the ground. Ever since the rain, the ground has been of mortar-like consistency, and the rotting of such potatoes as remained in it has been the result. A great many potatoes were dug before the rain set in, and we presume that, except in very dry localities, they will be the chief dependence. In the district of country constituting the bottom lands along the Susquehanna the rot is more prevalent than elsewhere in this county. The potato crop, aside from the disastrous termination, has been more than usually good.—Producing well, and being of good size.—Patrician and Union.

Prospectus of a New Work by Emerson Bennett, Author of "Clara Moreland," "Praise Flower," "The Relinquish," "Blanche Bertrand," "The Artist's Bride," &c., &c., entitled WILD SCENES ON THE FRONTIERS; OR, HEROES OF THE WEST.

"Westward, the course of Empire takes its Way!" This work, the only one in Book form, which for several years has emanated from the pen of the author, who travels now along the path once trodden by our own Cooper. It will contain graphic pictures of the conflicts of the hardy Pioneer, who strives and struggles with his Indian foe, rival the tales of fiction and the tragic counter-tails of the mimic stage. Also, thrilling narratives of the daring deeds, the heroisms, the heroic devotion and self-denial of noble women, the mothers of the West! Beneath the over-arching forests, hand to hand, and foot to foot, the intrepid adventurer is encountered in deadly combat the ruffian desperado who made their haunts in the backwoods, and his gallant achievements have thrown a halo of romance over the waving prairie, the grand old mountains, and the majestic rivers of the land of the setting sun.

HUMPHREYS' SPECIFIC HOMEOPATHIC REMEDIES, NO. 562, BROADWAY. THE GREAT FEATURE

Of this series of Domestic Remedies is that each particular disease is a Specific for the particular disease or class of diseases whose name it bears, and may be relied upon for the cure of that particular affection. Hence persons suffering from a chronic disease of long standing ailment, in buying a case of Humphreys' Specifics, obtain the particular one desired in their case, and thus they secure a cure which otherwise would cost them many dollars, and no small amount of time and medical attendance, if, indeed, it could be obtained at all.

Thus multitudes suffer from Dyspepsia, Bilems, Costiveness, Bad Taste, Coated Tongue, and Debility, which is perfectly controlled and cured by the DYSPEPSIA SPECIFIC.

There is scarcely a phase or form of this disease which is not promptly controlled and ultimately cured by the use of this Specific. Thousands who have suffered for years with this "Bilems Condition" having purchased a case of these Specifics have obtained a perfect cure and immunity from their old complaint.

COUGHS, COLDS, AND SORE THROAT which so often lead to BRONCHITIS AND CONSUMPTION, are all in their early stage cured by the COUGH PILLS.

Many cases of long standing Bronchitis and irritating Coughs have been perfectly cured by this Specific. But more! many persons have a specific liability to colds and take them from the least exposure. These are promptly relieved by the use of the Cough Pills, as scores can testify from experience: So CATARRH is one of our most common and most troublesome diseases, against which the Old School Medicines and even Homoeopathic prescriptions, are of little use. Yet hundreds of persons have been cured of not only recent and fresh, but even long standing and obstinate cases of Catarrh by the use of this Specific.

An aged lady in Syracuse was thus perfectly cured of a Catarrh, which had annoyed her all her life. And a young lady at one of our first class boarding schools, who was so afflicted with this disease as to require more than forty handkerchiefs a week, was entirely cured in a single week by this Specific.

PILES, bleeding and blind, is one of those common but obstinate forms of disease, which are so difficult to cure by the ordinary methods, but which find an entire fundamental cure in the Piles Specific. Time, time is required; but the Specific is pleasant to take, requires neither diet nor restraint, and being followed up a perfect cure is the result.—Hundreds of persons, in purchasing a case of Specifics, have obtained a cure for this most trying and obstinate form of disease, which has been worth to them ten times the cost of the entire set.

The case contains the best FEVER AND AGUE SPECIFIC known. A remedy without any deleterious or poisonous substance, which not only cures the ague, and old, mis-mingled agues, but may be relied upon as a preventive when persons are residing in a fever and ague district. It prevents or protects upon the same principle that vaccination prevents small pox or belladonna prevents scarlet fever, by pre-occupying the system with the true specific. Hundreds have been thus protected and cured.

THE OPHTHALMIC SPECIFIC has proved a most valuable remedy for Sore Eyes and Erythema, and for Weak and Blurred Sight. One lady in Indiana, who had suffered from sore eyes for many years, and for two years was entirely blind, was cured perfectly by the Ophthalmic Specific alone.

HEADACHES to which so many are subject, find a curative in the case. There is a specific which cures at the time of the attack, and also one which corrects the condition of the system upon which it depends, and destroys the disposition to a return.

The Specifics for the various forms of FEMALE COMPLAINTS have proved invaluable. Old Standing Leucorrhoea or Whites, attended with debility and exhaustion, and for which other forms of medicine are of little value, are fully controlled and cured by the Female Pills; while the specific for Irregularities control almost every form of Scanty, Painful or Irregular Menstruation.

DIARRHOEAS & SUMMER COMPLAINTS in adults or children are controlled like magic by the Diarrhoeal Pills, while it may be averred without the possibility of successful contradiction that the Dysentery Pills are the most perfect specific for that disease known.

For the various forms of FEVERS, SCARLET FEVER, MEASLES, and other diseases of children, the Fever Pills may be safely and surely relied upon.

These Specifics of Prof. Humphreys, used for years in his extensive practice, and to the perfection of which he has devoted the resources of extensive knowledge, experience and study.

The public may rest assured that during the lifetime of Dr. H., no one has been or shall be trusted with the preparation of his Specifics, and he offers the guaranty of his professional life and reputation that they shall be put as he represents them.

They have now been before the public for five years, and have everywhere won golden opinions from the many thousands who have used them.

Simple, free from intricacy, technically, or darkly phrased, and in the ready recourse and aid of the parent, traveler, nurse, or invalid, and have become the family physician and medical adviser of thousands of families. Nowhere have they been tried without having been approved, and their highest appreciation is among those who have known them the longest, and most intimately.

Every family will find these Specifics all they have been recommended; Prompt Reliable, Simple and Efficient; a Friend in need and often a Friend indeed.
