A MEDICAL REVOLUTION,

HOLLOWAY'S OINTMENT.

THE GREAT COUNTER IRRITANT!

The virus of disease often makes its way to the internal organs through the pores of the skin. This penetrating Ointment, melting under the hand as it is tubbed in, is absorbed through the same channels, and, reaching the seat of inflamation, promptly and invariably subdues it, whe her located in the kidnets the liver, the lungs, or any other important organ. It penetrates the surface to the interior, through the countless tubes that communicate with the skin, as summer rain passes into the fevered earth, diffusing its cool and regenerating influence.

SKIN DISEASES AND GLANDULAR SWELLINGS.

Every species of exterior irritation is quickly reduced by the anti-inflammatory action of this Ointment. Angry Eruptions, such as salt Rheum, Erysipelas, Tetter, Ringworm, Scald Head, Nettle, Rash, Scables, (or Itch) &c., die out, to return no more, under this application. Hospital experience in all parts of the World proves its infallibility in diseases of the skin, the muscles, the joints and the glands.

ULCERS, SORES, AND TUMORS. The virus of disease often makes its way

cles, the joints and the glands.

ULCERS, SORES, AND TUMORS.
The effect of this unrivalled external remedy upon Scrofula, and other virutent ulcers and sores, almost maraculous. It first discharges the poison which produces suppuration and proud flesh, and thus the cures which its healing properties afterwards complete are safe as well as permanent.

WOUNS, BRUISES, BURNS, AND SCALDS

In cases of the fracture of the bones, injuries caused by steam explosions, Bruises, Burns, Scalds, Rheumatism, Stiffness of the Joints, and contraction of the sinews, it is employed and warmly recommended by the faculty. This marvellous remedy has been introduced by its inventor in persons into all the leading Hospitals of Europe, and no private household should be without it.

UNDEFINABLE TESTIMONY.

UNDEFINABLE TESTIMONY.
The Medical Staff of the French and English Armies in the Crimea officially signed their approval of HOLLOWAY'S Ointment, as the most reliable dressing for sabre cuts, siabs, and gun-shot wounds. It is also used by the surgeons of the Allied Navies.

We, the undersigned citizens of St. Joseph, Mo., do hereby certify that the iron Safe belonging to C. E. Scrofula, or King's Evil, is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous tain its variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venercal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, cruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous comsultations not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as Eruptive and Sein Diberser, St. Antiony's Fire, Rose, or Eristfelas, Pinfles, Pustules, Blottens and Boils, Tunose, Tatters and Salt Rheem, Scald Head, Ringwamm, Ringwamms, Syphilitric and Mercumal Diseases, Dropers, Dyspersers, Desiry, and indeed, all Complaints aming from Vitation of the first of the control of the first of the forest of the forest

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. Patients in advanced stages of the disease.

So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.
