STAR OF THE NORTH

WEDNESDAY, DEC. 21, 1859.

Notice to Our Patrons.

We would notify those of our patrons who are in arrears for subscription and job work that they must pay up by the last of this month or the first of January, which is only about ten days. Two more numbers will complete the second volume under our control, and the eleventh year of its existence. We must have money to meet our payments, and we think a little timely noce to our patrons is not at all out of place. They can pay their subscriptions more easily now than when they become larger, and do not intend they shall get much larger until they are paid. Two year's credit is too long a credit for any country newspaper to prosper well. Over two thirds of my patrons are in arrears—they have paid us nothing since we took charge of the estabfishment. We did not ask for their money until they had given our paper a fair trial.
We have thus far been to considerable expense in publishing the STAR OF THE NORTH for you-have worked for nothing and boarded ourself-and now we would ask for a temittance from one and all who know themselves in arrears. Those at a distance can remit by mail; and, if they register their letters we'll run all risk. Our patrons in the neighboring villages, and throughout the County, will bear in mind, that by the first I January we must have our money, and be prepared when our collector calls upon you. Be ready, you can't tell what moment you may be greeted by him. Don't

ON THE out side of to day's STAR will be found the speech of Hon. Henry M. Fuller, which was delivered at the grand Union Meeting in Philadelphia, not long since.-This speech does not exactly suit the taste Brown Republican party. In our opinion he will not be allowed to dwell in that party long. They will not publish this

WILLIAM HESS, Executor of the estate of Conrad Hess, deceased, advertises for sale in to day's paper a certain plantation and tract of land, containing about one hundred forty-nine perches. The land is in pretty condition, with all necessary buildings for farming purposes. Sale to take place on Thursday, the 19th day of January next.—

Common Schools in Montour County, has resigned his office.

DIVINE SERVICES .- There will be preaching by the REV. J. R. SHANAFELT in the new Baptist Church on Third Street, Bloomsburg, on next Saturday evening at half-past 6 o'cl'k, and on the following Sabbath afternoon at half past 2 o'clock, and at early candle light in the evening.

ALL communications sent to this office to publication must be accompanied with the uthors real name, and admissible to our columns, to insure an insertion. We fre quently receive marriage notices without a name signed to them. The mere mention ing of the Reverend or Squire's name in the body of the notice does not suffice; we want to see his name signed at the bottom of the notice also. This gives us more assurance as to the truthfulness of the matter, and leaves us not in so critical a position as when inserted otherwise. A little attention to this matter will frequently save delays.

MR. GEO. L. MOYER, of this place, killed a hog a few days ago, aged about seven-teen months, which weighed five hundred and seventy six pounds.

SNYDER COUNTY has in operation ninety pix public schools. This is a pretty fair number for little Snyder.

Since our last we have been paying some further attention to our Public Schools—
The ment of them were there are in admirable working.

October 5th, 1859.—2mo.

The most of them are in admirable working order. The last we visited was the Iron Dale School under charge of P. H. FREEZE. He is an energetic, thoroughgoing teacher, but his pupils are all backward, most of them in the primary branches, and more discouraging still, their attendance at school is very irregular .- Col. Co. Republican.

MR. E. P. Lutz, of this place, siled two hogs, on Wednesday of last week, aged ten months and ten days, the one weighing, after being nearly dressed, three hundred fifty-nine and a quarter pounds, the other three hundred seventeen and a quarter pounds. These are extraordinary hogs, considering the age. Who can beat them ?

Gov. WILLIAM F. PACKER has disapproved and reversed the sentence and finding of Col. Thomas Brandon, Brigade Inspector, who was brought up before a Court Martial, in Danville, not long ago, "for the reason that the said Court was illegally conducted.

HEAVY Hos .- George L. Moyer, of this place, has butchered another heavy hog — He dressed oue this morning which weighed Six hundred and twenty pounds, (not hundred weights.) This is a whopper!

THE NEW YORK MERCURY FOR 1860.
The Largest Two-Dollar Weekly in the World!

AN INTELLECTUAL BANQUET FOR THE NEW YEAR

In the annals of the Press there is no In the annals of the Frees there is no parallel to the brilliant: success which has attended the career of The New York Mer-cury—giving it a proud position never be-fore enjoyed by any paper whatever, and securing for it an almost unrivaled circula-

securing for it an almost unrivaled circulation.

The Mercury is by far the largest, handsomest, and cheapest literary Journal in the world—containing as much of the most brilliant, entertaining, instructive, and amusing reading matter in each of its weekly issues as would suffice to make a 12mo., book of 250 pages! It has the largest and most expensively organized corps of famous contributors ever drawn to the focus of any one publication. Its columns are adorted with the vivid and sparkling pen-pictures of the world-noted poet traveller, the unequaled BAYARD TAYLOR, whose new series of California letters in The Mercury are as interesting as the most highly wrought romance, and whose inimitable, contributions have been secured, at a heavy cost, exclusively for The Mercury.

This leading Journal of American literature will also continue to be illustrated weekly by the inspired pencil of the greatest of American artists, FELIX O. C. DARLEY.

In the departments of Historical romance.

domestic tales, moral, artistic, and humorous sketches, poetry, etc., all the old and justly famous contributors will be retained, with new accession from the highest walks of polite literature. The following noted authors are permanently engaged: Bayard

with new accession from the highest walks of polite literature. The following noted authors are permanently engaged: Bayard Taylor, Dr. J. H. Robinson, J. A. Patten, Geo. Antold, Felix O. C. Darley, Rev. R. M. Devens, W. O. Eaton, Cousin May Carleton, Ned, Buutline, Joseph Barber, Mrs. M. E. Robinson, Capt. Jas. F. Alcorn, Geo. Martial, R. H. Newell, and a host of popular romancists and sketch writers.

The Mercury is the peculiar glory of every respectable fireside, and a fountain of intellectual pleasure, on account of the pure and moral tone of its tales and sketches.—Not a word or a sentiment is allowed to appear in it that would prove distasteful to the lastidious moralist, or wound the feelings of any class of readers.

The Mercury has the following specialities, which are original with it, and render it far superior to any other family paper in existence. There is the inithitable Gossipter's Club, with its piquant, spicy, racy, and side-splitting bits of humor, oddity, burlesque, and wit, contributed by some of the first humorists, lawyers, editors, and wits of the country, and eagerly copied by the Press from one end of the Union to the other; the Ladies' Promenade: the Dramatic and Musical Department; the Sketches of the amous epicurean poet and finished scholaf, "J. B.;" "The Floral Department:" and other novel features—to which new and still more brilliant ones will be added during other novel features—to which new and still more brilliant ones will be added during

the year 1860.

The initiation of the New Year will be signalized by the commencement of a splendid new novelette of the Empire City and the Sea, entitled

THE GREAT COUNTER IBRITANT!!

THE GREAT COUNTER IRRITANT!!

The virus of disease often makes its way to the internal organs through the pores of the skin. This penetrating Ointment, melting under the hard as it is rubbed in, is absorbed through the same channels, and, reaching the seat of inflamation, promptly and invariably subdues it, whe her located in the kidness the liver, the lungs, or any other important organ. It penetrates the surface to the interior, through the countless tubes that communicate with the skin, as summer rain passes into the fevered earth, diffusing its cool and regenerating influence.

SKIN DISEASES AND GLANDULAR

Every species of exterior irritation is quickly reduced by the anti inflammatory action of this Ointment. Angry Eruptions, such as saft Rheum, Eryspelas, Tetter, Rugworm, Scald Head, Nettle, Råsh, Scables, (or Itch) &c., die out, to return no more, under this application.
