

STAR OF THE NORTH.

WEDNESDAY, DEC. 28, 1859.

The Jurors for February term of Court will appear in our next.

We tender to all our readers the compliments of the season, and wish all a happy New Year.

The Teachers' Institute of Columbia Co. is in session this week at Millville. Proceedings next week.

The Exchange Hotel property, in this place, was not sold on last Saturday. Cause—bids not high enough. Fifty three hundred dollars was the highest offer.

Howe's CORNET BAND, of Bloomsburg, made their appearance in our streets on last Saturday, and discoursed some of their most excellent music; after which they paid a visit to the citizens of Epy, where they were received, no doubt, with kind hospitality.

NOTICE TO ALL.—E. P. LUTZ, Druggist, of Bloomsburg, has just received from Philadelphia another large and splendid assortment of (Paragon) COAL OIL LAMPS. Call and see them before purchasing elsewhere.

SPRINKLE ASHES.—The slippery pavement is easily rendered less disagreeable and dangerous by sprinkling coal ashes thereon. As ashes cost nothing and are easily swept off when the snow melts, it would be no bad thing if every one would try the experiment in front of their houses—that is, we mean, those who are fortunate enough to own houses.

By CARD in to-day's paper it will be seen that E. H. LITTLE, Esq., has removed from Berwick to this place, where he will attend to the practice of law. His office will be found in Court alley, east of the Court house; the room formerly occupied by the Hon. C. R. Buckwalter. He is Prosecuting Attorney of this county, and the duties of this office require him to be at the County seat a good portion of his time, hence his removal.

WHAT IS NEEDED.—We need for our dwellings more ventilation and less heat; we need more out door exercise, more sunlight more amusements, more holidays, more frolic, and noisier, boisterous mirth. Our infants need better nourishment than colorless mothers can ever furnish; purer milk than distilleries can manufacture; our children need more romping, less study. Our old men more quiet, and earlier relaxation from the labors of life. All men, both young and old, need less medicine and more good counsel.

OUR CARRIER thinks it necessary to notify his readers that he will be about on New Year's day with his annual message. He expects them to be prepared with a little of the "Ready John Davis," in the shape of "halves," quarters or "leaves." (Old shillings and quarters taken at full value.) He will introduce himself with a profound bow, done up in his well known and peculiarly graceful style, accompanied by the compliments of the season. The compliments of his exit will depend altogether upon the donations received. Look out for him, he certainly will be around.

DECEMBER, although the first of the dreary months, is really the happiest month of the year to a large portion of humanity.—For in this month comes all the mysterious emulsion of gift-making preparations. In this month the young folks are speculating largely upon their Christmas vocation and their visits from St. Nicholas, or their family festivities and merry makings of all kinds. In this month, a twelve-month's joys, and sometimes a twelve-month's sorrows, are summed up, and there is fresh talk of the ever-promised new leaf to be turned over. But serious thoughts and gloomy misgivings are in the minority in Dec., and there is always a happy determination to have at least "a new year." Consequently we can truthfully say, December is the happiest month of the twelve.

THE CASH SYSTEM.—We have determined, if possible, to do business upon the cash system. The losses which newspaper publishers have heretofore suffered by the promise-to-pay system, have been ruinous in the extreme. The leading journals all over the country are adopting the only safe plan that can be pursued, and demand payment in advance from subscribers. They enter no name upon their subscription books, unless it is accompanied with the cash, and whenever the money runs out the paper is stopped until another payment is forthcoming. An editor who has had long experience in the business, very forcibly remarks that it is rather amazing that any journal anywhere should be conducted on any other than the cash system. Credit is the inveterate scourge of American newspaper men, being utterly unknown to any other. Two-thirds of our newspaper men, who have been twenty years or more in the business, have enough due them from delinquent patrons, to make them comfortable for the rest of their days; yet they will never see ten per cent of it, while a good number of them will be bothered to raise the requisite dimes wherewith to celebrate the next 4th of July. By the way, unhappy brethren of the credit press, why not commemorate the next anniversary of National Independence by cutting loose from the sharks who eat out your substance? Just proclaim on that day that no man can have your paper thereafter unless he shall have paid for it, and you will have reason to bless the day and the deed evermore.

AMERICAN HOUSE. JOHN LEACOCK, Proprietor. Bloomsburg, Pa. The Proprietor of this well known establishment thankful for the liberal patronage heretofore extended him, takes this method of informing his friends and the public, that he has added considerable to the facilities of his house and is prepared to accommodate all those who may favor him with their custom. His house and its arrangements will be found to be in good order, and he hopes by a strict desire to please, to receive a full share of patronage. He has also good stabling and attentive ostlers. JOHN LEACOCK, Bloomsburg, July 21, 1858.

WATCHES. I beg leave to call the attention of my numerous friends and the public to the following:—Henceforth no watch will be charged more than from 50 cts. to \$1.25 unless on a special bargain. Anything in my line that can be done in the cities, you can get done here with perfect reliance. New Clocks and Watches will be offered at a very small addition to the wholesale price. If you break a glass in your spectacles or watch I have all kinds, also for short sighted, and in all instances you will find prices reduced. HENRY ZUPPINGER, Watchmaker and Jeweler. Bloomsburg, Nov. 2, 1859.

EQUAL TO GAS. Without the expense of gas fixtures. The above lamps (with all their fancy trimmings) can be seen and bought at the old established Drug and Chemical Store of the undersigned, who flatters himself that from his long experience in the Drug trade, he knows how and where to buy, and is determined not to be undersold by any one in Bloomsburg, or surrounding country. Call and see his new and well selected stock of DRUGS, MEDICINES & CHEMICALS, PAINTS, VARNISHES, DYE STUFFS, OILS, GLASS FROM 7x9 to 24x36, CONFECTIONARIES, PERFUMERY AND FANCY TOILET ARTICLES FOR LADIES & GENTS.

Yankee Notions, ever brought to this place, all of which please call and see, and you must believe. Having learned by sad experience that "four credits will not keep things moving," I have determined to

REDUCE PRICES. To cash buyers, to make it an object to them as well as the seller, to deal on the cash principle, either money or ready trade.

Having served a regular apprenticeship at the Drug and Apothecary business, besides having carried it on for the last eighteen years on my own stock, I flatter myself that I am able to do justice to all giving me a trial. Thankful to the public for past favors, I would ask a trial on the new principle, and will guarantee to all, that will make long friends, and pay best in the end to pay.

PHYSICIAN'S PRESCRIPTIONS carefully compounded, and all orders correctly answered. All medicines guaranteed as recommended. Store Room on Main Street, near Market, next door to the Post Office, Bloomsburg, Columbia county, Pa. EPHRAIM P. LUTZ, December 7, 1859.-ll.

PROCLIVIOR!

THE NEW YORK MERCURY FOR 1860.

The Largest Two-Dollar Weekly in the World!

AN INTELLECTUAL BANQUET FOR THE NEW YEAR.

In the annals of the Press there is no parallel to the brilliant success which has attended the career of The New York Mercury—giving it a proud position never before enjoyed by any paper whatever, and securing for it an almost unrivaled circulation.

The Mercury is by far the largest, handsomest, and cheapest literary Journal in the world—containing as much of the most brilliant, entertaining, instructive, and amusing reading matter in each of its weekly issues as will suffice to make a 12mo. book of 250 pages! It has the largest and most extensively organized corps of famous contributors ever drawn to the focus of any one publication. Its columns are adorned with the vivid and sparkling pen-pictures of the world-renowned poet traveler, the unequalled BAYARD TAYLOR, whose new series of California letters in The Mercury are as interesting as the most highly wrought romance, and whose immensely contributions have been secured, at a heavy cost, exclusively for The Mercury.

The leading current of American literature will also continue to be illustrated weekly by the inspired pencil of the greatest of American artists, FELIX O. C. DARLEY.

In the departments of Historical romances, domestic tales, moral, artistic, and humorous sketches, poetry, &c., all the old and justly famous contributors will be retained, with new accession from the highest walks of polite literature. The following noted authors are permanently engaged: Bayard Taylor, Dr. J. H. Robertson, J. A. Patton, Geo. Arnold, Felix O. C. Darley, Rev. R. M. Devens, W. O. Eaton, Curwin May Carleton, Ned Buntline, Joseph Barber, Mrs. M. E. Robinson, Capt. Jas. F. Alcorn, Geo. Marial, R. H. Newell, and a host of popular romancers and sketch writers.

The Mercury is the peculiar glory of every respectable fireside, and a fountain of intellectual pleasure, on account of the pure and moral tone of its tales and sketches.—Not a word of a sentiment is allowed to appear in it that would prove distasteful to the astiduous moralist, or wound the feelings of any class of readers.

The Mercury has the following specialties, which are original with it, and render it far superior to any other family paper in existence. There is the initialism newspaper's Club, with its witty, pungent, and side-splitting bits of humor, oddity, burlesque, and wit, contributed by some of the first humorists, lawyers, editors, and wits of the country, and eagerly copied by the Press from one end of the Union to the other; the Ladies' Promenade; the Dramatic and Musical Department; the Sketches of the amusing epicurean poet and finished scholar, "J. B.;" "The Floral Department;" and other novel features—to which new and still more brilliant ones will be added during the year 1860.

The initiation of the New Year will be signalized by the commencement of a splendid new novelette of the Empire City and the Sea, entitled

BERTRIDA. THE RED ROVER'S DAUGHTER; A New Alphabet of New York.

BY RED BUNTLINE. The first chapters will be published in The Mercury for Saturday, January 7th, 1860.—Now is the time to subscribe.

The New York Mercury is sold by all newsmen and periodical dealers in America. To subscribers it is regularly mailed every Saturday morning for \$2 a year; three copies for \$5; eight copies for \$12, with an extra copy free to the getter-up of the club. Six month's subscriptions received. Always write plainly the names of your Post Office, County, and State. We take the notes of all specie-paying banks at par. Payment may be made in advance for 12, 6, or 3 months. Specimen Copies sent free to all applicants. Address all letters and remittances, post-paid, to CAULDWELL, SOUTHWORTH & WHITE, Proprietors of The New York Mercury, 22 Spruce St., New York City. [Nov. 30, 1859.—6w.]

A MEDICAL REVOLUTION, The World Unanimous!

HOLLOWAY'S OINTMENT. THE GREAT COUNTER IRRITANT!

The virus of disease often makes its way to the internal organs through the pores of the skin. This penetrating Ointment, melting under the hand as it is rubbed in, is absorbed through the same channels, and reaching the seat of inflammation, promptly and invariably subdues it, whether located in the kidneys, the liver, the lungs, or any other important organ. It penetrates the surface to the interior, through the countless tubes that communicate with the skin, as summer rain passes into the fevered earth, diffusing its cool and regenerating influence.

SKIN DISEASES AND GLANDULAR SWELLINGS. Every species of exterior irritation is quickly cured by the anti-inflammatory action of this Ointment, viz: Erysipelas, such as salt Rheum, Erysipelas, Tetter, Ringworm, Scald Head, Nettle Rash, Scabies, (or Itch) &c., die out, to return no more, under this application. Hospital experience in the Paris of the West proves its infallibility in diseases of the skin, the muscles, the joints and the glands.

ULCERS, SORES, AND TUMORS. The effect of this unrivaled external remedy upon Scrofula, and other virtuous ulcers and sores, almost marvellous. It first discharges the poison which produces suppuration and proud flesh, and thus the cure which its healing properties afterwards complete are safe as well as permanent.

WOUNDS, BRUISES, BURNS, AND SCALDS. In cases of the fracture of the bones, injuries caused by steam explosions, Bruises, Burns, Scalds, Rheumatism, Stiffness of the Joints, and contraction of the sinews, it is employed and warmly recommended by the faculty. This marvellous remedy has been introduced by its inventor in persons into all the leading Hospitals of Europe, and no private household should be without it.

UNDEFINABLE TESTIMONY. The Medical Staff of the French Army, English Armies in the Crimea, officially signed their approval of HOLLOWAY'S Ointment, as the most reliable dressing for scalds, cuts, scabs, and gun-shot wounds. It is also used by the surgeons of the Allied Navies.

Both the Ointment and Pills should be used in the following cases: Blisters, Mercurial Eruptions, Burns, Rheumatism, Chapped Hands, Salt Rheum, Chilblains, Scalds, Fistula, Skin Diseases, Swelled Glands, Sore Legs, Sore Breasts, Sore Throat, Sore Throat, Venereal Sores, Sore of all kinds, Wounds of all kinds, &c.

CAUTION!—None are genuine unless the word "Holloway, New York and London," are discernible as a water-mark in every leaf of the book of directions around the medicine box; and every bottle will be plainly seen by holding the leaf to the light, & a reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing the same to be spurious.

Sold at the Manufactory of Professor HOLLOWAY, 80 Maiden Lane, New York, and by all respectable Druggists and Dealers in Medicine throughout the United States and the civilized world, in pots at 25 cents, 62 1/2 cents, and \$1 each.

Take the larger size. N. B.—Directions for the guidance of patients in every disorder are affixed to each pot. August 17, 1859.
