THE NEW YORK TRIBUNE

THE NEW YORK TRIBUNE
THE TRIBUNE—now more than eighteen years old, and having over Two Hundred Thousaud subscribers, or constant purchasers, diffused through every State and Territory of our Union—will continue in essence what it has been—the earnest champion of Liberty, Progress, and whetever will conducte to our national growth in vitrue, Industry, Knowledge, and Prosperity. It will continue to urge the emancipation not only of the Black laborer from chattelism, but of the White likewise from Land Monopoly, Intemperance, Ignorance, and that dependence on remote Markets which paralyzes exertions by denying to Toil any adequate and morally certain reward. Believing that the chief evil of our time is the mortinate mutiplication and disproportion of Non Producers, it will continue to war against whatever tends to degrade Manual Labor or deprive it of its just and full recompense. It will inflexibly commend the policy o winning hither from Europe the Useful Are, and, wherever they may be needed, the Artisans as well, for whose products our country is now running recklessly into debt, while our laborers roam in fruitless quest of employment, leaving their children in want of bread, though the farmer is too often compelled to sell his crops at most in adequate prices. In short, while battling against Filibusterism and every other manifestation of that evil spirit which seeks through the spoliation of other countries that agrandizement which is to be truly attained only through the due developement and cultivation of our internal resources, it will urgently advocate a more effectively discriminating Tariff, the Fieedom of the Public Lands, the construction of a Rail road from the ravigable waters of the Mississippi to those of the Pacific, and every other measure which seems to us calculated to enhance the dignity or the recompense of Labor and promote the well-being of Mankind.

Makind.

Having made arrangements for foller and more graphic reports of the doings of Congress, and of whatever else transpiring at the Federal Metropolis shall seem worthy of public regard, and having extended both our Foreign and Domestic Correspondence and strengthened our Editorial staff, we believe THE TRIBUNE may safely challenge a comparison with any rival, whether as an exponent of principles or as a reliable mirror of the passing world. We purpose not to be surpassed nor anticipated in the collection or presentation of intelligence, though we esche with a reputation for enterprise which is acquired by bribing messengers and clerks in public offices to connive at the premature public affices to connive at the premature publication of treaties or other official documents. We prize accuracy of statement quite as highly as promptitude, but endeavor not to sacrifice the latter while securing the former. Essentially, The Tribune will be what it has been, while we shall constantly study to improve its every feature, and "make each day a critic on the last." The general verdict of the Press and the Public has affirmed the success of our past labors, and those of the future shall be chracterized by equal earnestness and assiduity. We ask those who believe the general influence of our journal to be salourly to adu to in extending that influence through an increase of our subscriptions.

We, the undersigned citizens of St. Joseph, Mo., do hereby certify that the iron Safe belonging to C. E. A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparills, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:—

Scropula and Scropulous Complaints, Endersons and Emptrive Diseases, Uccress, Pishter, Blootches, Tosons, Salt Rekur, Scald Hard, Strhills and Strhillard, Affections, Mercurial Diseases, Duopen, Neuracions, Mercurial Diseases, Duopen, Neuracions, Mercurial Diseases, Duopen, Neuracions, Mercurial Diseases, Duopen, Neuracions of Str. Anthony's Fire, and indeed the whole class of complaints arising from Impurity of the bood at that season of the year. By the theology expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the sid of this remedy, spare themselves from the endurance of foul cruptions and ulcerous sores, through which the system will strive torid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, cruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse if when you find it is obstructed and sluggish in the veins; cleanse if when you find it is obstructed and sluggish in the veins; cleanse if when you find it is obstructed and sluggish in the veins; cleanse if whenever it is foul, and your feelings will tell you when.
