Democratic Nomination. FOR GOVERNOR. HON. HENRY D. FOSTER

The Republican Meeting.

OF WESTMORELAND.

The meeting of our Republican friends, held in this place, on Thursday last, was nothing to brag of in the way of display or numbers, considering the exertions used to secure a large turn out of the faithful, and in the way of spirit and enthusiasm, was certainly a most lame and impotent affair. I might be proper to style this meeting "a grand fizzle," but in order that the participents may feel highly elated over it, as long as possible, we will not do it. A good portion of the attendants were sound, faithful and working Democrats, who had nothing particularly to engage them upon that day, hence they went to the meeting to see "Andy" and hear what he had to say. Had this not been the case their meeting would have been beautifully small. The meeting was organized by appointing Col. Joseph Paxton, of Cattawissa, President, who soon made his appearance on the rostrum and treated his auditors to a brief diatribe on his favorite theme-"the tariff," slightly coupled with "the everlasting nigger." The Colonel's oratorical powers are not very great, but what he knows he knows just as well as anybody else and can tell it with as much force and meaning as any other stump speaker. Some were uncharitable enough to insinuate that his remarks done more harm than good. All we have to say, they were received with a solemnity befitting a funeral oration.

On the Colonel's making his bow and taking his seat, not amid great applause and enthusiastic cheering, Dr. D. H. B. BROWER, of the Montour American, was called upon to "fill up a small gap," who was "prompt to the call," in his usual familiar and easy style. He commenced by saying that he did not rise to make a speech, but to merely "fill up a small gap," which was occasioned by the yet non appearance of Mr. Curtin, and the briefness of the President's speech. Besides telling his hearers that this was a very important campaign, he cited a lew newspaper anecdotes, when his "gap" was completely "filled," and he

shoved off the track. He was followed by the would be Gover-

nor. Andrew G. Curtin. Mr. Curtin's text was the tariff, with a few slight variations upon which he dwelt long and learnedly .-Indeed, his mind seemed to be so exclusively occupied with the subject of "pro tection," that he forgot entirely to enlighten his audience as to how he stood on the "Chicago Platform" generally, and the "Dutch Plank" in particular. This over sight caused no doubt considerable fluttering among his Republican brethern, who confidently expected him to come out flat footed for the Republican nominees and platform. and some of whom it is said called on him after the meeting to "define his position." (We have reference to the meeting in the several sound Democratic prints some weeks afternoon, in particular.) Whether he did since. The following is the proposition: so or not, we are uninformed; but for anything that was contained in his speech, it is just as fair to infer that he is for Rell and Everett as that he is for Lincoln and Hamlin. And this, no doubt, was exactly the irapression he wished to create; but we apprehend he will discover that the political birds hereabouts are 100 old to be caught with such chaff. Take it all together the speech of Mr. Custin was rather a commonplace affair, using nothing higher than a school-boy's argument-remarkable for nothing save the dexterity with which it dodged unpleasant is-ues-and exceedingly characteristic of its slippery author. Like its redecessors, it fell as flat as a pancake and failed to elicit a single hearty cheer Altogether this meeting was one of the tamest and most spiritless political gatherings we ever witnessed; especially for one that so much speculation was made about; and afforded a sorry specimen of the enthusiasm which is said to prevail in favor of "Old Abe" and "Handy Andy" in stanch old Columbia. One thing we must say for HENRY D. FOSTER, with the respect of a

American missionaries, aided by the guards from the American Consulate, have brought away many poor, besieged and persecuted Christians, whose lives have been thus preserved; and the English vessels of war have picked up about 2000 fugitives, many wounded women and children, who had escaped to the sea coast, and there is still work for them to do.

I will here first state that I am only a poor man, and by my profession am a huckster. At the time above referred to,I came to Bellefonte on business. I had an excellent dog with me to guard my wagon. A number of boys began teasing the dog by running at him; and some went so far as to throw stones at him. So soon as the dog would defend himself against these unjust attacks, the ungodly boys ran into the houses; but no sooner had the dog again returned to his wagon, than the boys would also return and repeat the insult. Among these boys was the son of A. G. Curtin, who, being a little tardy in reaching the house, was caught by the dog at the leg of his pantaloons. The dog was at once recalled and tied in the stable belonging to the hotel, so as to prevent the boys from teasing him. Soon after that you came to me and asked me whether was my dog that caught your boy. I told you that you should keep a 'little cool,' and I would explain the matter; but you would not hear me, and walked off greatly excited, and returned with a REVOLVER in your hand and a crowd following you. Meeting at Danville. The handbills stated that the meeting would be held at 2 o'clock p. m. at the Court House. We wended our way thither at the appointed time, but finding no person there and no signs of a meeting, we strolled towards the "Rough & Ready" mill, where a crowd of men and boys were engaged in erecting a Lincoln and Hamlin pole, which, we discovered was rotten at the core, probably emblematic of the principles of the party. After this was got through with, the crowd were invited into the mill, which by the way was turned into Republican headquarters. Judge Kelly was not "thar," and Col. Curtin merely stating that he would speak in the evening, slipped out of the crowd, and left the "rising statesman of Pennsylvania," Simon P. Kase, to mount the Stump, who endeavored to enlist enthusiasm, for their cause by enquiring in thrilling tones of his body guard, the "Wide-Awakes," whether they were about. No response came up from the promiscuous crowd. Again he shouted at the top of his lungs, "Wide Awake's were are you?" cluded they wasn't wide awake, and he no las. doubt felt that he had got among a sleepy crowd.
