

STAR OF THE NORTH.

Bloomsburg, Wednesday September 19, 1860.

For Sale.—We notice that the *Anthracite Gazette*, of Tamaqua, is advertised for sale. The present proprietor is D. C. Reinhart.—We have been informed that the office is a very good one.

The Printer has been received for September. This publication is useful among the early and all should have it. We hope it is liberally supported. It is published in New York.

Religious Notice.—We are requested to give notice, that there will be preaching in the Baptist Church of this place, by the Rev. J. R. Shanley, on next Sabbath at half past 2 o'clock in the afternoon and early tangle in the evening.

Dev.—The dearth of local materials still continues, and is almost impossible to hunt up the wherewithal to amuse or instruct our readers. Unless there is an improvement in our town soon, we shall have to cave. We don't mind drinking out of an empty jug occasionally; but to be compelled to do so continually is rather dry work.

Real Estate For Sale.—The Executors of the estate of Cornelius Reinbold, late of Columbia county, deceased, offer for sale in the Star—a Tract of land containing one hundred and ten acres, with necessary buildings. This sale will take place on Saturday, the 27th day of October, next, on the premises in Locust township. The land is valuable; the larger portion of it being cleared and in a good state of cultivation.

Are You Assessed? Democratic voters! if you have any doubts about your name being to the assessor's list, go and see to it without delay. It is often the case that even the names of old residents are inadvertently left off the list.—Remember that all who desire to vote on the 9th of October next, must be assessed ten days before the election.

Fishermen's Hotel.—This is the name of a public house, under the supervision of Mr. Ezekiel Cole, located in Sugarloaf twp., Columbia county, close by Big Fishing-creek, and upon the public road. Mr. Cole keeps a tolerably good hotel—for that section of country it does first rate. He has a handsome new house, and from what we know is doing a snug business. The most important items about a public house are these: good beds, good and plenty of *cattles and drinkables*; all of which can be found at the Fishermen's Hotel, and that of the first order. Those going in his direction will please give him a call.

Congressional Conference. We have been credibly informed that the Congressional Conference of this District, composed of the Counties of Wyoming, Luzerne, Columbia and Montour, will meet at the Exchange Hotel, in this place, on Friday next, for the purpose of making a Congressional nomination. There will be three candidates before the Conference, Hon. Geo. Scott, Hon. H. B. Wright, and W. M. Platt, Esq. We will not speculate any in this notice as to the chances for a nomination of either of the candidates. Nominate a good man and he can be elected this fall without a doubt. We'll trust in the deliberations of this body.

Abuse of Public Men.—If those who are daily railing the President, or some member of his Cabinet, find themselves likely to exhaust their stock of invectives, they can renew their supply by the study of certain productions of their predecessors in the same vile business. In a publication now before us, issued in 1800, we find WASHINGTON charged with having "embezzled the public money," with being "knowingly perjured," being "a hypocrite," and with having "sacrificed the dearest rights of his country;" while the incumbent President was assailed for "having completed the scene of ignominy which Washington began." Here is an array of epithets ready made, and quite as ingenious as any which now blacken the pages of the Republican press.

"Everybody's Lawyer" and "The Family Doctor."—The above works, which are advertised in another part of our paper, are decidedly the best books of their class that have ever come under our notice. The publisher aiming to meet the wants of the million, and to supply them with books not of transient interest, but of real and permanent value, has spared no expense in the getting up of these works, the necessity for which are of constant recurrence in "everybody's" business and family. By the aid of judicious advertising they have already reached an enormous sale, and are now being anxiously sought for in every part of our land.

"Everybody's Lawyer." By FRANK CROSBY, Esq., of the Philadelphia Bar, is a handsome 12mo. volume, containing 384 pages, beautifully printed and illustrated. It gives full and complete forms, with directions and advice not only reliable, but written in so clear and distinct a style that it is hardly possible for a misunderstanding to occur.—There is scarcely any business contingency that it is not fully calculated to meet. It is equally adapted to all the States, and no one who consults its pages with care, can fail to become well posted in the laws of his country. We advise "Everybody" to buy it, for "Everybody" says it is a great book, and so say we.

"The Family Doctor." By Prof. Henry S. Taylor, contains simple remedies easily obtained for the cure of Disease in all forms. The great charm of this work also, is its complete simplicity, and the entire absence of all medical technicalities. It is appropriately illustrated, and gotten up in excellent style, and like the other, should be in "Everybody's" hands.

Two Dollars sent the Publisher will secure single copies of each book by return of mail.

GET THE BEST.

RAYMOND'S FAMILY SEWING MACHINE!

PATENTED MARCH 9, 1858. PRICE \$10 EACH.

MESSRS. ZUPPINGER & ROBBINS, of Bloomsburg, having purchased the exclusive right of the above valuable Improved Cheap Patent Sewing Machine, for the County of Columbia, will be happy to supply their friends with the article for the accommodation of themselves and families.

The following are some of the superior advantages it possesses, viz:

1. It sews from 400 to 600 tight stitches per minute.

2. Double thread Machines are from the more complicated character of their mechanism invariably managed and threaded with more or less difficulty; not so with RAYMOND'S, a child can manage it in two hours, and it is threaded easier than a common needle.

3. One of the most valuable features of this Machine, is the smallness and the compactness of its mechanism.

4. It can be attached to a board, table or stand, in operating order, and removed in less than half a minute.

5. It greatly economizes the thread, and yet produces a seam, sufficiently strong for any work for which it is intended, a qualification not known to all kinds of Sewing Machines.

6. No human hand is capable of producing a seam so regular and systematic. The seam is as perfect if well done, that the strongest material will tear before the seam will give way.

7. Among the array of Patent Sewing Machines, there are none so cheap and durable as RAYMOND'S Patent, but no Machine is adapted to all kinds of work as extensively as this. There are perhaps none so really useful, doing such a variety of work for the immediate use of the family circle, and at such a moderate price as RAYMOND'S PATENT.

8. The operator can shape his seam just as he pleases, waves, leaves, and flowers, etc., can be represented or imitated.

9. It is particularly adapted to the work of stitching—such as gentlemen's shirts, bosoms, ribbands, collars, etc.,—and all kinds of ladies' sewing, including silks, lawns, delaines, calicoes, dusters, etc., excepting for men's heavy wear, this Machine is rather too light of construction.

10. But we must admit, that the advantage to health, and principally to the vision or eyesight, induced by the use of Sewing Machines, surpasses infinitely all other advantages.

11. This Machine fastens the seam always itself, but if the operator wishes it unfastened or open, there is a way for it too, thus you can have it fastened or not, as you please, which is, sometimes, especially for beginners, a very favorable circumstance. If the seam is left unfastened, you can draw it out in three seconds and save the thread.

For sale by the undersigned, at their respective residences, in Bloomsburg, who will put the Machine in operation and give all necessary instruction.
