The Election - The Result.

We are under the impression that an elec. a union of the Bell-Everett and Douglas fion was held in Pennsylvania on Tuesday men with us, may, by zealous and wellof last week, in which we participated, directed efforts, enable us to turn back the practically, to the amount of one ballot- foul and turpid tide of Black Republicanand lost! The State Executive Committee.

A meeting of the Democratic State Execcalled to order by the Chairman, WILLIAM H. WELSIL, and upon his announcement the Committee was ready to proceed to business, when Capt. ALFRED DAY offered the following resolution:

Resolved. That this Committee do hereby rescind its action at Philadelphia on the 2d of July, and at Cresson the 9th of August last, and that we recommend to the Democratic party of Pennsylvania to stand by the Electoral ticket made by the Democratic State Convention at Reading on the 1st of March, 1860.

To which Mr. Isaac Leech offered an amendment. After the amendment was read, Mr. Carrigan offered an amendment to the amendment; but upon a vote being had the amendments were lost, and the question recurring upon the original motion, it was adopted with scarcely a dissenting voice. The Committee then adjourned.

More than Negro Equality Claimed.

The Boston Atlas, a leading Republican paper of the New England States, is hard down on the foreign born-especially the Irish. Hear the negro-worshiping editor :

"You-may take five thousand negroes as they come, and a thousand Irishmen in the same way, and you will find the negroes surpassing the Irishmen of Boston in intelligence, morality, industry, and good citi zenship. They are more thrifty, more orderly, and every way superior.

The above is in accordance with the late amendment of the Massachusetts Constitution, which disfranchises the adopted citizen for two years after he receives his full naturalization papers. Negro suffrage is above par in that State

The State Legislature.

The complexion of the next Legislature will not be quite as it was last winter. We have gained several members, but the Black Republicans will have a majority in both branches, as in the last body. The probable majority on joint ballot will be fifty-one. The two Democratic Legislative members in this District are triumphantly

The American Flag Fired by a Wide Awake

Torch ! While the Republican party all over the country has exhibited so little respect for the American flag that they were induced to blot out in 156 the stars representing the Southern States, we little conceived tha one among them could be found so utterly debased as to set fire to the American flag !-And yet this act of Vandalism was left fo a Wilkes-Barre Wide Awake to consum mate! On Friday evening last, the Demo crats held a meeting on the Court House Square which was addressed by Col. J. G Freeze, of Columbia county, Stanly Wood ward and E. B. Chase, E-grs., of Wilkes Barre. The meeting was well attended and all its doings were characterized by good order. A flag waved from the speak er's stand, which was allowed to remain there when the meeting adjourned. The Wilkes-Barre Wide Awake Club, which had paraded the streets early in the evening, went to Scranton, and returned about one or two o'clock in the morning. As these worthies approached the Square, one of them was seen to walk up to the stand where the flag was nailed, and deliberately by the company into the State Treasury. pole. MR. Epiron :- It may not be known to the literary world in general that there exists in the interior of Columbia county an institution yelepd "The Greenwood Literary Society." Such at least is the case, and many have been the glorious reunions l have had in the halls of Greenwood Seminotwithstanding his efforts in behalf of the Society. The active members, male and female, number two or three hundred. On last Saturday evening, I was present as usual, and heard the following question

bringing in the "nigger question," which composes the stock in trade of a majority of the members. The crowd was so dense outside, peering in at the windows and doors. At the least calculation four huntion being females and strangers. While Mr. Bound, the Opposition candidate for the business preliminary to the discussion was being transacted, the utmost decorum and observance of the rules of order were preserved, much to my astonishment. A of the affirmative, followed by Mr Schlicker on the negative. Mr. White was assisted by Messrs. Chandlee Eves, Whitmoyer, James Masters, Burgess, John and others while Mr. Schlicher was assisted only by two persons, Messrs. Ikeler and Brockway. The subject of "Tariff" was ably discussed on both sides, and the utmost couriesy was observed by all the speakers, Then came the "nigger question," which occupied the balance of the evening. Mr Ikeler, while speaking, was frequently interrupted by his opponents on the pretense of asking questions. Mr Longshore then made some able and lengthy remarks, but being closely pressed by Mr. Brockway, asserted "that he supported Lincoln because of his hostility to the South and her institutions; because Lincoln had and would scout at the decisions of the Supreme Court when contrary to his private opinions," and stated further that he (Longshore) was a Republican and would support both because they were pledged to the doctrine of negro equality, and though a Quaker, yet he would shoulder his knapsack and a Sharpes' rifle, and assist Lincoln in driving slavery from the land These sentiments met with the decided approval of the Republicans present. Mr Burgess announced before that the Dred

Scott decision was not binding upon him. Now, Mr. Editor, I advert to these facts to prove to you what a portion of the Republican party in our own county desire and believe. Now, candidly, how can Mr Lincoln, if elected, swear to support the Constitution of the United States, when he previously declares that he will not support the decisions of the Supreme Court, a body created by the Constitution, and whose duty it is to interpret it? He is expected also to war against slavery, and not to assist in carrying out the provisions of the Fugitive Slave Law, which, as a law abiding citizen alone, he should do. Wherever Republicanism is predominant, negro equality exists, and it is now proclaimed that it is wanted in Pennsylvania. Dr. Johc, if I mi-take not, stands committed to the same doctrines of Langshore, Burgess & Co.

But I do not much wonder at these treasonable doctrines, when I consider the history of the past; nor do I wonder at Dr. John's principles, when I consider that he was brought up among these same individuals. Sir, I am creditably informed that that very same Society of Friends which now exists at Millville and vicinity, were the head and front of Toryism, secreted arms for the enemy, and otherways injured the cause of freedom! Dr. John may well be proud of his ancestry! myself, have heard the Declaration of Inde pendence condemned and Washington scouted and jeered at. If necessary I could go on and show that these peaceable friends have been, and are the fomentors of more discord than any other sect. You now see why they support Lincoln and why Dr John is so bitter against the doctrines of Washington, Jefferson and other prominent

American statesmen. After the close of the discussion, other matters of business were attended to and then the crowd peaceably adjourned. TUYA SERVIDOR.

In your paper of to-day, you say: "We despise lying and misrepresentation in polities as much as in any other matter, and, the men who voluntarily engage in this kind of warfare are too little for our notice." Your friends say that the above is an allusion to me, and is intended for your reply to my remarks in a political meeting the evening before the election, when I read from your paper, where you speak so contemptuously of Irishmen, classing them

Mr. Appleman, the County Superintendent, took quite an active part in all the pro ceedings and manifested an earnest interest in the great cause in which we are engaged. We glory in his earnestness, and hope he will be crowned with success, and rewarded for his labors.
