The Electoral Ticket.

We congratulate the Democracy that the recent divisions in our ranks in regard to the Electoral ticket have ceased to exist. The State Executive Committee, at its meeting in Reading, repealed the resolutions heretofore adopted at Philadelphia and Cresson, which were obnoxious to a portion of the party, and resolved to recommend the party to support the Reading Electoral Ticket, without other instructions than those of the Convention that appointed it. This is satisfactory to all, and the Douglas State Committee have withdrawn the ticket heretofore presented by it, and recommended the Reading ticket to the support of their friends.

We are therefore now thoroughly united and go to battle in November in a solid body. Pennsylvania must, and can be carried by the Democracy, the only true organization in existence; and the only party that has stood up in this country.

The Democratic Party.

Founded upon the eternal principles of truth and justice, with the Constitution for its guide, the prosperity and perpetuity of the Union for its aim, the Democratic party has so far retained its integrity unspotted and its power unbroken. It is now, as it was in the days of old, the friend of civil and religious freedom, the friend of the people, the advocate of the great and simple truths which the Constitution embodies.—Prejudiced against no section of our common country—pledged to the support of no measure that does not insure equal and exact justice to all—enlisted, not in the cause of men but in defence of principles—it will enter the coming contest with the same consciousness of the final triumph of its cause which cheered it in former struggles—the consciousness that it is the cause of truth and justice. With the Constitution it arose, with the Constitution it has lived, and together with the Constitution it will die. The one cannot survive the other. Without the Constitution the Democratic party would be broken up; without the Democratic party, the Constitution would become in a day the foot-ball of fanaticism.

The Ohio Election.

From the official returns of the Ohio election, it appears that the Republican majority was 8,794. The Republicans have lost two Congressmen. As fourteen thousand negroes were permitted to vote under a decision of the infamous Judge Brinkerhoff, it will be seen that the majority against the Republicans was nearly six thousand. The equality of the races is of some use to the party there, but in New York the *Coveter and Enquirer* pretends that the Chicago platform recognizes no such principle. How do the Republicans of this State regard a victory won by negro allies?

The following paragraph is from the Cleveland Plaindealer:

"Full blooded negroes voted in several of the wards yesterday. At the second ward negroes as black as coal peddled tickets. Negroes hired carriages and carried white men to the polls. Negroes were everywhere. The refrain commencing:—
"Sheep's meat is too good for negroes?" is an absurdity. Here on the Western reserve roast beef is hardly good enough for them. They sit at the first table and white men are forced to lap up the crumbs at the second. That's the style here. That's what ails us. We have met the Africans, and we are theirs!"

THE VIOLENCE COMMITTEE, appointed by the late Chairman of the Standing Committee for Columbia county, should be actively and earnestly engaged in the support of the Democratic Electoral Ticket, formed at Reading. Every member of this Committee should do his duty—work hard until the election in November, and show to our enemies that the Democratic party in old Columbia is not disheartened, from our late defeat for Governor, nor disorganized in the least. We have the material in this county to give the Electoral Ticket 10000 majority, and with a little care and judicious management on the part of the party leaders, and this Vigilance Committee in particular, it can be done. See to it, at once, and a grand triumph is ours.

Goss's Lady's Book.—This standard ladies' magazine is before us for November. It contains two fine engravings—"Hail Columbia," and "Come along," a highly colored fashion plate, with the usual amount and variety of reading matter. The beautiful appearance of the Ladies' Book makes an ornament of the drawing room, and its interesting and useful reading matter.

The Result.

We need scarcely tell our readers, at this late day, that the result of the election in this State is unfavorable to the Democratic party. We frankly admit that we were never more sanguine of success and never more sadly disappointed. We thought we had made all due allowance for the unscrupulous activity of our opponents—their perfect organization—the amount of money to be used—their numerical strength, all these things we had noted; but it seems we omitted in our calculations an important item—the one that wrought our defeat—the amount of treachery in our own ranks. We were not prepared for this stab in the back. It is evident we have been slaughtered by the friends in our own household. The straight-out Douglas faction under the lead of the arch traitor Forney has again played us false and for the third time gives the State into the hands of the Republicans.—To the machinations of this faction we are indebted for our defeat. Their disorganizing efforts have once more stricken down the Democratic party and they are now rejoicing with the Republicans over their hellish work.

To say that we do not feel chagrined at the result would be sheer affectation, but to set down and lament over it would be folly. Let us close up our broken columns and go to work to retrieve what we have lost. We know the quarter in which the treachery lies and we may now, in some degree guard against it. Let the true Democracy of the country stand up manfully and battle it down. Let us, hereafter, hold no fellowship with traitors or those who are counseled or controlled by them. It is not yet too late to redeem the State if we purify our ranks of the traitors and disorganizers who still retain a foothold in the party for the purpose of doing mischief. Get rid of them and the Democratic party will again roll up one of her old fashioned majorities and come out of the contest triumphant. Let us cut off from the party every disorganizer who will not support the regular Electoral Ticket, formed by the Democratic State Convention, and no other. We will then cease quarreling among ourselves and be enabled to keep the organization of the party pure and undivided.

Democrats, be not disheartened—pick your flints and fire again—we are beaten but not conquered.

TO WORK, DEMOCRATS.

All the Democracy have to do is to go to work for the Electoral Ticket as formed at Reading, and the State is certain to be kept from out the hands of our enemies. It is less than a fortnight till the Presidential battle will be fought, and it is time for us to be preparing for the contest. Yet, in this time, much work can be accomplished, and if proper exertions are made and proper vigilance exercised to get out our voters to the polls, and to prevent the casting of fraudulent votes by the adversary, we can succeed in giving a far more encouraging complexion to the affairs than they received from the gubernatorial contest. All Clubs should meet regularly, and Committees, those powerful instrumentalities, without which but little can be accomplished, should not lose a moment.

Democracy is to-day the same as ever; the defender of the people, the foe of sedition, the guardian of the Union; it has given us all the prosperity we have as a people, all the honor we have in the eyes of the world, all the wealth we now possess, and all we can ever expect; all this has Democracy done for us, all this, it only is able to do in the future; then "what is it?" but our hermitage in time of peace, our shield in time of war, our refuge in the hour of danger, "our very present help in time of trouble." Democrats and friends of every faith and creed, think over these things.

The Next Congress.

Our readers will remember how much difficulty the Republicans had in electing a Speaker in the present House of Representatives. After a long time they succeeded in electing Gov. Pennington, of New Jersey, one of the most moderate of their stripe, by a bare majority. Well, according to the accounts which have reached us of the recent elections, two Democratic members have been gained in Pennsylvania and three in Ohio; total five, which, being deducted from the Republican side and added to the Democratic, will make a difference of ten votes against the Republicans, as compared with the present Congress. The Democrats have lost no member as yet, they might have gained three more in Pennsylvania, viz: in the 2d, 3d and 4th Congressional districts, if only the Democrats and Bell men had co-operated. But they chose to run separate candidates, and so were both defeated. The State of New York, which has but five members in the present Congress, including Clark, but not including Haskin and Reynolds, may easily gain half a dozen conservative members, if only the conservative men will unite on Congressmen, as they have on the electoral ticket. This they must not fail to do. We are glad to see that the National Democratic Volunteers (Breckinridge) are moving in this direction.

A GOOD PAPER FOR EVERY FAMILY.—All our readers may be acquainted with one of the most valuable agricultural and family journals in the country, now in its nineteenth volume. We refer to the American Agriculturist, which is a large and beautiful journal, devoted to the practical labors of the field, garden, and the household. It is prepared by practical men (and women) who know what they write about, and it gives a great amount of valuable information, useful not only to farmers, gardeners, stock-raisers, fruit growers, and those who have little village plots, but also to every family. We advise our readers to send \$1 to the publisher, Orange Judd, 41 Park Row, New York, and try the Agriculturist a year. A specimen copy can doubtless be had by sending to the publisher. Agricultural Fair.

The Columbia County Agricultural, Horticultural and Mechanical Association, held its Fifth Annual exhibition, at this place on Thursday, Friday and Saturday last week. The Fair Grounds of the Society are situated, as nearly everybody in the county knows, close by our town. Had the managers of the Society searched the county they could not have selected a more favorable spot, or one better calculated to bring forward the social qualities of the citizens of the town and county.

The weather during the three days of Fair was not very favorable. The first day was not a pleasant one, especially the forenoon. The last day, Saturday, it rained hard all day, thus materially interfering with the exhibition. The foot race and horse-trotting came off, on Saturday afternoon, in spite of all the rain and the bad condition of the course.

The display was very good in the buildings. The ladies of the town did not fail to display their handiwork. There could be seen evidences that the needle was not the only thing that was in use, the bread, preserves, cakes and eatables of all kinds, proved that good house keeping was part of their education, soaps, clothing flowers and indeed there was a little of every thing useful, ornamental and tasteful.

The exhibition of cattle was fine, numbering, perhaps, over fifty head of *Devons*, *Durkams*, and other grades. There were several very fine bullocks among the number. The show of sheep and hogs was also good. There were perhaps as many horses as cattle, and some very excellent ones.—The Farm implements were displayed to the best advantage, these being sufficient from this county to make a good show. Vegetables and fruit attracted much deserved attention. The fruit was really fine, no better ever exhibited in this part of the country. There is quite an improvement in our fruit.

On the whole the exhibition was good, and reflected much credit upon all concerned with it, particularly upon the managers who are the soul of the enterprise, and who have given much of their time and attention to it.

The good people of Columbia county understand the general principles of Agricultural Fairs much better than some of her neighbors. We have heard it repeatedly stated that this was the best Fair held this season within many miles of this place.

Who Support Breckinridge and Lane.

The following prominent and leading men of the country have already expressed their preference and are supporting the National Democratic nominees BRECKINRIDGE and LANE. It is excellent company to be in and no Democrat need feel ashamed of his political associates. Well and truly might Mr. BRECKINRIDGE say, in his recent speech at Ashland, "I am not ashamed of the principles upon which I stand. I am not ashamed of the reasons by which they are sustained. I am not ashamed of the friends that support me. I am not ashamed of the tone, bearing, and character of our whole organization." The masses can well rally to the support of our cause when they find it sustained by these pillars of the party all of whom support BRECKINRIDGE and LANE.

Fire and Thief Proof Chests.

[For the benefit of our business men we copy the following from the Williamsport Press.]
The manufacture and sale of fire and thief proof chests has become a business of immense magnitude; and although confined chiefly to one leading house in Philadelphia, sales of Philadelphia manufacture are now found in every part of the country. The great amount of security realized at so trifling a cost makes it a matter of immediate interest to every prudent business man. A certain degree of security can be had by insurance but the best insurance policy is imperfect where the books and papers are at the mercy of the devouring element, and this fact is so generally understood that no man who makes any pretensions to being a careful business man can afford to be without a proof safe, and hence the great extent of this department of manufactures. It may be objected that some "careful prudent men" will not risk the purchase of a so called safe which in the hour of trial must prove itself to be a cheat—an imposition and fraud upon the purchaser—and the objection comes with considerable force since irresponsible parties are engaged in the manufacture of them. Every reputable business attracts impostors and the manufacture of safes is not an exception.

Parties even from other cities have been attracted to Philadelphia by the well-earned reputation of Safes manufactured there, and to a certain extent have brought the business into discredit. But the man who purchases from a house long and well established, whose Safes have stood the test of time, and whose integrity, commands the confidence of the business community can run no risk. And it may not be out of place here to say that Messrs. EVANS & WATSON are without a rival in this department of trade. Their safe rooms at No. 304, Chestnut street, always contain a large stock, suited in style and prices, to every demand. Their Safes have, wherever tested, added to their well earned reputation, and whatever may be said of other manufactures, certain it is that Evans & Watson's Safes are what they purport to be, and he who seeks security, will not find it for a less price elsewhere.

Gen. Foster at Home.

The Hon. Henry D. Foster, late Democratic candidate for Governor, reached his home in Greensburg, on Wednesday last, and was met at the depot by an immense crowd of his fellow citizens, with a band of music, and escorted to his residence, where he was welcomed by Gen. Wm. A. Stokes, in an eloquent and cordial speech. Gen. Foster was loudly cheered and responded briefly as follows:
Gen. Stokes and My Friends:—It is impossible for me to express the deep gratitude which I feel for all your kindness. I am defeated, but I trust, not disgraced. I come among you again to live in peace, and I hope to show in the future, as in the past, my allegiance to the Democratic party, and my warm sympathy for my friends. During the whole contest just ended, I have assailed no man by word or act. I have neither said nor done anything which I regret, and I hope nothing for which my friends need blush. Firmly standing on Democratic truth, I gladly resume my place in the ranks of the party—ready to fight the common enemies of the Constitution and the country.

Accept, General Stokes, my heartfelt thanks for the too flattering terms in which you have expressed the feelings of our friends.
The Greensburg Democrat says:
No language is adequate to express the enthusiasm of our people in behalf of our great citizen and distinguished friend—Successful or defeated, Westmoreland will ever prove true to Henry D. Foster. He returns to us without fear and without reproach—the Bayard of Pennsylvania politics.

PETERSON'S MAGAZINE FOR NOVEMBER.—

Peterson's is a magazine for everybody. The most fastidious taste can find something in it to admire, and those who are not over-difficult to please, must see the agreeable, instructive and interesting, spread before them on every page. Who cannot find something to suit his fancy in some of the subjects filling up the pages of this number? Whoever he may be, we pity him; his soul would not find the smallest conceivable corner of the eye of a cambric needle. We have not space to mention the subjects and illustrations contained in this number. Terms, two dollars a year.

We have just received a copy of the *Girl's and Boy's Magazine*, published in New York for the special interest of the young folks. It is truly an interesting little work, and is deserving of a liberal patronage.
Holloway's Ointment.—The opinions of the Press.—Read it.—Sprains, Dislocations, &c. We take great pleasure in recommending this deservedly popular medicine to our friends and patrons in particular and to the public at large. We speak advisedly, being in a position to pronounce a reliable opinion from having used it at home, besides the economy of the article, as we have saved within the year more than one Doctor's bill, by having the Ointment on hand. We have tried opodeldoc liniments, embrocations and pain extractors without end, but for the immediate cure of Sprains, dislocations, wounds, bruises, cuts, burns, scalds, blisters, pimples, and cutaneous eruptions, we have found none so speedy or effectual as Holloway's Ointment.—*Herald.*

SHERIFF'S SALES.

BY VIRTUE of a certain writ of *Levari Facias*, to me directed, issued out of the Court of Common Pleas, of Columbia county, will be exposed to public sale, at the Court House, in Bloomsburg, on **Monday 3d day of December** next at one o'clock, in the afternoon of said day, the following property, to wit:

A certain piece or lot of land, which were of the Locust Mountain Coal and Iron Company, owners, and E. M. Heiner, contractor, a certain dwelling house two stories high, with a kitchen attached, one and a half stories high; the building is about thirty feet by twenty eight feet, and situate upon a certain lot or piece of ground, within the County of Columbia, and owned by the said Locust Mountain Coal and Iron Company, together with the hereditaments and appurtenances.
Seized, taken in execution and to be sold as the property of the Locust Mountain Coal and Iron Company owners, and E. M. Heiner, contractor.
