## HOLLOWAY'S OINTMENT.

BAD LEGS. BAD BREATS, SORES AND ULCERS.

All description of sores are remediable by the proper and diligent use of this inestimable preparation. To a tempt to cure bad legs by plastering the edges of the wound together is a folly; for should the skin unite, a boggy diseased condition remains underneath to break out with tenfold forv in a few days. The only fational and successful treatment, as indicated by hature, is to reduce the inflamation in and about the wound and ic soothe the neighboring parts by rubbing in plenty of the Ointment as salt is forced into meat.

DIPTHERIA, ULCERATED - SORE THROAT, AND SCARLET AND OTHER FEVERS.

Any of the above diseases may be cured by well rubbing the Ointment three times a day into the chest, throat and neck of the patient; it will soon penetrate, and give immediate relief. Medicine taken by the mouth most operate upon the whole system ere i's influence can be felt in any loeal part, whereas the Ointment will do its work at once. Whoever tries the unquent in the above manner of the disease named, or any similar disorders affecting the chest and throat, will find themselves relieved as by a charm.

PILES, FISTULAS, STRICTURES. The above class of complaints will be removed by nightly fomenting the parts with warm water, and then by most effectmake distribution of the balance in the ually rubbing in the Ointment. Persons suffering from these direful complaints should lose not a moment in arresting their progress. It should be understood that it is not sufficient merely to smear the Ointment on the affected parts, but it must be pointment on SATURDAY, the 24th day of | well subbed in for some considerable tim November, 1860, at 10 o'clock, A. M., at two or three times a day, that it may b move any hidden sore or wound as effectually as though palpable to the eye. There again bread and water poultices, after rubbing in of the Ointment, will do creat service. This is the only sure treatment for females, cases of cancer in the stomach, or where there may be a general bearing

INDISCRETIONS OF YOUTH :- SORES AND ULCERS. Blotches, as also swellings, neo, with certainty, be radically cured if the Ointment be used freely, and Pills be taken night and morning as recommended in the printed instructions. When treated in any other way they only dry up in one place to break out in another; whereas this Ointment will remove the humor from the system, and leave the patient a vigorous and BOOTS AND SHOES, healthy being. It will require time with he use of the Pills to ensure a lasting cure DROPSICAL SWELLINGS. PARALYSIS

> AND STIFF JOINTS. Although the above complaints differ widely in their origin and nature, yet they all require local treatment. Many of the worst cases, of such diseases, will yield in a comparatively short space of time when this Outment is diligently rubbed into the paris affected, even after every other means have failed. In all serious maladies the Pills should be taken according to the di-
