DRY GOODS

MARK THESE FACTS ! THE TESTIMONY OF THE WORLD.

HOLLOWAY'S OINTMENT.

BAD LEGS, BAD BREATS, SORES AND ULCERS.

All description of sores are remediable by the proper and diligent use of this inestimable preparation. To attempt to cure bad legs by plastering the edges of the wound together is a folly; for should the skia unite, a boggy diseased condition remains underneath to break out with tenfold tury in a tew days. The only retional and successful treatment, as indicated by nature, is to reduce the inflamation in and about the wound and te soothe the meighboring parts by rubbing in plenty of the Ointment as salt is lotced into meat.

DIPTHERIA, ULCERATED SORE THROAT, AND SCARLEF AND

OTHER FEVERS.

Any of the above diseases may be cured by well rubbing the Ointment three times a day into the chest, throat and neck of the patient; it will soon perferrate, and give immediate relief. Medicine taken by the mouth must operate upon the whole system ere its influence can be felt in any lotate to came forward and make payment cal part, whereas the Oniment will do its work at once. Whoever tries the unguent in the above manifer of the disease named, or any similar disorders affecting the chest and throat, will find themselves relieved as by a charm.

PILES, FISTULAS, STRICTURES.

The above class of complaints will be removed by nightly fomenting the parts with warm water, and then by most effectually rubbing in the Ointment. P. rsons suffering from these direful 'complaints should lose not a moment in arresting their progress. It should be understood that it is not sufficient merely to smear the Ointmerit on the affected parts, but it must be well rubbed in for some considerable time two or three times a day, that it may be taken into the system, whence it will remove any hidden sore or wound as effectually as though palpable to the eye. There again bread and water poultices, alter rubbing in of the Ointment, will do great service. This is the only sure treatment for temales, cases of cancer in the stomach, or where there may be a general bearing down:

INDISCRETIONS OF YOUTH ;- SORES AND ULCERS.

Blotches, as also swellings, und, with turned with a large stock of Goods for certaicty, be radically cured if the Ointment be used treely, and Pills be taken night and morning as recommended in the printed instructions. When treated in any other way they only dry up in one place to break out in another ; whereas this Omtment will remove the humor from the system, and leave the patient a vigorous and BOOTS AND SHOES, healthy being. It will require time with the use of the Pills to ensure a lasting cure DROPSICAL SWELLINGS, PARALYSIS
