

**MARK THESE FACTS!**  
THE TESTIMONY OF THE WORLD.

**HOLLOWAY'S OINTMENT.**

**BAD LEGS, BAD BREASTS, SORES AND ULCERS.**  
All description of sores are remediable by the proper and diligent use of this inestimable preparation. To attempt to cure bad legs by plastering the edges of the wound together is a folly; for should the skin unite, a boggy diseased condition remains underneath to break out with tenfold fury in a few days. The only rational and successful treatment, as indicated by nature, is to reduce the inflammation in and about the wound and to soothe the neighboring parts by rubbing in plenty of the Ointment as salt is forced into meat.

**DIPHTHERIA, ULCERATED SORE THROAT, AND SCARLET AND OTHER FEVERS.**  
Any of the above diseases may be cured by daily rubbing the throat and neck of the patient; it will soon penetrate, and give immediate relief. Medicine taken by the mouth must operate upon the whole system ere its influence can be felt in any local part, whereas the Ointment will do its work at once. Whoever tries the ointment in the above manner of the disease named, or any similar disorders affecting the chest and throat, will find themselves relieved as by a charm.

**PILES, FISTULAS, STRICTURES.**  
The above class of complaints will be removed by nightly fomenting the parts with warm water, and then by most effectually rubbing in the Ointment. Persons suffering from these distressing complaints should lose not a moment in arresting their progress. It should be understood that it is not sufficient merely to smear the Ointment on the affected parts, but it must be well rubbed in for some considerable time two or three times a day, that it may be taken into the system, whence it will remove any hidden sore or wound as effectually as though palpable to the eye. There is bread and water poultice, after rubbing in of the Ointment, will do great service. This is the only sure treatment for females, cases of cancer in the stomach, or where there may be a general bearing down.

**INDISCRETIONS OF YOUTH—SORES**  
night and morning as recommended in the printed instructions. When treated in any other way they only dry up in one place to break out in another; whereas this Ointment will remove the humor from the system, and leave the patient a vigorous and healthy being. It will require time with the use of the Pills to ensure a lasting cure.

**DROPSICAL SWELLINGS, PARALYSIS AND STIFF JOINTS.**  
Although the above complaints differ widely in their origin and nature, yet they all require local treatment. Many of the worst cases, of such diseases, will yield in a comparatively short space of time when this Ointment is diligently rubbed into the parts affected, even when every other means have failed. In all serious maladies the Pills should be taken according to the directions accompanying each box.

**Both the Ointment and Pills should be used in the following cases:**  
Ague, Dropsy, Bilious Complaints, Erysipelas, Blisters on the Skin, Fevers of all kinds, Constipation of the Bowels, Consumption, Debility, Inflammation, Swelling of the Liver, Lumbago, Piles, Rheumatism, Retention of Urine, Scrofula, or whatever cause, King's Evil, &c., &c.

**CAUTION!**—None are genuine unless the words "Holloway, New York and London" are discernible as a Water mark in every leaf of the book of directions and each pot or box; the same may be plainly seen by holding the leaf to the light. A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious.

\* Sold at the Manufactory of Professor Holloway, 80 Maiden Lane, New York, and by all respectable Druggists and Dealers in Medicines, throughout the civilized world, in pots, at 25c., 50c. and \$1 each.

There is a considerable saving by using the larger sizes.  
N. B.—Directions for the guidance of patients, in every disorder, are affixed to each box. October 10, 1860.

**RAYMOND'S FAMILY SEWING MACHINE!**  
PATENTED MARCH 9, 1858.

PRICE \$10 EACH.  
MESSRS. ZUPPINGER & ROBBINS, of Bloomsburg, having purchased the exclusive right of the above valuable Improved Patent Sewing Machine, for the County of Columbia, will be happy to supply their friends with the article for the accommodation of themselves and families. The following are some of the superior advantages this implement possesses, viz:

1. It sews from 400 to 600 tight stitches per minute.  
2. Double thread Machines are from the more complicated character of their mechanism invariably managed and threaded with more or less difficulty; not so with RAYMOND'S, a child can manage it in two hours, and it is threaded easier than a common needle.

3. One of the most valuable features of this Machine, is the smallness and the compactness of its mechanism.  
4. It can be attached to a board, table or stand, in operating order, and removed in less than half a minute.

5. It greatly economizes the thread, and yet produces a seam, sufficient strong for any work for which it is intended, a quality not known to all kinds of Sewing Machines.  
6. No human hand is capable of producing a seam so regular and systematic.—The seam is so strong if well done, that the strongest material will tear before the seam will give way.

7. Among the array of Patent Sewing Machines, there are none so cheap and durable as Raymond's Patent, not so Machine is adapted to all kinds of work as experience has proven. There are perhaps none so really useful, doing such a variety of work for the immediate use of the family circle, and at such a moderate price as RAYMOND'S PATENT.

8. The operator can shape his seam just as he pleases, waves, leaves and flowers, etc., can be represented or imitated.  
9. It is particularly adapted to all kinds of stitching—such as gentlemen's shirts, bosoms, ribbands, collars, etc.—and all kinds of ladies' sewing, including silks, lawns, delaines, calicoes, muslins, etc., excepting for many heavy wear, this Machine is rather too light of construction.

10. But we all admit, that the advantage to health, and principally to the vision or eyesight, induced by the use of Sewing Machines, surpasses infinitely all other advantages.  
11. This Machine fastens the seam all ways tight, but if the operator wishes it unfastened or open, there is a way for it, too, thus you can have it fastened or not, as you please, which is, sometimes, especially for beginners, a very favorable circumstance. If the seam is left unfastened, you can draw it out in three seconds and save the thread.
