

STAR OF THE NORTH, BLOOMSBURG, PA.

Wednesday Morning, January 9th, 1861.

The members to the Legislature from this District have our thanks for documents.

SHERIFF SALES—In the Star are several tracts of land advertised for sale under the directions of Sheriff Snyder.

The House of Representatives of Nebraska passed the bill prohibiting slavery in that Territory.

MARTZ & ENT'S FURNACE, at Light Street, is working nobly—turning out its usual quality of good iron every day.

The Bloom Furnace, after having suspended several weeks for the purpose of receiving repairs, commenced operation a few days ago.

REGISTRATION ACCOUNTS—Daniel Lee, Register of Columbia county, advises in our paper his accounts for February term of Court. In consequence of this being the short term there is not so many advertised.

The Commissioners of Columbia county, we are authorized to state, have made the following appointments, for the ensuing year. Attorney—John G. Freeze; Clerk—Robert C. Fruit; Mercantile Appraiser—Samuel Rimby, of Madison.

APPOINTMENT—We are pleased to announce that WILLIAM H. ENT, Esq., of this place, has been appointed by Major General Dana, of Wilkesbarre, to the important position in his Staff of Division Inspector of the 9th Division, composed of the counties of Columbia, Luzerne and Wyoming, with the rank of Lt. Colonel.

CHANGE—Jacob Lush has taken possession of the Saloon, formerly occupied by Adam Levert, in Robinson's brick, opposite the Exchange Buildings, Mr. L. having abandoned the business of keeping a lager beer saloon and removed to Pottsville for the purpose of engaging in a more lucrative and respectable employment.

GOVERNOR PACKER is entitled to our thanks for an early copy of his annual message, printed in pamphlet form. We are unable to lay it before our readers this week, but will publish it entire in our next. We have not read it as carefully as we intend we shall, but as yet we have come across nothing that we would have stricken out.

COUNTY SETTLEMENT—On Monday last the County Commissioners met at their office, in this place, for the purpose of making the Annual Settlement, of Columbia County, for the year 1860. The Auditors also met for the purpose of attending to their duties. The Statement, as made out by these officers, showing the receipts and expenditures, will appear in our paper in the course of a few weeks.

CHANGED HANDS—In looking over our exchanges we find that the Union Argus, published at Lewisburg, has changed hands, and what commands our attention more particularly is that, our young friend, Andrew H. DILL, Esq., formerly a resident of this county, has connected himself with I. M. BAUM in the publication of it. Success to them.

JACOB GIRTON, who is better known as "Koney," has taken possession of the Restaurant formerly occupied by Jacob Lush in the white frame building nearly opposite the Old Arcade. Mr. Girtion designs managing this Saloon in such a manner as to be able to command the best custom of the place. He is in daily receipt of Fresh Oysters, and constantly keeps on hand superior Ale. Taking into consideration his unfortunate state, (having lost a leg) he is more entitled to patronage than any of his competitors in the place.

PAPER CHANGE—Our young friends of the North Branch Democrat have placed their establishment into the hands of Rev. B. B. Emory, who is to issue the next paper under the title of the Wyoming Inquirer. We understand that the new proprietor will change the politics, [it has been Democratic heretofore] but "the tone of the paper will be conservative and temperate in the discussions of all political questions."—Success to the retiring as well as the incoming editor.

THE DAY recommended by the President for Fasting, Humiliation and Prayer, was not very generally observed, as it should have been, in this place. The different congregations felt disposed to reverence the day, and accordingly services were held in the several Churches; but the places of business did not regard the day in the least. Gentlemen all have their own opinions about these matters, but we emphatically say this was not right, the day should have been more generally respected, and those who talk so much about the President's praying had better devote a portion of their time in calling upon their Maker as his no doubt is a total stranger to these crack-brained party-men.

WORK STOPPED—We learn from our Danville exchanges that the Montour Iron Works of that place have stopped operation. The Proprietors were obliged, through the force of circumstances, a few days ago, to reduce the wages of their workmen, and this in a measure was the cause of their suspending operation, as many of the men refused to continue at work for a less recompense than they were receiving. Several hundred hands are thrown out of employment, with scarcely any thing to maintain them. Such a state of affairs cannot last long. It is thought however, that the work will be renewed presently. The wide awake portion of the town should not be allowed to suffer themselves to be taken in by the...

THE GLOBE,

OFFICIAL PAPER OF CONGRESS.

I publish now my annual Prospectus of The Daily Globe, and The Congressional Globe, and Appendix, to remind subscribers, and inform those who may desire to subscribe, that Congress will meet on the first Monday of next December, when I shall resume publishing the above-named papers.

The Daily Globe will contain a report of the Debates in both branches of Congress as taken down by reporters, equal, at least, to any copy of short-hand written in this or in any other country. A majority of them will reach, be able to report, reading, ten thousand words an hour, while the average number of words spoken by fluent speakers rarely exceeds seven thousand five hundred words an hour. When the debates of a day do not make more than forty-five columns, they will appear in The Daily Globe of the next morning, which will contain, also, the news of the day, together with such editorial articles as may be suggested by passing events.

The Congressional Globe and Appendix will contain a report of all the Debates in Congress, reported by the speakers, the Messages of the President of the United States, the Annual Reports of the Heads of the Executive Departments, the Laws passed during the session, and copious indexes to all. They will be printed on a double royal sheet, in book form, royal quarto size, each number comprising sixteen pages. The whole will make, in all, at least 2,000 pages. This is acknowledged to be the cheapest work ever sold in any country, whether a reprint or printed from manuscript copy, taking for data the average number of words it contains.
