HOLLOWAY'S OINTMENT.

BAD LEGS, BAD BREATS, SORES AND ULCERS.

All description of sores are remediable by the proper and diligent use of this inestimable preparation. To attmpt to cure wound together is a folly; for should the skin unite, a boggy diseased dondition remains underneath to break ont with tenfold tury in a few days. The only rationaul and successful treatment, as indicated by nature, is to reduce the inflamation in and about the wound and to soothe the neighboring parts by rubbing in plenty of the Ointment as salt is forced into meat.

DIPTHERIA, ULCERATED SORE THROAT, AND SCARLET AND OTHER FEVERS.

Any of the above diseases may be cared by well rubbing the Ointment three times a day into the chest, throat and neck of the patient; it will soon penetrate, and give immediate relief. Medicine taken by the mouth must operate upon the whole system ere its influence can be felt in any local part, whereas the Omment will do its work at once. Whoever tries the ongnent in the above manner of the disease named, or any similar disorders affecting the chest and throat, will find themselves relieved as by a charm.

PILES, FISTULAS, STRICTURES. The above class of complaints will be removed by nightly fomenting the parts with warm water, and then by most effectually rubbing in the Ointment. Persons suffering from these direful complaints should lose not a moment in arresting their progress. It should be understood that it is not sufficient merely to smear the Ointmer.; on the affected parts, but it must be well rubbed in for some considerable time two or three times a day, that it may be taken into the system, whence it will re move any hidden sore or wound as effectually as though palpable to the eye. There again bread and water poultices, after rubbing in of the Ointment, will do great service. This is the only sure treatment for females, cases of cancer in the stomach, or
