

MARK THESE FACTS!
THE TESTIMONY OF THE WORLD.

HOLLOWAY'S OINTMENT.
BAD LEGS, BAD BREASTS, SORES, AND ULCERS.

Any description of sores are remedied by the proper and diligent use of this inestimable preparation. To attempt to cure bad legs by plastering the edges of the wound together is a folly; for should the skin unite, a boggy diseased condition remains unremoved to break out with red fury in a few days. The only rational and successful treatment, sanctioned by nature, is to reduce the inflammation and about the wound and to soothe the neighboring parts by rubbing in plenty of the Ointment as salt is forced into meat.

DIPHTHERIA, ULCERATED SORE THROAT, AND SCARLET AND OTHER FEVERS.

Any of the above diseases may be cured by well rubbing the Ointment three times a day into the throat and neck of the patient; it will soothe, penetrate, and give immediate relief. Medicine taken by the mouth must operate upon the whole system ere its influence can be felt in any local part, whereas the Ointment will do its work at once. Whoever tries the ointment in the above manner of the disease named, or any similar disorders affecting the chest, and throat, will find themselves relieved as by a charm.

PILES, FISTULAS, STRICTURES.

The above class of complaints will be removed by the timely anointing of the parts with warm water, and then by most effectually rubbing in the Ointment. Persons suffering from these direful complaints should lose not a moment in arresting their progress. It should be understood that it is not sufficient merely to smear the Ointment on the affected parts, but it must be well rubbed in for some considerable time two or three times a day, until it may be taken into the system, whence it will remove any hidden sore or wound as effectually as though palpable to the eye. There again bread and water poultices, after rubbing in of the Ointment, will do great service. This is the only sure treatment for females, cases of cancer in the stomach, or where there may be a general bearing down.

INDISCRETIONS OF YOUTH—SORES AND ULCERS.

Bleaches, as also sweetening, use, with certainty, be radically cured if the Ointment be used freely, and Pills be taken night and morning as recommended in the printed instructions. When treated in any other way they only dry up in one place to break out in another; whereas this Ointment will remove the humor from the system, and leave the patient a vigorous and healthy being. It will be found that the use of the Pills to ensure a lasting cure.

DROPSICAL SWELLINGS, PARALYSIS AND STIFF JOINTS.

Although the above complaints differ widely in their origin and nature, yet they all require local treatment. Many of the worst cases, of such diseases, will yield in a comparatively short space of time when this Ointment is diligently rubbed into the parts affected, even after every other means have failed. In all serious malades the Pills should be taken according to the directions accompanying each box.

Both the Ointment and Pills should be used in the following cases:

Ague,	Dropsy,
Asthma,	Dysentery,
Bilious Complaints,	Erysipelas,
Bleaches on the Skin,	Femal Irregularities,
Bowel Complaints,	Fevers of all kinds,
Colic,	Fits,
Constipation of the Bowels,	Gout,
Consumption,	Head-ache,
Debility,	Indigestion,
Dropsical Swellings,	Inflammation,

Retention of Urine,	Tumours,
Serofa, or King's Evil,	Ulcers,
Scalds, or Scalds, or other whatever cause,	Veneral Affections,
King's Evil, &c., &c.	Weakness of all kinds,

CAUTION!—None are genuine unless the words "Holloway, New York and London," are discernible as a Water mark in every leaf of the book of directions are on each pot or box; the same may be plainly seen by holding the leaf to the light. A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicine or getting the same, knowing them to be spurious.

RAYMOND'S FAMILY
SEWING MACHINE!
PATENTED MARCH 9, 1858.

PRICE TO EACH.
Messrs. ZUPPINGER & ROBBINS, of Bloomsburg, having purchased the exclusive right of the above valuable Improved Cheap Patent Sewing Machine, for the County of Columbia, will be happy to supply their friends with the article for the accommodation of themselves and families.

The following are some of the superior advantages (this implement possesses, viz: 1. It sews from 400 to 600 tight stitches per minute.

2. Double thread Machines are from the more complicated character of their mechanism invariably made and threaded with more or less difficulty; not so with RAYMOND'S, a child can manage it in two hours, and it is threaded easier than a common needle.

3. One of the most valuable features of this Machine, is the smallness and the compactness of its mechanism.

4. It can be attached to a board, table or stand, in operating order, and removed in less than half a minute.

5. It greatly economizes the thread, and yet produces a seam, sufficiently strong for any work for which it is intended, a qualification not known to all kinds of Sewing Machines.

6. No human hand is capable of producing a seam so regular and systematic. The seam is so strong if well done, that the strongest material will tear before the seam will give way.

7. Among the array of Patent Sewing Machines, there are none so cheap and durable as Raymond's Patent; but no Machine is adapted to all kinds of work as experience has proven. There are perhaps no so really useful, doing such a variety of work for the immediate use of the family circle, and at such a moderate price as RAYMOND'S PATENT.

8. The operator can shape his seam just as she pleases, raised, or flat, and flowers, &c., &c. as she may desire.

9. It is particularly adapted to all kinds of stitching—such as gentlemen's shirts, bosoms, risbands, collars, &c.—and all kinds of ladies' sewing, including silks, lawns, delaines, calicoes, muslins, &c., excepting for men's heavy wear, this Machine is rather too light of construction.

10. But we all admit, that the vision to health, and especially to the advantage of sight, induced by its use of Sewing Machines, surpasses infinitely all other advantages.

11. This Machine fastens the seam all by itself, but if the operator wishes it unfastened or open, there is a way for it too, thus you can have it fastened or not, as you please, which is, sometimes, especially for beginners, a very favorable circumstance. If the seam is left unfastened, you can draw it out in three seconds and save the thread.

For sale by the undersigned, at their respective residences, in Bloomsburg, who will put the Machine in operation and give all necessary instruction.
