

WM. H. JACOBY, EDITOR.

BLOOMSBURG, WEDNESDAY, MAY 1, 1861.

Call and Settle.

We are compelled to call upon all persons indebted to us, to make payment as soon as they conveniently can.

THE WAR.

The gentlemen who have charge of the Southern Press assume against their reason and good judgment that the war is one waged against the South by the Government.

The people of the Northern States never would have allowed coercion to be used towards the Gulf States if they had acted with the slightest regard to decency.

They equally mistake if they suppose now that we intend to subjugate the South, so that we may rule over them.

We do, from our hearts, pity those of their people who see and appreciate the raciality of the movement, and who are cowed down by a ruthless mob.

THE SOUTHERN CONFEDERACY.—It would appear that Jeff. Davis, was President of the Southern Confederacy if we were to acknowledge such an one in existence.

CHANGE OF TIME ON THE CATAWISSA RAILROAD.—The managers of this road have changed the running of the trains.

Those of our friends wishing to travel over this road will do well to bear this change of time in mind.

Action!—Action!

Never has there been a time in the history of our Government when more decisive action is needed than at the present, and yet it does seem that imbecility and dogged slowness mark every movement on the part of the Government.

The best and ablest Generals in the service appear to be kept in a state of inactivity, and the highway to our capital is impeded by a host of insurgents.

The Union Feeling in Maryland.

All is not lost in Maryland. We have before us a copy of several resolutions, which were passed by the Cecil county Union Convention, in town of Elkton, on April 23.

The cry of "No coercion" is declared to be the auxiliary and hand maid of Disunion, and the defence of the country is declared to be the duty of the citizens.

By the Associated Press from Perryville we are told that the most indubitable evidence have been received of a powerful reaction in the city of Baltimore.

THE MILITARY.—The two military companies, which are holding themselves in readiness, at this place, to respond to the call of the Governor, attended religious services at our different Churches, four times upon last Sabbath.

A DISAPPOINTMENT.—The Snubbery Guards, Captain J. Schindel Gobin, came here with more than the requisite number of men, and on being mustered into the service yesterday, seventeen of them were rejected.

THE Southern troops are all marching to the mouth of Aquia Creek, where it empties into the Potomac, where a grand concentration of the Confederate army will take place, preparatory to marching upon Wash-

The Right Talk.

The Boston Journal, a Republican paper, duly appreciates the position of the Democracy at this time, and does justice to their motives. It says:— "We are proud to acknowledge the patriotic intemperance of our Democratic brethren in this crisis, and we shall consciously do nothing to diminish or discourage it."

In times of public excitement like the present, it should be the first business, as it is the first duty, of every good citizen to maintain a due respect for law and order at home.

FRANK LESLIE'S MONTHLY.—Mr. Leslie has fulfilled his promise, and his Monthly Magazine has come to us in a new and beautiful dress.

Sam Curtin.

It was our intention some days ago to offer a few remarks on the loose and apparent reckless and careless manner in which things are conducted at Camp Curtin.

THE MAY number is emphatically the most beautiful one yet issued, and must attract a large list of new subscribers.

MARYLAND.—The union sentiment in the State of Maryland is encouraging; the secessionists and mobites have not yet got the State in their control, nor are they likely to from the present aspect of affairs.

THE following is a copy of Major Anderson's despatch to the Secretary of War:— "Having defended Fort Sumpter for thirty-four hours, until the quarters were entirely burned, the main gates destroyed by fire, the gorges wall seriously injured, and the magazine surrounded by flames, and its door closed from the effects of the heat, four barrels and three cartridges of powder only being available, and no provisions but pork remaining, I accepted the terms of evacuation offered by General Beauregard, being the same as were offered by him on the 11th instant, prior to the commencement of hostilities, and marched out of the Fort on Sunday afternoon, the 4th instant, with colors flying and drums beating, bringing away the company and our private property, and saluting my flag with fifty guns."

A Quaker merchant in New York said to one of his clerks:—"Well, friend, is this willing to enlist?" "I have thought of it," replied the clerk, "but hesitated because I feared to lose my situation."

GOOD.—Mr. Dean Peabody, of Lynn, presented the Light Infantry of that place with \$400, and to each officer he gave a silver

The Flag we Fight Under?

Now that we are in the midst of a war, we see no other honorable course for patriotic and national men but to sustain the constituted authorities of the country in the exercise of their legitimate authorities; to keep up the public credit; to let the heart swell with honor and gratitude toward the brave who bear worthily on and up the flag of our nation.

We have been of the opinion that if a different course had been pursued, all these difficulties could have been adjusted without recourse to the sword.

Our motto is: OUR COUNTRY—OUR WHOLE COUNTRY, OUR UNION AND OUR CONSTITUTION.

Our Country's Flag—it has ever been sustained by a true and loyal Democracy, who have been its bulwark and defence in every peril.

Over a Union of hearts and a Union of hands, Over a Union of trade and a Union of lands, Which factions may ne'er again sever;

Camp Curtin.

It was our intention some days ago to offer a few remarks on the loose and apparent reckless and careless manner in which things are conducted at Camp Curtin.

This miscellaneous, disorderly condition of things brings me to a point where the sharp criticism of the public press can alone remedy an accumulating and crying evil.

Not only will such indulgence prevent any rigidity, and therefore, excellence of drill, but it will tend to make the soldiery idle, listless, careless, unambitious of any achievement beyond the mere momentary pleasures of the hour.

Requisition upon Gov. Curtin for more Troops.

THE General Government has made a requisition upon Gov. Curtin for twenty regiments of infantry, and one of cavalry—making a total of thirty-eight regiments from this State, and a grand total of 29,500 men.

The Governor, we understand, will recommend in his Message the formation of ten regiments as a reserve, to be brought out, should occasion require it.

A correspondent of the Siecle Paris, the government organ of France writes from Tunis, Algiers, as follows:—

Our College of philosophers at home, may, and probably do accomplish a great deal for the cause of science, but the Americans are the people to turn these discoveries to practical account.

We are happy to inform our readers that these superior medicines which the Emperor's principal Province is obliged to get from America may be had by our neighbors at all the Drug Stores in Bloomsburg.

FUN AMONG THE SOLDIERS.—The Pittsburg soldiers quartered in the Capitol yesterday morning amused themselves by organizing both branches of the Legislature and passing sundry important laws.

A correspondence, of which the following is the substance, is said to have passed between Governor Hicks of Maryland and Governor Sprague of Rhode Island, on Friday or Saturday of last week.

We learn that the Government has contracted with the Hamburg Steamship Company for the transportation of the United States mails from New York to Hamburg.

Holloway's Pills and Ointment.—A word to our fair readers—Health the basis of beauty—clear complexion is not only essential to female loveliness but it is equally an external evidence of health—while sallowness, pimples and all cutaneous eruptions are indicative of a disturbed condition of the stomach and liver.
