Scrofula and Semfalous Affections, such as Tumors, Ulers, Sores, Eruptions, Pimples, Pusules, Blotches, Boils, Blains, and all Skin Diseases. OAKLAND, Ind., 6th June, 1859.

J. C. ATER & Co. Cents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scriptons infection, I have suffered

Having inherited a Scrifelous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my bands and arms; sometimes it turned inward and disressed me at the stomach. Two years ago it broke out or my head and covered my scalp and ears with one sore, which was painful and leathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small does of a teaspoonful over a it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully. Yours,

ALFRED B. TALLEY.

St. Anthony's Fire. Rese or Eryslpelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy. Dr. Robert M. Proble writes from Salem, N. Y., 12th Sept., 1859, that he has cured an inveterate case of Dropsy, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous Malignant Ergsipelus by large doses of the same; says he cures the common Eruptions by it constantly. Bronchocele, Goltre or Swelled Neck. Zebulon Sloan of Prespect, Texas, writes: "Three bot-tiles of your Sarsaparilla cured me from a Gitte—a hid-eous swelling on the neck, which I had suffered from over two years."

Leucorrhea or Whites, Overian Tumor, Uterine Ulceration, Female Diseases. Dr. J. B. S. Channing, of New York City, writes; "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in Female Diseases of the Scrofulous diathesis. I have cured many inveterate cases of Leucorrhea by it, and some where the complaint was caused by ulceration of the ulcrus. The ulceration itself was soon cured. Nothing within my knowledge counts it for these female decomposition. ation itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes, "A dangerous occurian temor os one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After laking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease. NEW ORLEANS, 25th August, 1869. Dr. J. C. Aven: Sir, I cheerfully comply with the re-uest of your agent, and report to you some of the effects

I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wenderful in the cure of Feneral and Mercarried Discass. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his meuth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by sec-ondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so senstive to the weather that on a damp day she suffered ex-cruciating pain in her joints and bones. She, too, was cured entirely by your Esraparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours, G. V. LARIMER, M. D.

Rheumatism, Gont, Liver Complaint. INDEPENDENCE, Preston Co., Va., 6th July, 1859.
DR. J. C. ATER: Sir, I have been afflicted with a painful chronic Hheumatism for a long time, which buffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Saraparilla. One bottle cured me in two weeks, and restored my general beaith so much that I am far botter than before I was atteched. I tbink it a wonderful medicine. J. FRHAM at a low figure for ready pay. Our stock Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years an affection of the Liver, which does not truly health. I tried every thing, and every thing

failed to relieve me; and I have been a broken-down man for some years from no other cause than decongement of the Liver. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sursaparilla, because he said he knew you, and any thing you made was worth trying. By the blees-ing of God it has cured me, and has so purified my blood to make a new man of me. I feel young again. The best that can be said of you is not half good enough." Schirrus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of the Bones.

A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them. Dyspepsia, Heart Disease, Fits, Epilep-

Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond it reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral, FOR THE RAPID CURE OF Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Con-sumption, and for the Relief of Consumptive Patients

in advanced Stages of the Disease. This is a remedy so universally known to sorpass any other for the cure of threat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmenary disease, have made it known throughout the civilized nations of the earth. Few sre the communities, or even families, among them who have not some personal experience of its effects some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the vir-toes that it did have when making the cures which have won so strongly upon the confidence of mankind.

WITMER'S BRIDGE, Lancaster Township, July 30, 1860.

Messis, EVANS & WATSON : Gentlemen-The small size No. 1 Salamander Sate which I purchased from your agent, Mr. Adam R. Barr, in Lancaster City, on July 20th, 1858, has been subjected to a very severe test, which it withstood in a most satisfactory manner. This Safe, containing all my books, tegether with valuable papers belonging to myself and some to my neighbors and friends, and representing a value of over Twenty Thousand Dollars, [\$20,000] was in my Mill which was destroyed on the night of the 27th of July, 1860, and passed through the fiery ordeal unscathed The Safe was on the second floor, and fell to the basement of the Mill, and was subjected for six hours to an intense heat among the ruins, which was greatly increased by the combustion of a large quantity of grain confined within the brick walls. After the fire the Safe was opened and the books and papers taken out in a state of perfect preservation, the paper not even being discolored. This fact was, however, to many, bystanders a better recommendation of your Safes than

Owego, N. Y., March 27, 1860. Gentlamen-It affords me much pleasure o inform you that the Safe No. 5, [upright] which I purchased of B. Stroud, your Travelling Agent, has passed through an exceedingly hat fire in a three story brick building, which heated the Safe to a white heat, so that the corners of it appear melted; but it preserved my books and valuable papers to the amount of several thousand dollars, for which I feel thankful.

Yours, Respectfully. J. N. ELDRIDGE.
