DIVIDENDS -The Milton Savings Bank, the Bank of Northumberland and the Lewisburg Bank, have declared a semi annual dividend of 4 per cent each; and the Bank of Danville, 5 per cent. The Milton Bridge Company a dividend of one dollar per share.

CAMP CURTIN .- There was a grand review of the troops at Camp Curtin yesterday afternoon by Capt. Ricketts, the officer of the day. The soldiers, although without arms or equipments, made a very imposing display .- Patriot.

THEY WON'T SERVE THAKE YEARS .- A number of troops from Potter Tioga, Bradford, and Susquehanna counties, who supposed they enlisted for three months, have gone home, because they were unwilling to go for three years. It is said that 200 from McKean and Potter counties returned home within a week from Harrisburg.

New MILITARY CAMP .- A new military Camp is about to be formed near Harrisburg, under the auspices of the General Government, and its location will most probably be on the farm of Col. WELLS Co-VERLY, on the ridge east of that city. Negotiations for its lease are now being conducted by Capt. M'LEAN, of the U. S. A .-The camp is intended to be a permanent

A Harrisburg paper states that "while thirteen appointments, foreign and domestic, have been given to the editors and attaches of the New York Tribune, not a single man connected as editor or correspondent, has volunteered to fight. The men fight."

Caution .- Let all farmers, truckers and growers of eatables generally, plant an ex tra field of corn this Spring, or those who have no fields let them plant an acre or so of potatoes, turnips, &c. Dig up an ex tra patch, tillers of the soil, plant and raise something eatable. Remember that there will be 150 000 thousand men in the army this summer, all of whom must be fed. Let producers take the hint and make money.

CAMP CURTIN .- We learn that many improvements have been made at Camp Curtin, within the last few weeks, which add much to the health and comfort of the troops, as well as to the convenience of the place for military purposes. There has been a spacious building erected for Hos pital uses, and a large number of huts for soldiers quarters.

THE GROWING CROPS .- We have intelligence from nearly all parts of the Northern and Western States in regard to the growing crops, and the accounts are in every way flattering. With the exception of the truit crop, which in some sections has been con sidereably damaged by late trosts and bleak winds, the prospect is encouraging, and the yield will probably exceed the average.

FOR THE WAR .- Henry Croop, of Light Street, Jesse Wampore, of Orange, and Philip Beidleman, of Mt. Pleasant, all members of the Light Street Artitlery, left on Monday last for Northumberland, where they expected to join James TAGGART'S Company, in which they had enlisted for the war. The company is expected to move on Thursday, to morrow, for Camp Curtin. These young men appeared as if they might make excellent soldiers. Success to them.

Horses Runaway .- On Saturday last, a couple of horses attached to a carriage, belonging to Mr. Appleman, who lives near the Irondale Franace, while standing at a post in front of Philip Unangst's shoe shop, became frightened at a company of little boys who were on a parade, and runaway, doing no particular damage as far as we could learn, save smashing up the vehicle pretty completely. The horses were both young ones, not accustomed to military

His Diplomas hang in his office.

FLEHING PARTY -Messrs. Hurly, Clark and Sheriff Snyder, of this place, started upon a Fishing excersion on Monday last, bound for the head waters of Fishingereek, where they will remain nearly a week, hauling out and luxurating upon the good qualities, of the "specked beauties." They are all fishermen bearing such a reputation that if we were a fish in a stream visited by them we should want to be snugly quarter-ed under a large rock or root so as to not see their "false bait." We would suppose they were in the midet of the best fishing

AYER'S Sarsaparilla

FOR PURIFYING THE BLOOD. And for the speedy cure of the following complaints: Scrofula and Scrofulous Affections, such as Tumors, Ucers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

J. C. Aven & Co. Gents: I feel it my duty to ac-thowledge what your Sarsaparilla has done for me. Having inherited a Scroulous infection, I have suffered Having inherited a Scrothlous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distlessed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tred many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small loses of a tenspoonful over a month, and used almost three bottles. New and healthy akin soon began to form under the scab, which after a month, and used almost three bottles. New and nearthy skin soon began to form under the scab, which after a while fell off. My skin is new clear, and I know by my feelings that the disease has sone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully.

Leucorrhea or Whites, Orarian Tumor, Dr. J. B. S. Channing, of New Yok City, writes; "I most cheerfully comply with the request of your agent in maying I have found your Sarsaparila a most excellent alterative in the numerous complants for which we employ such a remedy, but especially in Female Discuss of the Scrofulous diathesis. I have creed many inveterate cases of Lencorrhea by it, and som where the complaint was caused by ulceration of the terus. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangenents."

Edward S. Marrow, of Newbury, Ala, writea, "A dangerous ovarian tumor on one of the femals in my family, which had defied all the remedies we cold employ, has at length been completely cured by your fatract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it Uterine Ulceration, Fenale Diseases.

Sarmparilla as the last resort before cuting, and it proved effectual. After taking your remedicipht weeks Syphilis and Mercurial Disase. DE. J. C. Aven: Sir, I cheerfully comply with the I have certainly compay with the request of your agent, and report to you some of he effects.

I have cured with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have bund its
effects truly wonderful in the cure of Venereal and Mercurial Disease. One of my patients had Syphilits ulcers
in his throat, which were consuming his palate and the
top of his mouth. Your Sarsaparilla, steadily taken,
cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceratien had oudary symptoms in his nose, and the ulceratin had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparille, the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who hadbeen treated for the same disorder by mercury was suffring from this poison in her bones. They had become sean-sitive to the weather that on a damp day she suffer excruciating pain in her joints and hones. She, too, was cured entirely by your Sarsaparilla in a few weeki I know from its formula, which your agent gave me, hat this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable resum with it have not surprised me.

Fraternally yours, G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint INDEPENDENCE, Preston Co., Va., 6th July, 1859. Dr. J. C. Aver: Sir, I have been afflicted with a painful chronic Rheumalism for a long time, which bailled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM. Jules Y. Getchell, of St. Louis, writes: "I have been fillicted for years with an affection of the Liver, which lestroyed my health. I tried every thing, and every thing hiled to relieve me; and I have been a broken-down man for some years from no other cause than derangement of the Liver. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparilla, because he said he knew you, and any thing you made was worth trying. By the bleas-ing of God it has cured me, and has so purified my blood as to make a new man of me. I feel young again. The as to make a new man of me. I feel young again. The best that can be said of you is not half good enough."

Schirrus, Cancer Tumors, Enlargement, Ulceration, Carles and Exfoliation of the Bones. A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Eptlepsy, Melancholy, Neuralgia Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have wen so strongly upon the confidence of mankind.
